Tales from Under the Sea CreateSpace

The Little Mermaid is one of the most haunting love stories ever written. Its author, Hans Christian Andersen, is a master storyteller whose tales have withstood the test of time and have been shared across borders and languages. In this sparkling anthology 17 of his creations are enchantingly retold for children today by Neil Philip. Many of his most popular tales are here: The Tinderbox, The Emperor's New Clothes, The Steadfast Tin Soldier and The Little Match Girl. Read about Little Ida who dared to dance at night with the flowers, the young prince who searched for a mysterious bell deep in the forest, and the very vain emperor who was cruelly tricked by wicked thieves. There are also some less-well known stories that will delight a new generation of children including Five Peas from the Same Pod, The Goblin at the Grocer's, The Flying Trunk and The Beetle. Delightfully illustrated with Isabelle Brent's magical watercolours, lavishly embellished with gold decorations. Originally the son of a poor shoemaker, the secret of Andersen's success is that he

wrote his stories as if he were telling them to a child. None of the original magic has been lost in this joyful new edition, ideal to read aloud or for older readers to enjoy discovering by themselves.

The Little Mermaid and Other Fairy Tales Insight Editions

Far out in the ocean, where the water is as blue as the prettiest cornflower and as clear as crystal, it is very, very deep; so deep, indeed, that no cable could sound it, and many church steeples, piled one upon another, would not reach from the ground beneath to the surface of the water above. There dwell the Sea King and his subjects. We must not imagine that there is nothing at the bottom of the sea but bare yellow sand. No, indeed, for on this sand grow the strangest flowers and plants, the leaves and stems of which are so pliant that the slightest agitation of the water causes them to stir as if they had life. Fishes, both large and small, glide between the branches as birds fly among the trees here upon land.
