In a world of childhood secrets and tabloid scandals, is falling for the bad boy of British art as risky as it is raunchy? When artist Eva Catesby is invited to an exhibition in honour of art world enfant terrible Daniel Scott, she's expected to follow the crowd and sing his praises. Instead she tells him what she really thinks and sparks fly. As they plunge headlong into a wild affair, Eva becomes the target of unwanted attention from an unseen enemy. Daniel Scott is famous for his paintings. Filled with darkness and tormented imagery, his canvases are as

mysterious as his background. Until he meets Eva, Daniel is a stranger to criticism and doesn't know what it means to fall in love. Can Eva help Daniel overcome his childhood demons or will a fatal secret from the past destroy their future?

New and Improved! This book now features more coloring pages, and a larger variety of ocean friends and new ocean treasures. Many of the pages don't feature backgrounds because this is a basic coloring book for kids, however we decided to feature more backgrounds, fish

and other ocean trinkets on some of the new pages. You can get an idea of what some of the images look like in this book by looking on the back cover and exploring the "Look Inside" feature. Explore the magical underwater world of mermaids and their ocean friends. This coloring book was designed for children, but many grown-ups are sure to like the designs as well. As you turn the pages you'll see ocean treasures, underwater castles, whales, fish friends and beautiful mermaids with dolphins and other sea creatures. Many of the designs are centered on the page or located near the bottom. Some designs feature ocean scenes in the background, but the majority of the designs only feature one or two main characters on the page. There is plenty of room for doodles and additional drawing. We encourage kids to draw their own ocean scene around the mermaid or they can keep this area blank and just focus on coloring their favorite mermaids. The images become more advanced towards the end of the book. This book makes a great keepsake for a child who loves mermaids or the ocean. Single-Sided Pages Large 8 X 11 Soft Matte Cover PLEASE NOTE: This book is intended for colored pencils or crayons. Some markers may bleed through the page. We recommend putting a piece of paper behind the image you want to color, if you decide to use markers. Please click on the "Look Inside" feature or the back cover to view some of the designs in this book. Feel free to check out our other listings. We design doodle diaries, nature journals and more!
