T.M.C. Asser (1838-1913) (2 vols.) Copyright Office, Library of Congress

Reprint of the original, first published in 1872. The publishing house Anatiposi publishes historical books as reprints. Due to their age, these books may have missing pages or inferior quality. Our aim is to preserve these books and make them available to the public so that they do not get lost.

School Dictionary of the French and English Language ... BoD - Books on Demand

This publication presents a comprehensive review of the life and intellectual legacy of the Dutch Nobel Peace laureate and father of the Hague tradition of international law. It is the first research

study based on a wealth of recently disclosed private and family files, and deepens and modifies all earlier evaluations. It enlarges on Asser's achievements as legal practitioner, university don, pioneer of private international law, diplomat and arbitrator, and State Councillor. It discusses his durable impact as founder of international law bodies and institutions. It likewise highlights the impressive Asser family tradition that exemplifies 19th-century Jewish emancipation in Amsterdam, addresses Asser's youth and student years, his role as family man and the impact of personal drama on his career. Detailed Table of Contents. Layout of the Book.

King René D'Anjou and His Seven Queens Brill Archive

C'est la suite du Clan des bannis. Le second volet bouriffant, hilarant, effrayant d'une saga de piraterie comme on n'en a jamais lu ! William Santrac a grandi, il 14 ans et il doit se lancer dans une nouvelle aventure. Son but est clair : retrouver le

trésor légendaire des 7 galions. Le souci : personne ne veut le suivre dans cette folle chasse au trésor. Certains le prennent pour un fou, d'autres disent qu'il est inconscient. Son meilleur ami, Victor ? Il ne veut pas le suivre. Il a la trouille. Les autres ? Pas mieux. Ils sont morts de peur ? Pourquoi ? Vous le découvrirez en lisant ce roman magnifique et terrifiant la fois...

ptie. 1534-1663.-2. ptie. 1663-1759 BRILL

An artist is found strangled in her apartment. The murderer, caught by a couple of neighbors, hides in the victim's bedroom as a last resource. When the police arrives, he doesn't have a choice but to jump from the balcony to land on a garbage truck. His face hidden by a helmet, he gets to get away on a motorcycle without having been identified. This is a case with a rough start for Detective Meyer and his team. Doctor in Science of Religion by Montreal University, Alain Ruiz is the author of several novels and practical guides with more than 130,000 copies sold, including the Ian Flibus series (Ian Flix), which had a great success in Québec, and Les chroniques de Braven Oc, which are also adapted to comic book form. Alain Ruiz is married and has three children.

The International English and French Dictionary Babelcube Inc. Raoul is neither the dunce nor the know-it-all of his class, it's just Raoul, the coolest guy in St-Suppliee college. He is convinced that his parents did not attend his birth, that his old aunt Gertrude is still an active spy and that his French teacher is an arsonist. Nevertheless, Raoul finds his life super cool. He might have lots of friends, but he prefers to hang out with Bart, his best friend who has a phobia of snakes and spiders. When Raoul and Bart meet Catline and Li Mei, two girls from their class, it's the beginning of a great friendship from a really cool group.

Debbie Cohen, a sixteen-year-old Californian, could not imagine the adventure she was about to live through. Based on an old man's legend, she went to Africa with her anthropologist mother. But what was supposed to be a simple reconnaissance mission took an unexpected turn when a creature dragged Debbie to a mysterious garden. Debbie would there discover something that would transform her life and link her destiny to an extraordinary being. She found love where none had ever thought to look...

This book contains a collection of essays by leading experts linked to the outstanding characteristics of the scholar in honour of whom it is published, Tullio Treves, who combines his academic background with his practical experiences of a negotiator of international treaties and a judge of an international tribunal. It covers international public and private law related to international courts and the development of international law. Under Article 38 of its Statute, the International Court of Justice can apply judicial decisions only as a "subsidiary means for the determination of rules of law". However, there are many reasons to believe that international courts and tribunals do play quite an important role in the progressive development of international law. There are a number of decisions which are inevitably recalled as the first step, or a decisive step, in the process of the formation of a new rule of customary international law. In these cases, can the judge be considered as a subsidiary of others? Are

these cases compatible with the common belief that a judge cannot create law? Is this a peculiarity of international law, which is characterized by the existence of several courts but the lack of a legislator? Do decisions by different courts lead to the consequence of a fragmented international law? This volume provides the reader with an elaboration of various questions linked to the legislative role of courts. In their choices of subjects, some contributors have taken into account the general aspects of the development of international rules through court decisions or specific sectors of international law, such as human rights, international crimes, international economic law, environmental law and the law of the sea. Others have chosen the subject of the rules on jurisdiction and procedure of international courts. The question of the courts' role in the development of areas of law different from public international law, namely private international law and European Union law, has also been considered. The information and views contained in this book will be of great value to academics, students, judges, practitioners and all others interested in the public and private international law aspects of the link between international courts and the development of international law.

Cours D'histoire Du Canada: ptie. 1534-1663.-2. ptie. 1663-1759 Babelcube Inc.

The final book from David Graeber, the iconic intellectual, activist, and co-author of the New York Times bestseller, *The Dawn of Everything*. Pirates have long lived in the realm of romance and fantasy, symbolizing risk, lawlessness, and radical visions of freedom. But at the root of this mythology is a rich history of pirate societies—vibrant, imaginative experiments in self-governance and alternative social formations at the edges of European empire. In graduate school, David Graeber conducted ethnographic field research in Madagascar, producing what would eventually become a doctoral thesis on the island's magic, slavery, and politics. During this time, he encountered the Zana-Malata, an ethnic group made up of mixed descendants of the many pirates who settled on the island at the beginning of the eighteenth century. *Pirate Enlightenment, or the True Libertalia*, Graeber's final posthumous book, is the outgrowth of this early research, written while he and David Wengrow were working on what would become their major bestseller, *The Dawn of Everything*. In direct conversation with that work, Graeber explores how the proto-democratic, even libertarian practices of the Zana-Malata came to shape the Enlightenment project defined for too long as distinctly European. The result is a short but sweeping exploration of the non-European origins of what we consider to be "Western" thought, and an endeavor to recover forgotten forms of social and political order that gesture toward new, hopeful possibilities for the future.
