In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global

reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles

encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.

A Long Walk to Water Prabhat Prakashan Amir, haunted by his betrayal of his childhood friend, a son of his father's servant, returns to Kabul as an adult after learning Hassan has been killed. Describes Afghanistan's rich culture and beauty. For mature readers.

A tour-de-force by rising indie comics star Gene Yang, *American Born Chinese* tells the story of three apparently unrelated characters: Jin Wang, who moves to a new neighborhood with his family only to discover that he's the only Chinese-American student at his new school; the

powerful Monkey King, subject of one of the oldest and greatest Chinese fables; and Chin-Kee, a personification of the ultimate negative Chinese stereotype, who is ruining his cousin Danny's life with his yearly visits. Their lives and stories come together with an unexpected twist in this action-packed modern fable. *American Born Chinese* is an amazing ride, all the way up to the astonishing climax. *American Born Chinese* is a 2006 National Book Award Finalist for Young People's Literature, the winner of the 2007 Eisner Award for Best Graphic Album: New, an Eisner Award nominee for Best Coloring and a 2007 Bank Street - Best Children's Book of the Year. From Newbery media winner Karen Hesse comes an unforgettable story of an immigrant family's journey to America. "America," the girl repeated.

"What will you do there?" I was silent for a little time. "I will do everything there," I answered. Rifka knows nothing about America when she flees from Russia with her family in 1919. But she dreams that in the new country she will at last be safe from the Russian soldiers and their harsh treatment of the Jews. Throughout her journey, Rifka carries with her a cherished volume of poetry by Alexander Pushkin. In it, she records her observations and experiences in the form of letters to Tovah, the beloved cousin she has left behind. Strong-hearted and determined, Rifka must endure a great deal: humiliating examinations by doctors and soldiers, deadly typhus, separation from all she has ever known and loved, murderous storms at sea, detainment on Ellis Island-

-and is if this is not enough, the loss of her glorious golden hair. Based on a true story from the author's family, *Letters from Rifka* presents a real-life heroine with an uncommon courage and unsinkable spirit.

linguistics, including separate chapters on discourse, dialect variation, language and culture, and the politics of language. There are also up-to-date separate chapters on language and the brain, computational linguistics, writing, child language acquisition, and second-language learning. Legal Writing in Plain English, Second Edition Henry Holt and Company (BYR)
In these eight stories Piri Thomas takes us with him into El Barrio—Puerto Rico in New York City—and recreates the scenes he knows so well from his own childhood. He leads us through streets teeming with life, up crumbling front stoops, down dark hallways, into crowded rooms, and into the hearts and minds of his people. He takes us into the ring for a hard-fought boxing match and out of the city on a Boy Scout outing. He sits us in the barber's chair and right under the burning scalp of a kid getting his hair straightened. He puts us into a boy's mind for a wild fantasy trip, and

into the heart of a sixteen-year-old trying to impress a pretty girl. He draws vivid stories from his part experiences and makes us feel what it means to be poor and proud and generous; to be streetwise and full of bravado but frightened, too; to struggle to go straight; to be ashamed of being ashamed; to dream. Piri Thomas, who reached thousands of readers with his bestselling autobiography, *Down These Mean Streets*, now gives young readers a vivid slice of the life in El Barrio—a place where people face their problems with energy, ingenuity, and love. Speaking in the voice of the streets and from his heart, he captures their spirit, their laughter, and their hope.

The New Cambridge Shakespeare appeals to students worldwide for its up-to-date scholarship and emphasis on performance. The series features line-by-line commentaries and textual notes on the plays and poems. Introductions are regularly refreshed with accounts of new critical, stage and screen interpretations. This second edition of *The Merchant of Venice* retains the text and Introduction prepared by M. M. Mahood and features a new introductory section by Charles Edelman. Where Mahood focuses in her

Introduction on the expectations of the play's first audience and on our modern experience of seeing and hearing the drama performed, Edelman explores the play's sexual politics. He also foregrounds recent scholarship on the position of Jews in Shakespeare's time and surveys the international scope and diversity of theatrical interpretations of the text in the 1980s and 1990s. He pays particular attention to the ways in which directors and actors tackle the troubling figure of Shylock.
