Joseph Mancuso means business. He takes you into your bank and into the offices of America's venture capitalists for an inside look at how they work and what they expect from prospective borrowers. He tells you exactly what actions to take every step of the way and how to distinguish yourself in the lender's eyes. How to Get a Business Loan will dramatically enhance your chances of putting together a deal you can live with and profit by.

A favorite classroom prep tool of successful students that is often recommended by professors, the Examples & Explanations (E&E) series provides an alternative perspective to help you understand your casebook and in-class lectures. Each E&E offers

hypothetical questions complemented by detailed explanations that allow you to test your knowledge of the topics in your courses and compare your own analysis. Here's why you need an E&E to help you study throughout the semester: Clear explanations of each class topic, in a conversational, funny style. Features hypotheticals similar to those presented in class, with corresponding analysis so you can use them during the semester to test your understanding, and again at exam time to help you review. It offers coverage that works with ALL the major casebooks, and suits any class on a given topic. The Examples & Explanations series has been ranked the most popular study aid among law students because it is equally as helpful from the first day of class through the final exam.
