DARIO LANE

Twenty-six Men and a Girl Little, Brown Books for Young Readers
In 2006 Larry Smith, the creator of SMITH Magazine, challenged readers to tell their story in just six words. Modeled after a famous quote by Ernest Hemingway, Smith showed the world that short-form story-telling could be powerful. Since the publication of the first book in his bestselling series, *Not Quite What I Was Planning*, people all over the world have shared their stories in print, online, in the classroom, and with their friends and families. Bolstered by the success of the memoir form, Larry Smith is back again with a poignant collection of universal

wisdom, life lessons, and caution thrown to the wind that will put a smile on your face six words at a time. With contributions from celebrities like Molly Ringwald, "post-adolescent? Then stop blaming your parents;" Lemony Snicket, "never, ever refuse a breath mint;" and Gary Shteyngart, "hands where I can see 'em," as well as everyday people who've learned a thing or two about a thing or two during their time on the planet, readers will be pulled into the sometimes hilarious, often serious, occasionally reflective experience of the book. Smith's curated advice book is the straight-shooting, truth-telling, next door neighbor everybody wishes they had access to growing up. Now they do! Here's six more life-changing words of advice for you: Read this; you won't regret it.

Amelia to Zora Cornell University Press

Hempel's now-classic collection of short fiction is peopled by complex characters who have discovered that their safety nets are not dependable and who must now learn to balance on the threads of wit, irony, and spirit.

Tiny Beautiful Things Hachette UK

Lists the translations in twenty-five languages for 1,000 common English terms.

Akira to Zoltan Charlesbridge

One Hundred and Twenty-Six Days throws you onto the path of one family's unthinkable journey as their 27-year-old is violently hurled onto the cancer battlefield. What is to come was nothing anyone could ever imagine.

The Weighty Word Book Pajama Press Inc.

This isn't just another case. This is family. How far will Stephanie Plum go to protect the one person who means the most to her? The stakes have never been higher in this #1 New York Times bestseller from Janet Evanovich. Grandma Mazur has decided to get married again - this time to a local gangster named Jimmy Rosolli. If Stephanie has her doubts about this marriage, she doesn't have to worry for long, because the groom drops dead of a heart attack 45 minutes after saying, "I do." A sad day for Grandma Mazur turns into something far more dangerous when Jimmy's former "business partners" are convinced that his new widow is keeping the keys to a financial windfall all to herself. But the one thing these wise guys didn't count on was the widow's bounty hunter granddaughter, who'll do anything to save her.

The 26 Letters Charlesbridge

The girl has had many selves in her short life. The first she remembers is Aissa, the daughter of Mama and Dada, sister to

Zufi who watched the goats. Then the Bull King's raiders came, and Mama said, "Don't make a sound till I come back." And when the villagers found her she was silent as stone, because Mama never came back again. So the villagers cursed her as back luck and made her No-Name, lowest of the servants to the Lady, the island's priestess. But there were whispers, as she grew, of another self: of the Lady's rejected first daughter, born imperfect with two extra thumbs. The silent girl looks at the scars on her wrists and wonders, but she has more pressing concerns. The villagers blame her bad luck for the tribute the Bull King now demands of them: two youths given each spring to dance with his bulls and die for his god's glory. And the servants hate and fear the unnatural way the animals all come to her. For Aissa, though, this bond with creatures of fur and scale is the first clue in finding the true self that no one else can give to her, or take away. Wendy Orr, the author of *Nim's Island*, introduces a resourceful and resilient heroine for slightly older readers. Inspired by an archeological trip to the island of Crete, where frescoes show figures leaping over the backs of bulls, Orr weaves an intriguing mythological portrayal of the Bronze Age Minoan civilization. Lyrically written and refreshingly unpredictable, *Dragonfly Song* suggests a fascinating origin for the legend of the Minotaur and his dark tribute.

Reasons to Live Penguin

Teach the little learner in your life the world's biggest words with this fun, adorably illustrated picture book for kids. Filled with amazing A-to-Z art, this clever New York Times bestselling picture book by James and Susan Patterson includes sophisticated words and definitions for clever children to learn. This is the perfect gift

for the little ones in your life with "bibliomania," who will appreciate the "juxtaposition" of impressive words and bright, beautiful illustrations. Includes a list of extra words in the back for further learning. Delightfully whimsical artwork by artist Hsinping Pan brings these big words to life, making this early foray into learning fun for all.

Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

Not Quite What I Was Planning Macmillan

"A powerful challenge to the prevailing constitutional orthodoxy of the right and the left . . . A deeply troubling and absolutely vital book" (Mark Joseph Stern, Slate). In this provocative book, Mary Anne Franks examines the thin line between constitutional fidelity and constitutional fundamentalism. The Cult of the Constitution reveals how deep fundamentalist strains in both conservative and liberal American thought keep the Constitution in the service of white male supremacy. Franks demonstrates how constitutional fundamentalists read the Constitution selectively and self-servingly, thus undermining the integrity of the document as a whole. She goes on to argue that economic and civil libertarianism have merged to produce a deregulatory, "free-market" approach to constitutional rights that achieves

fullest expression in the idealization of the Internet. The fetishization of the first and second amendments has blurred the boundaries between conduct and speech and between veneration and violence. But the Constitution itself contains the antidote to fundamentalism. The Cult of the Constitution lays bare the dark, antidemocratic consequences of constitutional fundamentalism and urges readers to take the Constitution seriously, not selectively.

Weighty Words, Too John Wiley & Sons

Profiles the lives of twenty-six women who, through their acts and deeds, helped shape and change the world during their lifetime, including pilot Amelia Earhart and anthropologist Zora Neal Hurston.

Word Builder UNM Press

In this collection of short stories, 26 people share aspects of their lives which all connect, forming a tangled web that spans across the decades. Events which happened years ago can affect the present and future. Taking place over a period of 50 years, each character lets us glimpse into their lives, and through their eyes we learn about many others. Jason discovers his wife has had an affair, and fuelled by anger and alcohol, he drunkenly crashes his car killing Liam and Warren's father. Meanwhile, in another part of town, in another year Melanie is dealing with the chaos that a Bank Holiday brings to a supermarket, unaware that her daughter, Freya, has landed herself in some serious trouble. In a different decade Zoe and Shane are choosing names for their twins, and Queenie is dreaming of running away with the lead singer of her favourite band. Fast-forward a few years into the future to questionable television psychic, Larry, receiving a message from Ella from beyond the grave, and Christine finding

out that her dead husband had been keeping secrets from her. To what extent do the actions of others influence our own journey?

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.
