### Lonely Planet Devon & Cornwall

CreateSpace

With all the intrinsic interest of Marco Polo's Book it may perhaps be doubted if it would have continued to exercise such fascination on many minds through successive generations were it not for the difficult questions which it suggests. It is a great book of puzzles, whilst our confidence in the man's veracity is such that we feel certain every puzzle has a solution.

**L'Elettrotecnica** Dorrance Publishing  
 A guidebook to 60 day walks on the Portuguese island of Madeira and neighbouring Porto Santo. Covering mountains, coast, laurisilva cloud forest

and levadas (irrigation channels), routes range from easy strolls to more strenuous mountain hikes, some calling for a good head for heights. Walks range from 4 to 27km (2-17 miles) with options to combine routes to create longer days out. Sketch maps are included for each walk. Detailed information on planning, facilities and public transport. Highlights include an ascent of Pico de Areeiro, Madeira's highest peak. Easy access from Funchal.

**Secret London** Jonglez  
 Across eighteen short stories, Lessing dissects London and its inhabitants with the power for truth and compassion to be expected of the Nobel Prize for Literature 2007. 'During that first year in England, I had a vision of London I cannot recall now ... it was a nightmare city that I lived in for a year. Then, one evening, walking across the park, the light welded buildings, trees

and scarlet buses into something familiar and beautiful, and I knew myself to be at home.' Lessing's vision of London - a place of nightmares and wonder - underpins this brilliantly multifaceted collection of stories about the city, seen from a cafe table, a hospital bed, the back seat of a taxi, a hospital casualty department; seen, as always, unflinchingly, and compellingly depicted.

**DK Eyewitness Travel Guide Greece, Athens & the Mainland** Springer Nature  
 This book provides insights into the possibilities, realities and challenges of the rapidly evolving world of 3D printing or additive manufacturing. Contributors cover the applications for 3D printing, available materials, research, and the business of additive manufacturing from start-ups to Fortune 500 companies. As an important part of the Women in Science and

Engineering book series, the work highlights the contribution of women leaders in additive manufacturing, inspiring women and men, girls and boys to enter and apply themselves to world of 3D printing and be a part of bringing the true potential of 3D printing to fruition. The book features contributions of prominent female engineers, scientists, business and technology leaders in additive manufacturing from academia, industry and government labs. Provides insight into women's contributions to the field of additive manufacturing; Presents information from academia, research, government labs and industry into advances and applications in the rapidly evolving and growing field of 3D printing; Includes applications in industries such as medicine, aerospace, and automotive.

*Walking on Madeira* Gestalten

Experience "one of the best adventure books ever written" (Wall Street Journal) in this New York Times bestseller: the harrowing tale of British explorer Ernest Shackleton's 1914 attempt to reach the South Pole. In August 1914, polar explorer Ernest Shackleton boarded the *Endurance* and set sail for Antarctica, where he planned to cross the last uncharted continent on foot. In January 1915, after battling its way through a thousand miles of pack ice and only a day's sail short of its destination, the *Endurance* became locked in an island of ice. Thus began the legendary ordeal of Shackleton and his crew of twenty-seven men. When their ship was finally crushed between two ice floes, they attempted a near-impossible journey over 850 miles of the South Atlantic's heaviest seas to the closest outpost of civilization. In *Endurance*, the definitive account of Ernest Shackleton's fateful trip, Alfred Lansing brilliantly narrates the harrowing and miraculous voyage that has defined heroism for the modern age.

A parade through London's outposts of good food, design, retail, and more, this definitive travel guide will make you feel like a local no matter where you are from. *The Rough Guide to Andalusia* Guide città EDT/Lonely Planet

"We had seen God in His splendours, heard the text that Nature renders. We had reached the naked soul of man." In 1914, Ernest Shackleton set out on an 1,800-mile trek across Antarctica. During the three-year expedition, his team overcame shipwreck, treacherous glaciers, and a bitterly hostile climate. They faced the elements on this icy continent with extraordinary determination, resourcefulness, and courage. This account by one of Britain's greatest explorers is at once thrilling, harrowing, and inspiring.

**Lonely Planet London** Lonely Planet

This guide to London's most peculiar and under-the-radar bars and restaurants is for serious foodies, intrepid drinkers, urban explorers -- and anyone curious to discover the infinite possibilities to have fun in London.

**Irlanda** Althea Press

When he is diagnosed with cancer, in the silence of the hospital room broken only by the swish of cars outside, Italian writer Tiziano Terzani realizes that his whole life has been one long ride on a merry-go-round where he has always journeyed without a ticket. Now, for the first time, the ticket collector has come to demand his dues. At first, Terzani turns to Western medicine for a cure, but a question soon begins to haunt him: is cancer, as the doctors say, an enemy that needs to be destroyed, or is it a friend one can talk to? Travelling had always been a way of life for him, so he decides to make another trip, in search of a solution - to India. This final ride turns out to be very different though. And more difficult. Because every step, every choice - often between reason and faith, between science and magic - is inextricably linked to his own survival. As he crisscrosses the country from an ashram in Coimbatore to a hut in Almora, the external journey in search of a cure transforms into an inner journey and a return to the divine roots of man. Then, one day, as he looks at the sun rising over the mountains, he stumbles upon the one truth that has eluded him: death is as desirable and eternal as life itself. A bestseller in Europe, this is a book about modern medicine and alternative cures, and the quest to understand the true meaning of mortality.

*One More Ride on the Merry-Go-Round*  
Lonely Planet

See all the key sights in London and find out more about what's there by lifting flaps on every page. In just 14 pages, you can visit and explore central London, the West End, and the River Thames all the way from Buckingham palace to the Tower of London. Beneath flaps big and small, you'll learn secrets of London's amazing underground railway, its storied history from Shakespeare's Globe to today's Houses of Parliament. You can get ideas of places to visit, whether it's parks, museums, shopping or hit shows. Each flap has a large, easy to find and lift thumb-hole, perfect for curious fingers. *The Via Francigena. 1000 Kilometres on Foot from the Gran San Bernardo to Rome* Lonely Planet

Lonely Planet's Canary Islands is your most up-to-date advice on what to see and skip, and what hidden discoveries await you. Ride the cable car to the summit of Tenerife's El Teide, celebrate Carnaval with dawn-to-dusk frivolity, and catch waves at Playa de Sotavento - all with your trusted travel companion.

Now updated and including two new chapters, this volume portrays the politics and inflated economics surrounding the podiums of today's international classical music scene, and the obstacles faced by blacks, women, and gays. From Richard Strauss to Herbert von Karajan to Leonard Bernstein to Simon Rattle, *The Maestro Myth*

examines the world of classical music and the mounting crisis in a profession where genuine talent grows ever scarcer. It is a must-have resource for music aficionados as well as anyone interested in the behind-the-scenes lives of these music masters. Book jacket.
