Following the worldwide success of *Momentary* (9784756248756), we are proud to present this second illustration artwork collection from Ilya Kuvshinov. This book collects over 300 new artworks the artist posted on social media, which were created after *Momentary* was published. This collection book also includes some of Ilya's commercial works adding extra variety to this 2nd book. After the success of *Momentary*, Ilya has gained popularity and has done some exhibitions

and commercial works.

One of the most prestigious jobs Ilya was offered was as the character and visual designer for the anime *The Wonderland* (directed by Keiichi Hara; Crayon Shin-chan series) and *Ghost in the Shell: SAC_2045*.

This talented illustrator, who was influenced by many Japanese artists, now has 1.6 million followers worldwide on Instagram, and is established as an influencer of other illustrators around the world. Because the previous book was solely focused on collecting Ilya's artwork which was presented on Ilya's social media, the book was in a square format. But this time, we have produced this book in a larger format to

include some of Ilya's commercial works adding extra value and quality into this book. [How to Make Capcom Fighting Characters](#)
