Where to Ski and Snowboard Red Eye

Ski Europe takes skiers step by step through planning the winter vacation of their dreams in the Alps in Austria, Italy, Switzerland or France as well as major resorts in Spain and Andorra. Just like here in the United States or Canada, every European resort has its quirks and specialties, notes Leocha. Seasoned skiers know that some resorts are better for singles, others better for families. Some offer cozy chalets, others feature modern hotels right on the slopes. And while one resort may be heaven for beginning skiers it may be boring for the expert. Ski Europe organizes all the necessary information to make intelligent choices and provides the phone numbers to make reservations and plans. Over more than a decade Ski Europe has become known for its no-holds-barred, brutally honest reports on reality at ski resorts. Ski Europe takes no advertising, has no ax to grind, and, like Ski America and Canada, is written by Leocha together with an international team of prize-winning ski and snowboard journalists.

Ski Europe is the most up-to-date resource for information about planning a ski vacation in Europe's Alps. It has been American skiers' top choice for a guide to skiing in the top resorts of Austria, Switzerland, France, Italy and Spain. Charles Leocha and his team of prize-winning journalists present an

unparalleled guidebook for any skier planning to ski in the Alps. This guide, as it has for the past 12 years, provides the most comprehensive information available about Europe's biggest and best destination ski resorts for downhill and cross-country skiers and snowboarders. Ski Europe provides unflinchingly honest evaluations of the trails and difficulty of ski terrain at each resort and explains the flavor of each resort that creates the real magical experience of skiing. These ski journalists ski hundreds of trails, visit hundreds of hotel rooms, wander through scores of restaurants and bars and dance in dozens of discos to bring readers the real scoop about every major resort in Europe. The most comprehensive guidebook to skiing, cross-country skiing and snowboarding in Europe published in the U.S.

100 Slopes of a Lifetime National Geographic Books

Roland Huntford's brilliant history begins 20,000 years ago in the last ice age on the icy tundra of an unformed earth. Man is a travelling animal, and on these icy slopes skiing began as a means of survival. That it has developed into the leisure and sporting pursuit of choice by so much of the globe bears testament to its elemental appeal. In polar exploration, it has changed the course of history. Elsewhere, in war and peace, it has done so too. The origins of skiing are bound up in with the emergence of modern man and the world we live in today.

Ski Europe 2000 Michael Joseph

Erna Low, born in Vienna in 1909, was instrumental in starting what has become a multimillion pound industry: the ski holiday business. In 1932, she placed an advert in the Morning Post saying "Austria, fortnight, £15 only, including rail and hotel, arranged by young Viennese Graduelle for young people leaving Christmas". For her, it was a way to get back home to see her family over Christmas, but the popularity of the trip soon saw it develop into a lucrative business. Erna, an Austrian javelin champion and handball player, soon branched out into parties for the young elite at country houses around Britain, becoming something of a matchmaker for the 20- and 30-somethings who flocked to her events year after year. When war came to Europe, she joined the BBC, listening in on German broadcasts to help the Allied effort. After normality had been restored, she grasped the opportunity offered by rising standards of living and grew her eponymous company into a leading travel company in the market by the 1960s, introducing many holiday destinations and concepts to the British market. A consummate networker, Erna Low introduced herself to the great and the good and became their friend and confidante. She taught royalty, actors and politicians to ski. This illustrated hardback biography examines Erna's life, including interviews with her friends and colleagues and shows how her strength of character and business nous enabled her to succeed in a male-dominated world. It will appeal to anyone interested in the history of skiing and travel in Britain, the hundreds of thousands of past and present customers of Erna Low as well as anyone interested in how an independent young Austrian woman from a challenging background became a household name and business success in Britain. A foreword has been written by Roger Lloyd Pack. "2012 is the 80th anniversary of the first Erna Low-organised ski trip. The current chief executive of her company has an amazing archive of material collected by Erna during her life and it was going through this that inspired me to write it," says author Mark about Aiming High.

Charlie hopes that the school ski trip is the escape from his unhappy home life he so desperately needs. But there is something wrong with the remote ski village of Kaldgellan. Something is out there, something ancient and evil, among the pines and the deep untracked drifts, watching and waiting. And then the storms blow in... Cut off from the rest of the world far below, as night falls the few left alive on the snowbound mountain will wish they were somewhere, anywhere else. Only ski guide Hanna seems to know some of Kaldgellan's long-buried secrets, but whether Charlie can trust her is another question...

Nestled in Switzerland's alpine Engadin Valley, St. Moritz stands on its own amidst a sea of celebrated ski resorts in that it has long maintained an elusive allure. The winter home of personalities from Gunter Sachs and Gianni Agnelli to Sofia Loren, Elizabeth Taylor, Audrey Hepburn, John Lennon, and Claudia Schiffer, there are few places in the world that manage to unite so many of the top names in cinema, art, and fashion all in one place, year after year. Author Dora Lardelli takes the reader on a journey through Chanel and Hitchcock's favorite haunts and the hidden parties at Badrutt's Palace where royalty goes to play, without forgetting the natural beauty, village charm and architectural mastery that define it. St. Moritz also takes readers on a majestic tour of its special events, from Winter Olympics to the annual Snow Polo World Cup, as well as the summertime Jazz Festival and the British Classic Car Meeting. In St. Moritz creatives and royals share skiwässers slope-side on the sheepskin benches of El Paradiso, pause to sip champagne on long strolls around its frozen, crystalline lake and enjoy coffee and confections at the centuries old Hanselmann. St. Moritz has never lost its inimitable appeal, and will continue to reign as an elegant hideaway for all those who have come to call it a home away from home.
