While assimilating theoretical insights from Aristotle to this day, this title contests, inter alia, the theory of comedy's ritual origin; challenges the age-old and continuing attempts to determine the structure of action that characterises comedy; and, suggests instead that structures of action are shared by all genres.

The Arab theatre and cinema are among the most neglected subjects in the studies of Oriental literature and research into the history of theatre. This book, written by the acclaimed scholar Jacob M. Landau and first published in 1958, is a survey of the development of the Arab theatre and cinema as cultural and social phenomena and goes a long way in shedding some light on these neglected subjects.

Feydeau, First to Last Oxford University Press

Expectation is a major volume of Jean-Luc Nancy's writings on literature, written across three decades but, for the most part, previously unavailable in English. More substantial than literary criticism, these essays collectively negotiate literature's relation to philosophy. Nancy pursues such questions as literature's claims to truth, the status of narrative, the relation of poetry and prose, and the unity of a book or of a text, and he addresses a number of major European writers, including Dante, Sterne, Rousseau, Hölderlin, Proust, Joyce, and Blanchot. The final section offers a number of impressive pieces by Nancy that completely merge his concerns for philosophy and literature and philosophy-as-literature. These include a lengthy parody of Valéry's "La Jeune Parque," several original poems by Nancy, and a beautiful prose-poetic discourse on an installation by Italian artist Claudio Parmiggiani that incorporates the Faust theme. Opening with a substantial Introduction by Jean-Michel Rabaté that elaborates Nancy's importance as a literary thinker, this book constitutes the most substantial statement to date by one of today's leading philosophers on a discipline that has been central to his work across his career.

McGraw-Hill Encyclopedia of World Drama Methuen Drama

What does it mean to violate the law on a theatrical stage? This is the central question in the following examination of modern theatre, beginning with the avant-garde, but also including the contemporary and iconoclastic work of the Società Raffaello Sanzio. For the historical avant-garde, art could be the gateway to a new and liberated reality. But then all of existing reality first had to be demolished, and its laws consistently violated.

Ultimately, this transgressive programme ends in discouragement and self-sabotage. Such an 'anti-theatre' has been explored most extensively in the writings of the French director and essayist Antonin Artaud. A careful exploration of Artaud's work, emphasizing his actual theatrical productions, shows that this paradox does not necessarily lead to a dead end. Generalized transgression may lead to a theatre that belongs more to philosophy than to art itself.
