Vintage Crime/Black
Lizard
Science meets the
supernatural in award
winning cartoonist
Richard Marazano's
graphic novel, when the
eccentricities of infamous

engineer and inventor,
Nikola Tesla, are warped
into a terrifying mystery
during World War Two.
Amidst the chaos of World
War Two, New York is a
city of mistrust and
melancholy. Rumors
abound of German
submarines landing on
the east coast, mysterious
appearances - and
disappearances - on the
banks of the East River,

Thomas Edison's
laboratories under
supervision of the FBI,
experiments of terrible
secret weapons by the
Japanese forces in the
Pacific... Yet Nikola Tesla,
probably the only scientist
whose originality and
brilliant inventions are
likely to provide a solution
to the destructive war, is
nowhere to be found! One
summer in 1942, young

Travis moves with his mother to a furnished hotel in Manhattan. Little does he know that his enigmatic neighbor will take him on an adventure with terrible and shocking scientific ramifications...

The Three Ghosts Of Tesla (Graphic Novel)

The cold war between the Campton group and Saul's clan has finally erupted into open warfare, but the increasingly strange events that affect the abandoned city eventually silence even the most bellicose instincts: the red

Stormy Weather John Murray

Ducoboo's life isn't easy. Being the king of dunces

(while still managing to avoid wearing the 'crown' too often) takes work, dedication and an awful lot of imagination. It also takes a proper target: Leonie, the gifted girl who doesn't like to share her answers with His Majesty. It's a constant war of wits between these two, fought with wigs, cameras and magical pencil sharpeners under the disbelieving eye of the long-suffering teacher. And when school's over, the beach is the new battlefield!
