"Peasant Wars of the Twentieth Century provides a good short course in the major popular revolutions of our century--in Russia, Mexico, China, Algeria, Cuba, and Viet Nam--not from the perspective of governments or parties or leaders, but from the perspective of the peasant peoples whose lives and ways of living

were destroyed by the depredations of the imperial powers, including American imperial power."-New York Times Book Review "Eric Wolf's study of the six great peasant-based revolutions of the century demonstrates a mastery of his field and the methods required to negotiate it that evokes respect and admiration. In six crisp essays, and a brilliant conclusion, he extends our understanding of the nature of peasant reactions to social change appreciably by his skill in isolating and analyzing those factors, which, by a magnification of the anthropologist's

techniques, can be shown to be crucial in linking local grievances and protest to larger movements of political transformation."--American Political Science Review "An intellectual tour de force."--Comparative Politics *The Secrets of Stradivari* W. W. Norton "America's History helps AP students: Grasp vital themes: The seventh edition emphasizes political culture and political economy to help students understand the ways in which society, culture, politics, and the economy inform one another. Understand periodization: America's

History's unique seven-part structure, which organizes history into distinct eras, introduces students to periodization and helps them understand cause and effect, identify historical continuities, and track change over time. Develop the skills they need to succeed: America's History's hallmark analytical narrative and pedagogy help students synthesize what they've learned and interpret history for themselves."--Back cover.

Give Me Liberty!, 6th Edition (Volume 2) Harlequin

Discover America's secrets in this second of two volumes of the young readers'

edition of *The Untold History of the United States*, from Academy Award-winning director Oliver Stone and Peter Kuznick, adapted by Eric Singer. There is history as we know it. And there is history we should have known. Complete with poignant photos and little-known but vitally important stories, this second of two volumes traces how people around the world responded to the United States's rise as a superpower from the end of World War II through an increasingly tense Cold War and, eventually, to the brink of nuclear annihilation during the Cuban Missile Crisis. This is not the kind of history taught in schools or normally presented on television or in popular movies. This riveting young readers volume challenges prevailing orthodoxies to reveal uncomfortable realities about the US role in heightening Cold War tensions. It also humanizes the experiences of diverse people, at home and abroad, who yearned for a more just, equal, and compassionate world. This volume will come as a breath of fresh air for students, teachers, and budding young historians hungry for different perspectives—which makes it a crucial counterpoint to today's history

textbooks. Adapted by high school and university educator Eric S. Singer from the bestselling book and companion to the documentary *The Untold History of the United States* by Academy Award-winning director Oliver Stone and renowned historian Peter Kuznick, this volume gives young readers a powerful and provocative look at the US role in the Cold War. It also provides a blueprint for those concerned with shaping a better and more equitable future for people across the world.

Now in paperback, Tune In is the New York Times bestseller by the world's leading Beatles authority – the first volume in a

groundbreaking trilogy about the band that revolutionized music. The Beatles have been in our lives for half a century and surely always will be. Still, somehow, their music excites, their influence resonates, their fame sustains. New generations find and love them, and while many other great artists come and go, the Beatles are beyond eclipse. So . . . who really were these people, and just how did it all happen? 'The Beatles story' is everywhere. Told wrong from early on, rehashed in every possible way and routinely robbed of its context, this is a phenomenon in urgent need of a bright new approach. In his series All These Years, Mark Lewisohn – the world-recognized Beatles historian – presses the Refresh button to relate the entire story as it's never been told or known before. Here is a full and accurate biography at last. It is certain to become the lasting word. Tune In is book one of three, exploring and explaining a period that is by very definition lesser-known: the formative pre-fame years, the teenage years, the Liverpool and Hamburg years – in many ways the most absorbing and incredible period of them all. The Beatles come

together here in all their originality, attitude, style, speed, charisma, appeal, daring and honesty, the tools with which they're about to reshape the world. It's the Beatles in their own time, an amazing story of the ultimate rock band, a focused and colorful telling that builds and builds to leave four sharp lads from Liverpool on the very brink of a whole new kind of fame. Using impeccable research and resources, Tune In is a magisterial work, an independent biography that combines energy, clarity, objectivity, authority and insight. The text is anti-myth, tight and commanding – just like the Beatles themselves. Here is the Beatles story as it really was. Throw away what you think you know and start afresh.

—Jason June, New York Times bestselling author of *Jay's Gay Agenda* and *Out of the Blue* "Effortlessly charming, funny, swoon-worthy, and sincerely moving." —Julian Winters, award-winning author of *Running With Lions* #1 New York Times bestselling author Eric Geron delivers whirlwind wish-fulfillment in this story of a closeted crown prince and an out-and-proud cowboy who discover they were separated at birth. Edward Dinnissen leads a charmed life. He's the Crown Prince of Canada, gets the royal treatment at his exclusive private school, and resides in a ritzy mansion. He thrives off being the perfect prince as he prepares for the Investiture Ceremony on

his eighteenth birthday, the final step in his role as heir—and Canada's future king. But this closeted Crown Prince has just one tiny problem: he's unsure how to tell his parents, his beloved country, and his adoring fans that he's gay. Billy Boone should be happy with the simple life. His family's ranch is his favorite place in the world, he loves his small town, and his boyfriend is the cutest guy at Little Timber High. So why does it feel like something's still missing? Maybe it has to do with the fact that this out-and-proud cowboy feels destined for something more . . . When Edward and Billy meet by chance in New York City, they discover that they are long-lost twins, and their lives are forever changed. Together, will these twin princes—"twinces"—be able to take on high school, coming out, and coronations? Or will this royal reunion quickly become a royal train wreck? "The enchanting cast of characters hooks you into a regal setting full of drama, romance, and intrigue, with relatable underlying journeys of self-love and struggle." —Brian Zepka, author of *The Temperature of Me and You*

A dark and deeply wounding portrait of a young queer man on the verge of splintering apart, 'Fanged Dandelion' is a nightmarish odyssey that delves into the bowels of the human mind - a frightening exploration of the caskets we build inside our heads..."The beautiful and dark vivid visuals, dreamscapes and memories that Eric LaRocca paints masterfully in *Fanged Dandelion* offer a deep intensity.

LaRocca's compelling poetry demands our attention, to look at the lovely dandelion in our hands, its cheerful and bright petals and to then submit as it sinks its sharp teeth into our skin. This is a collection by a fantastic and emerging voice in horror poetry, one that all of us should be reading."- Cynthia Pelayo, author of poetry collections *Poems of My Night* and *Into the Forest and All the Way Through*(with a cover by Adrian Baldwin)
