KARLEE PORTER

Ship of Fools Oxford
University Press, USA
There's no such thing as a
bad kid. That's what a
lifetime of experience has
taught Dr. Stuart Shanker.
No matter how difficult,
out of control, distracted,

or exhausted a child
might seem, there's a
way forward: self-
regulation. Overturning
decades of conventional
wisdom, this radical new
technique allows children
and the adults who care
for them to regain their
composure and peace of
mind. Self-Reg is a
groundbreaking book that
presents an entirely new

understanding of your
child's emotions and
behavior and a practical
guide for parents to help
their kids engage calmly
and successfully in
learning and life.
Grounded in decades of
research and working with
children and parents by
Dr. Shanker, Self-Reg
realigns the power of the
parent-child relationship

for positive change. Self-regulation is the nervous system's way of responding to stress. We are seeing a generation of children and teens with excessively high levels of stress, and, as a result, an explosion of emotional, social, learning, behavior, and physical health problems. But few parents recognize the "hidden stressors" that their children are struggling with: physiological as well as social and emotional. An entrenched view of child rearing sees our children as lacking self-

control or willpower, but the real basis for these problems lies in excessive stress. Self-regulation can dramatically improve a child's mood, attention, and concentration. It can help children to feel empathy, and to cultivate the sorts of virtues that most parents know are vital for their child's long-term wellbeing. Self-regulation brings about profound and lasting transformation that continues throughout life. Dr. Shanker translates decades of his findings from working with

children into practical, prescriptive advice for parents, giving them concrete ways to develop their self-regulation skills and teach their children to do the same and engage successfully with life for optimal learning, social, and emotional growth.

The Selfish Gene

Renard Press Ltd

The #1 New York Times bestseller from FOX News star of Tucker Carlson Tonight offers "a targeted snipe at the Democrats and Republicans and their elite enablers" (New York Journal of Books) in a

funny political commentary on how America's ruling class has failed everyday Americans. "Informal and often humorous...an entertainingly told narrative of elite malfeasance" (Publishers Weekly), Tucker Carlson's Ship of Fools tells the truth about the new American elites, a group whose power and wealth has grown beyond imagination even as the rest of the country has withered. The people who run America now barely interact with it. They fly

on their own planes, ski on their own mountains, watch sporting events far from the stands in sky boxes. They have total contempt for you. In Ship of Fools, Tucker Carlson offers a blistering critique of our new overlords and answers the all-important question: How do we put the country back on course? Traditional liberals are gone, he writes. The patchouli-scented hand-wringers who worried about whales and defended free speech have been replaced by globalists who hide their

hard-edged economic agenda behind the smokescreen of identity politics. They'll outsource your job while lecturing you about transgender bathrooms. Left and right, Carlson says, are no longer meaningful categories in America. "The rift is between those who benefit from the status quo, and those who don't." Our leaders are fools, Carlson concludes, "unaware that they are captains of a sinking ship." But in the signature and witty style that viewers of Tucker Carlson

Tonight enjoy so much, *Ship of Fools* is “bulging with big and interesting ideas, presented succinctly with wit and precision, each chapter a potential book in itself” (The Washington Times).

Sacred Selfishness

HarperCollins

As sweet and satisfying as holiday baking, here is a beautiful update of Monica Wellington's *Mr. Cookie Baker*. In this book, youngsters can follow the process of measuring, mixing, baking, decorating, and eating cookies. With six

new full-color pages, a handsome new jacket, educational tie-ins, and more recipes, this is the perfect supplement to early math units on sequencing, sorting, measuring, and telling time. The simple, straightforward behind-the-scenes view of a bakery makes it a splendid addition to Monica Wellington's other nonfiction for the very young, such as *Zinnia's Flower Garden*. Yummy in any season!

Realizing that her father's lack of work has endangered her family, nine-year-old Juice decides that she must return to school and learn to read in order to help their chances of surviving and keeping their house. *Integrating SEL into Your Curriculum* Baker Books
George Orwell set out ‘to make political writing into an art’, and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes

helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In Why I Write, the first in the Orwell's Essays series, Orwell describes his journey to becoming a writer, and his movement

from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' – 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' – and considers the importance of keeping these in balance. Why I Write is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the

great writer's oeuvre. 'A writer who can – and must – be rediscovered with every age.' — Irish Times
Behaviour, Safety and Well Being Simon and Schuster
We've needlessly turned parenting into an unpleasant chore. Parents invest more time and money in their kids than ever, but the shocking lesson of twin and adoption research is that upbringing is much less important than genetics in the long run. These revelations have surprising implications for

how we parent and how we spend time with our kids. The big lesson: Mold your kids less and enjoy your life more. Your kids will still turn out fine. *Selfish Reasons to Have More Kids* is a book of practical big ideas. How can parents be happier? What can they change -- and what do they need to just accept? Which of their worries can parents safely forget? Above all, what is the right number of kids for you to have? You'll never see kids or parenthood the same way again.

The Giving Tree Penguin
The single greatest lesson parents teach their kids isn't anything they say-- it's what they do. And while most parents would say they want to raise compassionate kids, they might be surprised to discover just how little they're actually modeling the behaviors they hope to pass on--qualities such as unconditional love, gentleness, forgiveness, patience, gratitude, humility, and more. In this unique book, Sami Cone shows parents a new way to look at molding their

children, one in which focusing on adding good behaviors and attitudes is more powerful than eliminating bad ones. Grounding her advice in Scripture--specifically the twelve characteristics found in Colossians 3:12-17--Cone offers plenty of stories from her own life to show these principles in action. And she offers practical things parents can do right now to create a home and family that exhibits love, harmony, and generosity of spirit in a self-centered world.

Christmas Trolls

Penguin

In this engaging book, Armand Doucet, a globally respected and recognized teacher, provides a clear roadmap for championing classroom-focused change in a technology-advanced society.

Teaching Life brings the voices of teachers into the global conversation about educational reform to offer a how-to for implementing into classrooms design thinking, technology integration and a holistic education based on

competencies, social-emotional learning and the literacies. With the innovative ideas in this book, educators can create a foundation for sustainable, honest, transparent leadership and work toward building a true community of local and global learning.

The Rough-Face Girl

Bantam

Miracles happen where you least expect them. No one captures the tides of a woman's heart quite like Jean Stone. Set on New England's celebrated Martha's Vineyard, this

novel brings together three courageous women whose struggles reveal startling truths and ultimately change their lives. The women begin as strangers: Rita has a past that cannot stay hidden for long; Katie, the vibrant rock star, must choose between saving her own life and the life of her unborn child; Hannah, a selfless housewife, finds herself abandoned by her friends just when she needs them most; and Faye, the wealthy executive, thinks she's already survived the

greatest fight of her life. Before the summer ends, these women will form a lasting bond—in a season when old hurts are finally healed, love is rekindled, and life begins anew.

Quarterly Review of the Methodist Episcopal Church, South Rowman & Littlefield

The new Ofsted framework evaluates the behaviour and safety of pupils at the school. This resource provides over 100 lesson plans promoting: recognition of different emotions and

behaviours; practice in responding to those different emotions and behaviours; good behaviour towards, and respect for, other young people and adults. Each lesson plan is linked to a children's book and references SEAL. Lessons can support Literacy, PSHE and citizenship. Lesson plans are bracketed into year groups and five or six-week modules that give schools the opportunity to deliver specific projects on anti-bullying / safeguarding, pupil voice

and transition. There are also modules covering emotions such as anger, loneliness, excitement, jealousy, kindness, pride and confidence. This is a comprehensive, accessible and invaluable tool for every classroom.

The Selfish Giant Harper Collins

As *The Giving Tree* turns fifty, this timeless classic

is available for the first time ever in ebook format. This digital edition allows young readers and lifelong fans to continue the legacy and love of a classic that will now reach an even wider audience.

"Once there was a tree...and she loved a little boy." So begins a story of unforgettable perception, beautifully written and illustrated by the gifted and versatile Shel Silverstein. This moving parable for all ages offers a touching interpretation of the gift of giving and a serene

acceptance of another's capacity to love in return. Every day the boy would come to the tree to eat her apples, swing from her branches, or slide down her trunk...and the tree was happy. But as the boy grew older he began to want more from the tree, and the tree gave and gave and gave. This is a tender story, touched with sadness, aglow with consolation. Shel Silverstein's incomparable career as a bestselling children's book author and illustrator began with *Lafcadio*, the

Lion Who Shot Back. He is also the creator of picture books including *A Giraffe and a Half*, *Who Wants a Cheap Rhinoceros?*, *The Missing Piece*, *The Missing Piece Meets the Big O*, and the perennial favorite *The Giving Tree*, and of classic poetry collections such as *Where the Sidewalk Ends*, *A Light in the Attic*, *Falling Up*, *Every Thing On It*, *Don't Bump the Glump!*, and *Runny Babbit*. And don't miss the other Shel Silverstein ebooks, *Where the Sidewalk Ends* and *A Light in the Attic*!

The Selfish Altruist
Routledge
A New York Times bestseller! Amazon Prime's Most Read Title of 2019! An Amazon Best Children's Book of the Month from the New York Times bestselling author of the *Goodnight Already!* series This is a book about a bad seed. A baaaaaaaaaad seed. How bad? Do you really want to know? He has a bad temper, bad manners, and a bad attitude. He's been bad since he can remember! This seed cuts in line every time, stares

at everybody and never listens. But what happens when one mischievous little seed changes his mind about himself, and decides that he wants to be—happy? With Jory John's charming and endearing text and bold expressive illustrations by Pete Oswald, here is *The Bad Seed*: a funny yet touching tale that reminds us of the remarkably transformative power of will, acceptance, and just being you. Perfect for readers young and old, *The Bad Seed* proves that positive change is

possible for each and every one of us.

Starry-Eyed Stan

Scholastic Inc.

A collection of essays that sets forth the moral principles of Objectivism, Ayn Rand's controversial, groundbreaking philosophy. Since their initial publication, Rand's fictional works—Anthem, The Fountainhead, and Atlas Shrugged—have had a major impact on the intellectual scene. The underlying theme of her famous novels is her philosophy, a new morality—the ethics of

rational self-interest—that offers a robust challenge to altruist-collectivist thought. Known as Objectivism, her divisive philosophy holds human life—the life proper to a rational being—as the standard of moral values and regards altruism as incompatible with man's nature. In this series of essays, Rand asks why man needs morality in the first place, and arrives at an answer that redefines a new code of ethics based on the virtue of selfishness. More Than 1 Million Copies Sold!

Pig the Pug Words & Pictures

All of the animals are afraid of the Selfish Crocodile - he never let's them into his river, and he's always so snappy! And so when the Selfish Crocodile finds himself in terrible pain, no-one wants to help him - after all, what if he gobbles them up? But, to everyone's surprise, there is one animal in the forest who is willing to help . . . A brilliant tale of friendship, The Selfish Crocodile has become a picture book classic.

The Bad Seed Routledge
Jake's bragging is really starting to get to his neighbor Tyler. Tyler can't show Jake a basketball move, a school assignment, or a new toy without Jake saying he can do better. Tyler starts to wonder: Is something wrong with him? Is he really such a loser? Is Jake really better than him at everything? Or is Jake the one with the problem? With the help of his uncle Kevin, Tyler begins to

understand that Jake's bragging has nothing to do with Tyler's own abilities and that puffing yourself up leaves little room for friends.

Successful Teaching
Knopf Books for Young Readers

Join Dot and Duck in a simple, yet hilarious, story about kindness, manners, and friendship that gets more and more chaotic with every turn of the page! Dot invites Duck to

a tea party, but from the moment Duck enters the house, the tea party descends into chaos; from licking sandwich fillings to spitting tea, Duck gets ruder...and ruder...and ruder. Just how will Dot react to such outrageous behavior? Simple, funny, and ultimately touching, this book will appeal to any child who is learning what it is not to be rude and, more importantly, what it is to be a true friend.
