MAXWELL JOHNS

A Passionate Endeavor Simon and Schuster

This comprehensive monograph on Pritzker Prize-winning architect Tadao Ando covers the span of his impressive career, with previously unpublished material and insight into his sources of inspiration. This in-depth monograph offers insight into Tadao Ando's sober and elegant architecture through photographs, architectural drawings, and descriptions of eighty of his most significant works. His notable works span the globe: London's Tate Modern; St. Louis's Pulitzer Arts Foundation; Osaka's Church of the Light; Paris's UNESCO Meditation Space; Venice's Palazzo Grassi; Abu Dhabi's Maritime Museum; and exceptional buildings in South Korea, Taiwan, China, Sri Lanka, Mexico, Germany, and throughout the United States. Japanese design principles--from the use of concrete, simple geometric volumes, and the integration of natural elements such as light or water--are essential elements that Ando uses to provoke a physical experience through his

architecture. An interview with the architect accompanies his own writings and critical essays on various aspects of his work. A portfolio of Ando's black-and-white photographs and colored-pencil drawings from his previously unpublished travel notebooks provide new insight into his sources of inspiration. The book is completed with a biography and a chronology of his works to date, including some unrealized projects.

Uncharitable Simon and Schuster

Bold Endeavors is a compelling narrative of ten large and transformative events in American history. It is an absorbing journey through the past as we read about determined national leaders - - Jefferson, Lincoln, Teddy Roosevelt, FDR, and Eisenhower -- who found the will, steadiness, and political acumen to make decisions that were often unpopular but that proved to be visionary -- decisions that are the building blocks of America's destiny. Rohatyn begins with the diplomatic intrigues of the Louisiana Purchase, which doubled the size of the country; moves to the controversial construction of the Erie Canal, which opened a water route to the West; then continues to Lincoln's resolute support for the transcontinental railroad, Land Grant colleges, and

the Homestead Act; documents the strategy -- and ruthless determination -- that built the Panama Canal; details the visionary and pragmatic politics that allowed FDR to bring electricity to rural America and use the Reconstruction Finance Act to help pull the country from the grip of the Depression; captures the foresight of national purpose which led to the G.I. Bill, which propelled the nation forward; and describes the creation of the interstate highway system that modernized America. *Bold Endeavors* is an urgent call for present-day action in this time of grave national crisis. "The nation is falling apart -- literally," Rohatyn warns. "America's roads and bridges, schools and hospitals, airports and roadways, ports and dams, water lines and air control systems -- the country's entire infrastructure is rapidly and dangerously deteriorating." To reverse this catastrophic degeneration and create tens of thousands of new jobs, Rohatyn offers a carefully reasoned and practical solution. Bold and imaginative political leadership must use the power and the resources of the federal government to finance the rebuilding of the nation's infrastructure. Rohatyn's page-turning case studies are precedents for purposeful, resourceful, and tenacious leadership that is necessary to accomplish both the rebuilding of America and the country's

emergence from its present financial crisis. These bold endeavors from the nation's past are instructive, a guide and an inspiration for Americans today. If the nation is to be rebuilt and its infrastructure renewed, if the country is to emerge from the present economic crisis and reclaim its position of unqualified strength and leadership in world affairs, then it must be guided by the vision, determination, and investments that originally helped create a secure and prosperous America.

Returning home from war, a wounded Lord Huntington has sworn off marriage. But in the hands of Nurse Charlotte Kittridge, he feels something stir. Meanwhile, Charlotte hopes that the man who makes her heart pound will return her dangerously passionate love. Original.

Dream Bold, Start Smart University of Pittsburgh Pre

THE INSTANT NEW YORK TIMES BESTSELLER Who has the right to change the world forever? How will we live online? How do we find comfort in an increasingly isolated world? The Carls disappeared the same way they appeared, in an instant. While the robots were on Earth, they caused confusion and destruction with only their presence. Part of their maelstrom was the sudden viral fame and untimely death of April May: a young woman who stumbled into Carl's path, giving them their name, becoming their advocate, and putting herself in the middle of an avalanche of conspiracy theories. Months later, April's friends are trying to find their footing in a post-Carl world. Andy has picked up April's mantle of fame, speaking at conferences and online; Maya, ravaged by grief, begins to follow a string of mysteries that she is convinced will lead her to April; and Miranda is contemplating defying her friends' advice and pursuing a new scientific operation...one that might have repercussions beyond anyone's comprehension. Just as it is starting to seem like the gang may never learn the real story behind the events that changed their lives forever, a series of clues arrive—mysterious books that seem to predict the future and control the actions of their readers—all of which seems to suggest that April could be very much alive. In the midst of the search for the truth and the search for April is a growing force, something that wants to capture our consciousness and even control our reality. *A Beautifully Foolish Endeavor* is the bold and brilliant follow-up to *An Absolutely Remarkable Thing*. It is a fast-paced adventure that is also a biting social commentary, asking hard, urgent questions about the way we live, our freedoms, our future, and how we handle the unknown.

Endeavour Page Two

Bold Endeavors: Lessons from Polar and Space Exploration presents the results of 15 years of research for NASA and the Department of Defense concerning the factors that contribute to adjustment and sustained human performance under conditions of isolation and confinement. The research involved the study of previous space operations and conditions on Earth, such as submarines, Antarctic stations, polar expeditions, and voyages of discovery, that are comparable to what might be expected for future long duration space missions. *Bold Endeavors* is read by students, engineers, behavioral scientists, modern explorers, and the personnel staffing US Antarctic stations, among others; it has been described as “required reading” for members of NASA's Expedition Corps, astronauts who are preparing for expeditions to the International Space Station and beyond. *Bold Endeavors* is of interest to the fields of psychology, psychiatry, human factors and ergonomics, anthropology, aerospace engineering, space medicine, personnel selection, organizational management, and the history of exploration. The chapter on Food is even used as a reference in culinary and hospitality-management programs.

The Point of It All Crown

NEW YORK TIMES BESTSELLER • A powerful collection of the influential columnist's most important works—featuring rare speeches, a major essay about today's populist movements and the future of global democracy, and a new preface by the author's son, Daniel Krauthammer “Charles will be remembered as one of the greatest public intellectuals of his generation.”—John McCain In his decades of work as America's preeminent political commentator, whether writing about statecraft and foreign policy or reflecting on more esoteric topics such as baseball, spaceflight and medical ethics, Charles Krauthammer elevated the opinion column to a form of art. This collection features the columns, speeches and unpublished writings that showcase the best of his original thought and his last, enduring words on the state of American politics, the nature of liberal democracy and the

course of world history. The book also includes a deeply personal section offering insight into Krauthammer's beliefs about what mattered most to him: friendship, family and the principles he lived by. *The Point of It All* is a timely demonstration of what made Charles Krauthammer the most celebrated American columnist and political thinker of his generation, a revealing look at the man behind the words and a lasting testament to his belief that anyone with an open and honest mind can grapple deeply with the most urgent questions in politics and in life.

“The remarkable women celebrated in [this] vibrantly illustrated collection . . . offer stirring words of encouragement to any woman, of any age” (Booklist). The glory of growing older is the freedom to be more truly ourselves. With age we gain the confidence to pursue bold new endeavors and worry less about what other people think. In this richly illustrated volume, bestselling author and artist Lisa Congdon explores the power of women over the age of forty who are thriving and living life on their own terms. *A Glorious Freedom* includes profiles, interviews, and essays from women such as Vera Wang, Laura Ingalls Wilder, Julia Child, Cheryl Strayed, and many others who have found creative fulfillment and accomplished great things in the second half of their lives. Each section is lavishly illustrated and hand-lettered in Congdon's signature style.

Abundance State University of New York Press

Consumer advocate, activist, humanitarian, and former presidential candidate Ralph Nader is arguably the most provocative and important progressive voice in America today—a fearless reformer whom *The Atlantic* named one of the 100 most influential figures in American history. In these troubling times of intractable fiscal and social distress, Nader offers a new program to help rescue America: *The Seventeen Solutions*. His powerful, paradigm-shifting proposals address some of the most pressing concerns in our country today—from corporate crime to tax reform to health care and housing—and they should find a receptive audience not only among liberals, progressives, disillusioned Democrats, Rachel Maddow fans, and Occupy Wall Street supporters, but all concerned Americans.

From USA Today Bestseller Amanda Mariel comes a steamy enemies-to-lovers Victorian romp!

Bound by Duty, Ignited by Passion: In a world of opulence and constraint, Lady Amelia must navigate tradition and desire, as a daring plan to secure an English lord entwines her fate with the rakish Duke of Goldstone, leading to a scandalous journey of passion, secrets, and self-discovery. *Scandalous Endeavors* is perfect for fans of Christi Caldwell's *The Duke Alone*, Darcy Burke's *The Duke of Lies*, and Scarlett Scott's *Forever Her Duke*. "Wonderfully written and a fairytale HEA! 5 stars for me!" ~The Romance Reviews "Amanda Mariel writes charming Victorian era romances with engaging characters. I can't wait for her next book." ~USA TODAY BESTSELLING AUTHOR MEARA PLATT ""Scandalous Endeavors" is a fun jaunt with quirky characters, and a happily ever after - the perfect recipe for a pleasantly enjoyable read!" ~InD'tale Magazine In the elegant backdrop of 18th-century English aristocracy, Lady Amelia's world shatters with her father's passing, leaving her bereft and constrained by the bonds of youth. Guided by newfound allies, Amelia crafts a daring plan: a mere four weeks to settle her affairs and covertly secure an English lord for marriage, a ploy to anchor her heart to her homeland. Amidst her mourning, Amelia's audacious quest unfolds as she embarks on the intricate game of capturing a worthy suitor from London's elite. Enter the rakish Duke of Goldstone, a Scottish nobleman whose allure is only matched by his unsuitable lineage in Amelia's eyes. Sparks ignite and tempers flare as Amelia and the Duke lock horns, their fierce debates underscoring an inexplicable pull drawing them together—a force impossible to ignore. Amelia's journey teeters on the precipice of tradition and desire, as her clashes with the Duke force her to confront not only the conventions that bind her but also the uncharted territories of her own heart. In a world where propriety and passion collide, her struggle becomes a testament to the transformative power of love, unraveling secrets and self-discovery she could never have fathomed. *Scandalous Endeavors* is a sexy enemies-to-lovers romance that sweeps readers into a captivating era of scandal, desire, and love. Join Lady Amelia and the Duke of Goldstone as they navigate the intricacies of society, and embark on a heart-pounding journey where true love defies all odds. *The Ladies and Scoundrels Series* Embark on a journey through time and continents with the captivating *Ladies and Scoundrels* series. From the refined ballrooms of Regency England to the sultry shores of America, each book weaves tales of

forbidden desires, rekindled flames, and redemptive love. As fate interlaces the lives of headstrong duchesses, wicked earls, and spirited American newcomers, they navigate the intricacies of society, duty, and their own hearts. Join these resilient souls as they chase their passions, mend old wounds, and find solace in each other's arms, proving that in the face of scandal and adversity, love can conquer all. Book 1: *Scandalous Endeavors* Book 2: *Scandalous Intentions* Book 3: *Scandalous Redemption* Book 4: *Scandalous Wallflower* Book 5: *Scandalous Liaison* Book 6: *Dancing with Serendipity* *The Ladies and Scoundrels* series features sexy swoon-worthy heroes, feisty determined heroines, and Happily ever afters. If you enjoy books by Christi Caldwell, Kerrigan Bryne, Emma V Leech, Tessa Dare, Tammy Andresen, Sarah MacLean, and Scarlett Scott, you'll love the *Ladies and Scoundrels* series. Each of the *Ladies and Scoundrels* books can be enjoyed as a standalone and in any order. However, they are best enjoyed together in the suggested reading order. If I Never Forever Endeavor High Ground Press

"An experienced accountant and tax advisor tells aspiring business owners how to assess their plans, set up their business and finances right, and not lose money."--

Be Audacious Farrar, Straus and Giroux

It's not an exaggeration to say that middle-class Americans are an endangered species and that the American Dream of a secure, comfortable standard of living has become as outdated as an Edsel with an eight-track player. That the United States of America is in danger of becoming a third world nation. The evidence is all around us: Our industrial base is vanishing, taking with it the kind of jobs that have formed the backbone of our economy for more than a century; our education system is in shambles, making it harder for tomorrow's workforce to acquire the information and training it needs to land good twenty-first century jobs; our infrastructure—our roads, our bridges, our sewage and water, our transportation and electrical systems—is crumbling; our economic system has been reduced to recurring episodes of Corporations Gone Wild; our political system is broken, in thrall to a small financial elite using the power of the checkbook to control both parties. And America's middle class, the driver of so much of our economic success and political stability, is rapidly disappearing, forcing us to confront the fear that we are slipping as a nation - that our children and grandchildren will enjoy fewer opportunities and face a lower standard of living than we did. It's the dark flipside of the American Dream - an American Nightmare of our own making. Arianna Huffington, who, with the must-read Huffington Post, has her finger on the pulse of America, unflinchingly tracks the gradual demise of America as an industrial, political, and economic leader. In the vein of her fiery bestseller *Pigs at the Trough*, *Third World America* points fingers, names names, and details who's killing the American Dream. Finally, calling on the can-do attitude that is part of America's DNA, Huffington shows precisely what we need to do to stop our freefall and keep America from turning into a third world nation. *Third World America* is a must-read for anyone disturbed by our country's steady descent from 20th century superpower to backwater banana republic.

Next Generation Infrastructure American Library Association

"A rich, believable portrait of a master politician out of office: needy, rivalrous, thin-skinned, proud, hot-tempered." —*The New York Review of Books* Updated in 2017 and hailed as, "engrossing...detailed and intimate" (*Publishers Weekly*), veteran political journalist Joe Conason's *Man of the World* brings you along with Bill Clinton, as the forty-second president blazes new paths in his post-presidential career. It is unlike the second career of any other president: "Bill Clinton" is a global brand, rising from the dark days of his White House departure to become one of the most popular names in the world. In his "deeply researched" (*The New York Times Book Review*) *Man of the World*, Joe Conason describes how that happened, examining Clinton's achievements, his failures, his motivations, and his civilian life. He explains why Clinton's ambitions for the world continue to inspire (and infuriate). Conason, who has covered Clinton for twenty years, interviewed him many times for this book—as well as Hillary and Chelsea and many of his friends, aides, rivals, and supporters. He has travelled with Clinton to Africa, Haiti, Israel, and across America. Conason's "often absorbing chronicle captures the energy and charisma of the former president as he...finds

a mission in his philanthropic work in Africa, Asia, and elsewhere” (Kirkus Reviews). *Man of the World*—starring the one and only Bill Clinton—tells the engrossing story of an extraordinary man who is still seeking to do good in the world.

Man of the World Candlewick Press

“The first book of its kind, *A History of Organ Transplantation* examines the evolution of surgical tissue replacement from classical times to the medieval period to the present day. This volume will be useful to undergraduates, graduate students, scholars, surgeons, and the general public. Both Western and non-Western experiences as well as folk practices are included.”--Project Muse.

Tadao Ando Crown Forum

INTERNATIONAL BESTSELLER • Inspired by her popular TED Talk, the founder and CEO of *Girls Who Code* urges women to embrace imperfection and live a bolder, more authentic life. “A timely message for women of all ages: Perfection isn’t just impossible but, worse, insidious.”—Angela Duckworth, bestselling author of *Grit* Imagine if you lived without the fear of not being good enough. If you didn’t care how your life looked on Instagram. If you could let go of the guilt and stop beating yourself up for making human mistakes. Imagine if, in every decision you faced, you took the bolder path? As women, too many of us feel crushed under the weight of our own expectations. We run ourselves ragged trying to please everyone, pass up opportunities that scare us, and avoid rejection at all costs. There’s a reason we act this way, Saujani says. As girls, we were taught to play it safe. Well-meaning parents and teachers praised us for being quiet and

polite, urged us to be careful so we didn’t get hurt, and steered us to activities at which we could shine. As a result, we grew up to be women who are afraid to fail. It’s time to stop letting our fears drown out our dreams and narrow our world, along with our chance at happiness. By choosing bravery over perfection, we can find the power to claim our voice, to leave behind what makes us unhappy, and to go for the things we genuinely, passionately want. Perfection may set us on a path that feels safe, but bravery leads us to the one we’re authentically meant to follow. In *Brave, Not Perfect*, Saujani shares powerful insights and practices to help us let go of our need for perfection and make bravery a lifelong habit. By being brave, not perfect, we can all become the authors of our best and most joyful life.

To Boldly Grow High Ground Press

It goes without saying that everyone wishes to live a life that matters. But how do we harness this potential and positively impact the world around us? In *Be Audacious: Inspiring Your Legacy and Living a Life that Matters*, author and motivational speaker Michael W. Leach offers a simple, four-part game plan for overcoming adversity, living authentically, uncovering purposeful passion, and developing vision. Leach encourages readers to embrace nonconformity—to “shed the shackles of societal norms”—in pursuit of their dreams. Fresh, vulnerable, and contemporary, this call to action speaks to millennials and any others who aspire to break out of the box on the path to a purposeful journey uniquely their own.

This Dark Endeavor Simon and Schuster

A love-letter to the unexpected delights (and occasional despair) of so-called “first-hand

food”—meals we grow, forage, fish, or even hunt from the world around us. *To Boldly Grow* is “part memoir, part how-to guide and wholly delightful” (Washington Post). Journalist and self-proclaimed “crappy gardener” Tamar Haspel is on a mission: to show us that raising or gathering our own food is not as hard as it’s often made out to be. When she and her husband move from Manhattan to two acres on Cape Cod, they decide to adopt a more active approach to their diet: raising chickens, growing tomatoes, even foraging for mushrooms and hunting their own meat. They have more ambition than practical know-how, but that’s not about to stop them from trying...even if sometimes their reach exceeds their (often muddy) grasp. With “first-hand food” as her guiding principle, Haspel embarks on a grand experiment to stop relying on experts to teach her the ropes (after all, they can make anything grow), and start using her own ingenuity and creativity. Some of her experiments are a rousing success (refining her own sea salt). Others are a spectacular failure (the turkey plucker engineered from an old washing machine). Filled with practical tips and hard-won wisdom, *To Boldly Grow* allows us to journey alongside Haspel as she goes from cluelessness to competence, learning to scrounge dinner from the landscape around her and discovering that a direct connection to what we eat can utterly change the way we think about our food--and ourselves.
