Christmas Songbook for Guitar Mel Bay Publications

The music in this book has been compiled to correspond to each Sunday of the liturgical year and may be used as a supplementary source for church musicians. Gregorian Chant, Lutheran cantatas, hymns, and motets are used as the basis for original compositions and arrangements for solo classical guitar. In attempts to be as ecumenical as possible, the selections have been chosen based on multiple lectionaries. In many cases scripture references have been provided for more flexibility. Written in standard notation.

*Guitar Picking Tunes - Songs of Faith* Hal Leonard Corporation

This is a book that gives the beginning and intermediate guitarist many traditional Christmas songs simply, but artistically, arranged by a classical guitarist. Dr. Zisa has taught guitar many years and has been a sought out concert performer. He has arranged many traditional songs and hymns that you would like to play. But in addition, he has provided you with information about the history of the songs. You can amaze your audiences with your knowledge of how each traditional song made its way into our hearts.

**A Collection of Hymns and Christmas Carols for Guitar**

Createspace Independent Publishing Platform

These hymns have been selected from the Church of Jesus Christ of Latter Day Saints Hymn Book. Regardless of your playing

ability, you will be able to find a piece in this book that is appropriate to play at any setting. Whether in church or at home, you will bring the familiar sounds of LDS hymns to others through the warm sounds of the guitar.

**Americana Classics - Strum Together** Covenant Books, Inc. (Guitar Solo). 25 songs of worship for solo guitar in standard notation and tablature, including: Amazing Grace \* Be Thou My Vision \* Come, Thou Fount of Every Blessing \* For the Beauty of the Earth \* Joyful, Joyful, We Adore Thee \* My Faith Looks up to Thee \* Rock of Ages \* What a Friend We Have in Jesus \* and more.

**Early American Hymn Favorites for Classic Guitar** Mel Bay Publications

A unique approach to solo guitar which applies music theory, arranging, and orchestration to the guitar. The arrangements in this book make the fingerboard more accessible for the experienced player or the novice. In addition, this approach could ultimately be applied to other songs (pop, rock, folk, etc) by any guitar student. It's in understanding the fingerboard, along with theory knowledge and musicianship skills, that enable the guitarist to unlock the somewhat elusive potential of the instrument as a complete sound, rather than just an accompaniment instrument.

*Learning Guitar with Lds Hymns* Mel Bay Publications (Finger Style Guitar). Fingerstyle arrangements in notes and tab for 29 inspirational favorites, including: Amazing Grace \* Christ the Lord Is Risen Today \* For the Beauty of the Earth \* Holy, Holy, Holy \* In the Garden \* Let Us Break Bread Together \* O for a Thousand Tongues to Sing \* Were You There? \* What a Friend We

Have in Jesus \* When I Survey the Wondrous Cross \* more.

*Solo Guitar Hymnal* Alfred Music

(Guitar Solo). These arrangements are carefully written for intermediate-level guitarists. Each solo combines melody and harmony in one superb fingerpicking arrangement. 15 modern worship classics are included: Above All \* Breathe \* Draw Me Close \* Give Thanks \* He Is Exalted \* Jesus, Name Above All Names \* Open the Eyes of My Heart \* Shout to the Lord \* You Are My King (Amazing Love) \* and more.

*Learning Guitar with Hymns of the Church of Jesus Christ of Latter-Day Saints and Other Favorites, Beginning Classical* Hal Leonard Corporation

The ten-hymn selection (including among others Come, Thou Fount of Every Blessing and How Firm a Foundation) largely avoids chordal style harmonization, but rather employs the open strings of the instrument in a creative way to make the melody and accompaniment sound rich, vibrant and easier to play. Most arrangements are in standard tuning (with occasional dropped D tuning) and include extensive fingerings.

*Sacred Songs for Classical Guitar (Songbook)* Mel Bay Publications

Traditional Hymns and Spirituals For Fingerstyle Guitar - Intended for gigging musicians, the tunes in this book were arranged with a number of special considerations in mind. First and foremost, these tunes were arranged to be played easily. They are not necessarily easy as far as difficulty goes, but these arrangements use voice leadings and motions that reduce awkward hand positions and stretches that could cause hand fatigue or hand issues down the line. All arrangements are in standard tuning (E A D G B E). These arrangements were deliberately kept to a maximum of two pages to eliminate pages turns while performing. All tunes can be repeated, at the player's discretion, any number of times. Introductions and endings are noted sparsely to both save space and allow the performer to add his or her own introductions and endings. One thing you will also notice is that there are no full barre chords in this book, as barre chords place a lot of stress on a player's hands. There are a few instances of half barre chords (top three strings only), but even these are used sparingly. These arrangements utilize drones when appropriate, and bass notes are frequently offset from strong beats (e.g. bass notes landing on the and of the beat rather than on the beat). Although this style differs from many other guitar arrangements, this method of playing emphasizes the melody and allows the long, held bass notes (often open

strings when possible) to fill out the soundscape. You'll find that rhythm is utilized to create a wonderfully full texture, rather than stacked notes as found in other guitar arrangements. This again is for the ease of reading and playability for the performer. As you become more comfortable with these arrangements, you will find areas where you could easily thicken the texture with some additional notes as you see fit. This book serves as a basic guide with endless possible embellishments and additions available to the performer. There are 17 tunes in the book, including: Abide with Me, Amazing Grace, Be Thou My Vision, Come Thou Fount of Every Blessing, Crown Him with Many Crowns, Down to the River to Pray, He Leadeth Me, How Firm a Foundation, It Is Well With My Soul, O For a Thousand Tongues To Sing, Old Hundredth, Simple Gifts, Sweet Hour of Prayer, This Is My Father's World, Wayfaring Stranger, What a Friend We Have in Jesus, What Wondrous Love Is This

*Hymn Melody Method for Guitar 2* Mel Bay Publications

Sleepers, Awake! Hal Leonard Corporation

(Meredith Music Resource). Not only do old-fashioned hymns provide a spiritual benefit, they bring back fond memories of families at home or at worship lovingly joining together to sing. While contemporary religious music offers an important new genre, old-fashioned hymns merit special recognition for their contributions to generation after generation. This collection features the "top 20" hymns that have been around for years, but still convey powerful meaning to many folks. Each arrangement is carefully crafted to introduce and cultivate finger picking (some would say "classical style") guitar techniques. Positions and fingerings are clearly marked.
