Delacorte Press
THE INSTANT NEW YORK TIMES, USA TODAY, AND WALL STREET JOURNAL BESTSELLER From New York Times bestselling author Jay Kristoff comes *Empire of the Vampire*, the first illustrated volume of an astonishing new dark fantasy saga. From holy cup comes holy light; The faithful hand sets world aright. And in the

Seven Martyrs' sight, Mere man shall end this endless night. It has been twenty-seven long years since the last sunrise. For nearly three decades, vampires have waged war against humanity; building their eternal empire even as they tear down our own. Now, only a few tiny sparks of light endure in a sea of darkness. Gabriel de León is a silversaint: a member

of a holy brotherhood dedicated to defending realm and church from the creatures of the night. But even the Silver Order could not stem the tide once daylight failed us, and now, only Gabriel remains. Imprisoned by the very monsters he vowed to destroy, the last silversaint is forced to tell his story. A story of legendary battles and forbidden love, of faith lost and friendships won, of the Wars of the Blood and the Forever King and the quest for humanity's last remaining hope: The

Holy Grail.
In the Kingdom of All Tomorrows Thomas Nelson
 A magnificent epic of cataclysmic upheaval and heroic love in a breathless age of mythic wonders It was a time of legend, when the last shadows of the mighty Roman conqueror faded from the captured Isle of Britain. While, across a vast sea, bloody war shattered a peace that had flourished for two thousand years in the doomed kingdom of Atlantis. From the award-winning author of THE

DRAGON KING TRILOGY comes a majestic tale of breathtaking scope and haunting beauty. It is the remarkable adventure of Charis—the courageous princess from Atlantis who escapes the terrible devastation of her land—and of the fabled seer and druid prince Taliesin, singer at the dawn of the age. A story of an incomparable love that joins two astonishing worlds amid the fires of chaos, and spawns the miracles of Merlin . . . and Arthur the king! TALIESIN “Reminiscent of C. S.

Lewis . . . Highly recommended.” —Library Journal

The Silver Hand The Skin Map Focusing on Stendhal, Gérard de Nerval, George Sand, Émile Zola, and Marcel Proust, *The Novel Map: Mapping the Self in Nineteenth-Century French Fiction* explores the ways that these writers represent and negotiate the relationship between the self and the world as a function of space in a novel turned map. With the rise of the novel and of

autobiography, the literary and cultural contexts of nineteenth-century France reconfigured both the ways literature could represent subjects and the ways subjects related to space. In the first-person works of these authors, maps situate the narrator within the imaginary space of the novel. Yet the time inherent in the text’s narrative unsettles the spatial self drawn by the maps and so creates a novel self, one which is both new and literary. The

novel self transcends the rigid confines of a map. In this significant study, Patrick M. Bray charts a new direction in critical theory.

“LAWHEAD KNOWS HOW TO SPIN A TALE.”

—Booklist A story rich in history and imagination, here is the final volume in Stephen R. Lawhead’s magnificent saga of a Scottish noble family and its divine quest during the age of the Great Crusades. A thousand years after its

disappearance, the Mystic Rose—the fabled Chalice of the Last Supper—has been found, and the warrior monks of the Knights Templar, led by the ruthless and corrupt Renaud de Bracineaux, will stop at nothing to possess it. One brave, dauntless, noblewoman stands in their way . . . Born among the hills of Scotland, and raised on the Crusader tales of her grandfather, Murdo, and her father, Duncan, young Cait is determined to claim the Holy Cup for her own. Guided by a handful

of clues gleaned from a stolen letter, Cait and a small band of knights follow a treacherous trail that leads from the shadowed halls of Saint Sophia into the heart of Moorish Spain and a world long unseen by Christian eyes. A journey whose end means victory . . . or death. “THOSE LUSTING FOR THE TRUE PATH WILL EAT IT UP.” —Kirkus Reviews

Five millennia ago, on the eastern bank of the river Tigris, the course of human history changed forever . . . The people of Orak cherish their peaceful village and the life they have made. Though not proficient with

the bow or sword, they possess a weapon far stronger: the ability to coax food from the ground. This is why the barbarian leader Thutmose-sin hates and fears them. As his marauding clan of bloodthirsty warriors readies itself for the plunder and the kill, the fate of the village rests with the outcast barbarian Eskkar and the woman he loves, the wise and beautiful slave girl Trella—and on a bold, remarkable, never-before-tested plan of defense.

For those who have known peace must turn their hands to war, to save from the savage invaders not only their families but their way of life.

The Bright Empires Collection Anchor A Wall Street Journal and Publishers Weekly bestseller America's best days should still lie ahead. Here's the realistic and definitive path to get us there. The future doesn't just happen. It's a choice that we can and must help determine. But as our deeply divided nation reels from converging crises and seemingly intractable discord, where do we begin when the

stakes are unfathomably high? With multiple possible futures before us, Americans need to understand the specific consequences of our immediate choices, seize the opportunity to renew the nation's promise, and set the stage to benefit current and future generations. If we chart our course correctly, we can emerge from our current troubles with a brighter future in reach of all Americans. Based on decades of expertise in envisioning and articulating policy options,

Paul Laudicina lays out four vastly different visions for America's future. In *Roadmap to a Brighter Future*, he outlines why the best version of America will only come about if the correct actions are taken now—and outlines the ten steps needed to decisively tackle our most pervasive problems and address critical priorities. Laudicina, who led one of the world's most-respected management consultancies and has worked as a longtime senior advisor to Joe

Biden, also integrates the uncensored views and fresh ideas of dozens of the world's leading thinkers, CEOs, scientists, government leaders, and innovators, to show why optimism about the United States is not only warranted, but crucial.

subversive, and able to excavate such brutally honest sentences that you find yourself nodding your head in wonder and recognition." —Lin-Manuel Miranda, composer and lyricist of *In the Heights* and *Hamilton: An American Musical* Are you a sensible, universally competent individual? Are you tired of the crushing monotony of leaping gracefully from one lily pad of success to the next? Are you sick of doing everything right? In this brutally honest and humorous debut,

musician and artist George Watsky chronicles the small triumphs over humiliation that make life bearable and how he has come to accept defeat as necessary to personal progress. The essays in *How to Ruin Everything* range from the absurd (how he became an international ivory smuggler) to the comical (his middle-school rap battle dominance) to the revelatory (his experiences with epilepsy), yet all are delivered with the type of linguistic dexterity and

self-awareness that has won Watsky devoted fans across the globe. Alternately ribald and emotionally resonant, *How to Ruin Everything* announces a versatile writer with a promising career ahead.
