The Black Widow Simon and Schuster
 The second volume of this Western tale turned on its ear is filled with strange characters and situations that could only have originated from the mind of "El Topo" Director and "Meteborous" author. Alexandro Jodorowsky. "Bouncer" also features the spectacular art of Francois Boucq one of the pasters of European comics. To avenge his parents' murders, young Seth must learn to use his father's guns under the tutelage of his uncle as tough as nails one armed Bouncer. However, Seth is now part of a cycle of violence and greed that has cursed his family for generations. Can Seth and Bouncer avenge the murder of Seth's

family and put an end to the deadly cycle? *The History of "Punch"* Newfound Press
 His life was never easy. Hers wasn't supposed to be this hard. They come from different worlds, but fate lures them together in a way neither expected in Cecy Robson's raw, steamy series debut—perfect for fans of Monica Murphy and J. Lynn. Evelyn Preston's future once looked perfect—until her wealthy father was caught in an embezzlement scandal and took his own life. Alone and struggling to pay her college tuition and bills, Evelyn finds a job as a waitress at the ultra-hip nightclub Excess, where she used to have more in common with the privileged private-school clientele than her fellow staff members. But something attracts her to the sexy six-foot-four bouncer and ex-army MMA fighter Mateo Tres Santos. Although they've led different lives, their

troubled pasts bonds them in both survival and love. Mateo wound up in prison for assaulting the man who harmed his sister. Now he's feeling the same protective impulse for this petite blond waitress. When Evelyn experiences a panic attack at the club, Mateo comes to her rescue. And when Mateo is wounded shielding her from a brawl, Evelyn returns the favor and comes to his aid. As their attraction intensifies, Mateo is determined to find out what nightmares are lurking in Evelyn's past—even if that means tackling his own to save her. In this brilliant history of Prohibition and its most notorious gangster, acclaimed biographer Laurence Bergreen takes us to the gritty streets of Chicago where Al Capone forged his sinister empire. Bergreen shows the seedy and glamorous sides of the age, the rise of Prohibition, the illicit liquor trade, the battlefield that was Chicago. Delving beyond the Capone mythology, Bergreen finds a paradox: a coldblooded killer, thief, pimp, and racketeer who was also a devoted son and father; a self-styled Robin Hood who rose to the top of organized crime. Capone is a masterful portrait of an extraordinary time and of the one man who reigned supreme over it all, Al Capone.

Little Tulip Circle of Cerridwen

The New York Times bestselling history of the private relationships among the last thirteen presidents—the partnerships, private deals, rescue missions, and rivalries of those select men who served as commander in chief. The Presidents

Club, established at Dwight Eisenhower's inauguration by Harry Truman and Herbert Hoover, is a complicated place: its members are bound forever by the experience of the Oval Office and yet are eternal rivals for history's favor. Among their secrets: How Jack Kennedy tried to blame Ike for the Bay of Pigs. How Ike quietly helped Reagan win his first race in 1966. How Richard Nixon conspired with Lyndon Johnson to get elected and then betrayed him. How Jerry Ford and Jimmy Carter turned a deep enmity into an alliance. The unspoken pact between a father and son named Bush. And the roots of the rivalry between Clinton and Barack Obama. Time magazine editors and presidential historians Nancy Gibbs and Michael Duffy offer a new and revealing lens on the American presidency, exploring the club as a hidden instrument of power that has changed the course of history.

Borgia Simon and Schuster

A New York Times Notable Book of 2011, included on Amazon.com, Publishers Weekly, and NPR'S Best Comics lists A haunting postmodern fable, *Big Questions* is the magnum opus of Anders Nilsen, one of the brightest and most talented young

cartoonists working today. This beautiful minimalist story, collected here for the first time, is the culmination of ten years and more than six hundred pages of work that details the metaphysical quandaries of the occupants of an endless plain, existing somewhere between a dream and a Russian steppe. A downed plane is thought to be a bird and the unexploded bomb that came from it is mistaken for a giant egg by the group of birds whose lives the story follows. The indifferent, stranded pilot is of great interest to the birds--some doggedly seek his approval, while others do quite the opposite, leading to tensions in the group. Nilsen seamlessly moves from humor to heartbreak. His distinctive, detailed line work is paired with plentiful white space and large, often frameless panels, conveying an ineffable sense of vulnerability and openness. *Big Questions* has roots in classic fables--the birds and snakes have more to say than their human counterparts, and there are hints of the hero's journey, but here the easy moral that closes most fables is left open and ambiguous. Rather than lending its world meaning, Nilsen's parable lets the questions wander where they will.

This fascinating book is the first volume in a projected cultural history of the United States, from the earliest English settlements to our own time. It is a history of American folkways as they have changed through time, and it argues a thesis about the importance for the United States of having been British in its cultural origins. While most people in the United States today have no British ancestors, they have assimilated regional cultures which were created by British colonists, even while preserving ethnic identities at the same time. In this sense, nearly all Americans are "Albion's Seed," no matter what their ethnicity may be. The concluding section of this remarkable book explores the ways that regional cultures have continued to dominate national politics from 1789 to 1988, and still help to shape attitudes toward education, government, gender, and violence, on which differences between American regions are greater than between European nations.

In the 1960s he exhorted students at Columbia University to burn their college to the ground. Today he's chair of their School of the Arts film division. Jamal Joseph's personal odyssey—from the streets of Harlem to Riker's Island and Leavenworth to the halls of Columbia—is as gripping as it is inspiring. Eddie Joseph

was a high school honor student, slated to graduate early and begin college. But this was the late 1960s in Bronx's black ghetto, and fifteen-year-old Eddie was introduced to the tenets of the Black Panther Party, which was just gaining a national foothold. By sixteen, his devotion to the cause landed him in prison on the infamous Rikers Island—charged with conspiracy as one of the Panther 21 in one of the most emblematic criminal cases of the sixties. When exonerated, Eddie—now called Jamal—became the youngest spokesperson and leader of the Panthers' New York chapter. He joined the "revolutionary underground," later landing back in prison. Sentenced to more than twelve years in Leavenworth, he earned three degrees there and found a new calling. He is now chair of Columbia University's School of the Arts film division—the very school he exhorted students to burn down during one of his most famous speeches as a Panther. In raw, powerful prose, Jamal Joseph helps us understand what it meant to be a soldier inside the militant Black Panther movement. He recounts a harrowing, sometimes deadly imprisonment as he charts his path to manhood in a book filled with equal parts rage, despair, and hope. **Borgia** Transaction Publishers Village Voice Favorite Books of 2000 The popular book challenging the idea of a model minority, now in paperback! "How does it feel to be a problem?" asked W. E. B. Du Bois of black Americans in his classic *The Souls of Black Folk*. A hundred years later, Vijay Prashad asks South Asians "How does it feel to be a solution?" In this kaleidoscopic critique, Prashad looks into the complexities faced by the members of a "model minority"—one, he claims, that is consistently deployed as "a weapon in the war against black America." On a vast canvas, *The Karma of Brown Folk* attacks the two pillars of the "model minority" image, that South Asians are both inherently successful and pliant, and analyzes the ways in which U.S. immigration policy and American Orientalism have perpetuated these stereotypes. Prashad uses irony, humor, razor-sharp criticism, personal reflections, and historical research to challenge the arguments made by Dinesh D'Souza, who heralds South Asian success in the U.S., and to question the quiet accommodation to racism made by many South Asians. A look at Deepak Chopra and others whom Prashad terms "Godmen" shows us how some South Asians exploit the stereotype of inherent spirituality, much to the chagrin of other South Asians. Following the long engagement of American culture

with South Asia, Prashad traces India's effect on thinkers like Cotton Mather and Henry David Thoreau, Ravi Shankar's influence on John Coltrane, and such essential issues as race versus caste and the connection between antiracism activism and anticolonial resistance. *The Karma of Brown Folk* locates the birth of the "model minority" myth, placing it firmly in the context of reaction to the struggle for Black Liberation. Prashad reclaims the long history of black and South Asian solidarity, discussing joint struggles in the U.S., the Caribbean, South Africa, and elsewhere, and exposes how these powerful moments of alliance faded from historical memory and were replaced by Indian support for antiblack racism. Ultimately, Prashad writes not just about South Asians in America but about America itself, in the tradition of Tocqueville, Du Bois, Richard Wright, and others. He explores the place of collective struggle and multiracial alliances in the transformation of self and community—in short, how Americans define themselves. **The Presidents Club** Humanoids, Incorporated A history of "Ivy Style" in menswear, tracing the origins and diffusion of this enduring and classic fashion **Moon Face** Wayne State University Press A serial killer haunts the city streets, a stalker of isolated women who leaves a Santa Claus hat at the scene of his crimes. Pavel, a Russian émigré, assists the police investigation as a sketch artist. But Pavel's true calling is as a tattoo artist, and the so-called Bad Santa killings conjure up memories of the nightmarish world in which he learned his craft: a Russian prison camp that shattered his childhood and destroyed his family. Shifting between the living hell of a 1940s Siberian gulag and the crime-ridden chaos of New York City during the 1970s, this graphic novel's stunning artwork provides an atmospheric backdrop to its tale of corruption, murder, and revenge. Author Jerome Charyn was acclaimed by *The New York Review of Books* as "a fearless writer. Brave and brazen." This edition of *Little Tulip*, which was originally published in French, features Charyn's new English translation. Award-winning illustrator François Boucq also collaborated with Charyn on the acclaimed graphic novels *The Magician's Wife* and *Billy Budd, KGB*. Suggested for mature readers. **The Name of All Things** Humanoids Inc "One of the Best Books of the Year" -*The Strand* When a waitress at The Cellar asks Boo and Junior to scare her roommate Dana's harassing ex-boyfriend, Byron, Boo's white knight impulses kick in and

they perform the job with gusto, leaving Byron bloodied but very much alive. So when Byron is found dead, they're shocked. They're even more shocked when they learn that nothing is what they originally thought, and they're being held accountable in the man's death. With Junior called in for questioning, Boo is determined to clear their names by finding Byron's true killer. It's a quest in which Boo will have to face down crooked cops, crazed guard dogs, a rival security crew, the Irish mob and—worst of all—his own ingrained prejudices. Action-packed, outrageously funny, and brutally honest, *Rough Trade* brings back crime fiction's favorite bouncers and takes them well out of their comfort zone in a novel that's whip-smart, hilarious, gritty and above all human, proving that Todd Robinson is one of the most important voices in crime fiction.

The Day of the Jackal U of Minnesota Press Internationally renowned sociologist Arthur J. Vidich (1922-2006) was an active researcher and teacher whose career spanned the second half of the twentieth century. With a *Critical Eye: An Intellectual and His Times* recounts Vidich's career in the wider cultural context of his life and work. Providing a window into post-World War II intellectual life, the richness of the autobiography lies not only in Vidich's perspectives on the academic world but also in his personal and sociological observations about the world around him. Best known for his book *Small Town in Mass Society* (co-authored with Joseph Benschman, 1958), Vidich taught for more than forty years at the New School for Social Research in New York. He published eighteen books, co-edited a book series with Robert Jackall, and was the founding editor of the *International Journal of Politics, Culture, and Society*. Vidich "provides a valuable lens ... on a profoundly important time in the formation of the modern social sciences, when the changes in the U.S. were having formative impacts on academe in other parts of the world," writes Robert J. Antonio, professor of sociology at the University of Kansas. "The autobiography is lucidly and unpretentiously written." Book jacket.

« Le western est un genre qui pousse le dessin très loin, et réclame une vraie maturité d'artiste. » François Boucq Grand Prix Angoulême 1998 Le Bouncer est le propriétaire de l'Inferno, l'un des saloons de Barro City. Encore une de ces arides villes du Far West où l'étranger de passage trouvera plus facilement du whisky frelaté que de l'eau, et aura plus de chances de rencontrer la Mort que de tomber sur un filon d'or. Avec ses colts, un

couteau ou avec ses poings, le Bouncer se défend pas mal pour un manchot. C'est pas qu'il soit violent, mais disons qu'il n'hésite pas à tuer pour défendre ce qui lui paraît juste et beau. Et cette fois encore, pour venger ceux qu'il aime, injustement victimes de la fureur des temps mythiques de la conquête de l'Ouest, c'est en Enfer que le Bouncer va devoir faire un aller-retour... Les éditions Glénat sont heureuses d'accueillir en leur sein la suite des aventures du Bouncer, créé par deux auteurs au moins aussi cultes que leur personnage... Une nouvelle aventure sanglante et grandiose, qui verra sa fin dans un deuxième album à paraître en 2013.

Pulitzer Prize-winning historian John Toland's classic, definitive biography of Adolf Hitler remains the most thorough, readable, accessible, and, as much as possible, objective account of the life of a man whose evil affect on the world in the twentieth century will always be felt.

Toland's research provided one of the final

opportunities for a historian to conduct personal interviews with over two hundred individuals intimately associated with Hitler. At a certain distance yet still with access to many of the people who enabled and who opposed the führer and his Third Reich, Toland strove to treat this life as if Hitler lived and died a hundred years before instead of within his own memory. From childhood and obscurity to his desperate end, Adolf Hitler emerges, in Toland's words, "far more complex and contradictory . . . obsessed by his dream of cleansing Europe Jews . . . a hybrid of Prometheus and Lucifer."
