#1 INDIE BESTSELLER\*  
From the New York Times  
bestselling author of Red,  
White & Royal Blue comes  
a new romantic comedy  
that will stop readers in  
their tracks... For cynical  
twenty-three-year-old  
August, moving to New  
York City is supposed to  
prove her right: that

things like magic and  
cinematic love stories  
don't exist, and the only  
smart way to go through  
life is alone. She can't  
imagine how waiting  
tables at a 24-hour  
pancake diner and  
moving in with too many  
weird roommates could  
possibly change that. And  
there's certainly no  
chance of her subway  
commute being anything  
more than a daily trudge  
through boredom and  
electrical failures. But  
then, there's this  
gorgeous girl on the train.  
Jane. Dazzling, charming,  
mysterious, impossible  
Jane. Jane with her rough  
edges and swoopy hair  
and soft smile, showing  
up in a leather jacket to  
save August's day when  
she needed it most.  
August's subway crush  
becomes the best part of  
her day, but pretty soon,  
she discovers there's one  
big problem: Jane doesn't  
just look like an old school  
punk rocker. She's  
literally displaced in time  
from the 1970s, and  
August is going to have to  
use everything she tried  
to leave in her own past  
to help her. Maybe it's  
time to start believing in  
some things, after all.  
Casey McQuiston's One  
Last Stop is a magical,  
sexy, big-hearted  
romance where the

impossible becomes possible as August does everything in her power to save the girl lost in time. "A dazzling romance, filled with plenty of humor and heart." - Time Magazine, "The 21 Most Anticipated Books of 2021" "Dreamy, other worldly, smart, swoony, thoughtful, hilarious - all in all, exactly what you'd expect from Casey McQuiston!" - Jasmine Guillory, New York Times bestselling author of *The Proposal and Party for Two*

Chris Dancy, the world's most connected person, inspires readers with practical advice to live a happier and healthier life

using technology In 2002, Chris Dancy was overweight, unemployed, and addicted to technology. He chain-smoked cigarettes, popped pills, and was angry and depressed. But when he discovered that his mother kept a record of almost every detail of his childhood, an idea began to form. Could knowing the status of every aspect of his body and how his lifestyle affected his health help him learn to take care of himself? By harnessing the story of his life, could he learn to harness his own bad habits? With a little tech know-how combined with a healthy dose of reality, every app, sensor, and data point in Dancy's life was turned upside down and examined. Now he's sharing what he knows. That knowledge includes the fact that changing the color of his credit card helps him to use it less often, and that nostalgia is a trigger for gratitude for him. A modern-day story of rebirth and redemption, Chris' wisdom and insight will show readers how to improve their lives by paying attention to the relationship between how we move, what we eat, who we spend time with,

and how it all makes us feel. But Chris has done all the hard work: Don't Unplug shows us how we too can transform our lives.
