The History of Spain and Portugal

Robinson

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps

(as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction

of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Spain and Portugal

Robinson

This is a story about the lust for gold and treasure," Fine writes. In the 1600s and 1700s, Spain dominated the oceans with its fleet of galleons.

Coming to the New World, these ships filled their holds with gold and silver and treasures beyond imagining.

The seaway between Spain and the New World was dubbed The Golden Highway. On their journeys back across

the seas, many were wrecked on reefs or destroyed by hurricanes.

The watery depths now hold their treasures.

Today, treasure divers seek their fortunes by attempting--sometimes successfully, sometimes fatally--to retrieve these hordes of riches. In

Treasures of the Spanish Main, readers relive each voyage of long ago as well as witness the modern wreck diver's efforts

to extract their secrets.

Included are:

The 1622 fleet

* The

Concepcion *

The Maravillas

* The

Shipwreck off Jupiter Beach

* The San Jose

* the 1715

Fleet * and

the 1733 Fleet

The voyages

of centuries

ago come

alive with

Fine's

excellent

historical detail.

Readers will

experience

the wild

storms and

the results of

unfortunate

choices made

by long-ago

sailors. The

eccentric

treasure hunters of today, along with those of the past, create a mosaic of suspense and drama on the high seas. A must for everyone interested in pirates, treasure, sailing, history, or just plain fun.

The History of Nations: Adam, G.M. Spain and Portugal
 Hardpress Publishing
 This collection of previously untranslated court documents, testimonials, and letters

portrays the Spanish Inquisition in vivid detail, offering fresh perspectives on such topics as the Inquisition's persecution of Jews and Muslims, the role of women in Spanish religious culture, the Inquisition's construction and persecution of witchcraft, daily life inside an Inquisition prison, and the relationship between the Inquisition and the Spanish monarchy.

Headnotes

introduce the selections, and a general introduction provides historical, political, and legal context. A map and index are included.

A History of Spain & Portugal
 The Rosen Publishing Group, Inc
 This is the first study in English of the political history of Muslim Spain and Portugal, based on Arab sources. It provides comprehensive coverage of events across the whole of the region

from 711 to the fall of Granada in 1492. Up till now the history of this region has been badly neglected in comparison with studies of other states in medieval Europe. When considered at all, it has been largely written from Christian sources and seen in terms of the Christian Reconquest. Hugh Kennedy raises the profile of this important area, bringing the subject alive with vivid translations

from Arab sources. This will be a fascinating reading for historians of medieval Europe and for historians of the middle east drawing out the similarities and contrasts with other areas of the Muslim world.

The latter history of British, Spanish, and Portuguese America.

1889 Hackett Publishing
This is a comprehensive history of Portugal that covers the whole span, from the

Stone Age to today. An introduction provides an understanding of geographical and climatic issues, before an examination of Portugal's prehistory and classical Portugal, from the Stone Age to the end of the the Roman era. Portugal's history from ad420 to the thirteenth century takes in the Suevi, Visigoths and Moors. Then, a look at medieval Portugal, covers the development of Christian

Portugal culminating with the expulsion of the Moors, with a focus on key sites. A subsequent section on Spanish rule, between 1580 and 1640, explains why Spain took over and why Spanish rule collapsed. There is a significant focus on Portugal's global role, particularly during the age of exploration, or expansion, in the fifteenth century to 1580: Manueline Portugal,

Henry the Navigator, Vasco da Gama and Belém. Portugal was the first of the Atlantic empires, with territory in the Azores, Madeira, West Africa and Brazil, and it remained a major empire until the 1820s, retaining an African empire until the 1970s. It's empire in Asia - in Malacca, Macao, Goa and Timor - continued even longer, until the 1990s. Black shows how Portugal had a

global impact, but the world, too, had an impact on Portugal. Baroque Portugal, between 1640 and 1800, is explored through palaces in Mafra, Pombal and elsewhere and the wealth of Brazil. The nineteenth century brought turmoil in the form of a French invasion, the Peninsular War, Brazilian independence, successive revolutions, economic issues and the end of the

monarchy. Republican Portugal brought further chaos in the early years of the twentieth century, then the dictatorship of Salazar and its end in the Carnation Revolution of 1974. Portugal's role in both world wars is examined, also its wars in Africa. From the overthrow of autocracy to a new constitution and the leadership of Soares, contemporary, democratic Portugal is

explored, including the fiscal crisis of recent years. Throughout Black introduces the history and character of the country's principal regions, including the Azores, Madeira and the Cape Verde Islands. He looks at key national sites, at Portuguese food and wine and the arts, with special sections devoted to port, Portugal's famous tiles and the university established at

Coimbra in 1290.

A History of Spain & Portugal U of Minnesota Press
Provides an overview of Spain and Portugal, and their place in the European Union.

Treasures of the Spanish Main Andesite Press
Despite being relatively brief, this very readable history covers environmental , political, social, economic, cultural and artistic elements, and is very open to regional

variations and to the extent that the history of the peninsula and of its political groupings was far from inevitable. Its tone is accessible, supported by boxes providing supplemental information, and is perfect for travellers to Spain.

BRILL
Spanish and Portuguese expansion substantially altered the social,

political, and economic contours of the modern world. In his book, Lyle McAlister provides a narrative and interpretive history of the exploration and settlement of the Americas by Spain and Portugal. McAlister divides this period (and the book) into three parts. First, he describes the formation of Old World societies with particular attention to those features that influenced the

directions and forms of overseas expansion. Second, he traces the dynamic processes of conquest and colonization that between 1492 and about 1570 firmly established Spanish and Portuguese dominion in the New World. The third part deals with colonial growth and consolidation down to about 1700. McAlister's main themes are: the post-conquest territorial

expansion that established the limits of what later came to be called Latin America, the emergence of distinctively Spanish and Portuguese American societies and economies, the formation of systems of imperial control and exploitation, and the ways in which conflicts between imperial and American interests were reconciled. This comprehensive history, with its extensive

bibliographic essay and attention to historiographic issues, will be a standard reference for students and scholars of the period.
