MURRAY ISABEL

If You Give a Moose a Muffin Puffin

The bashful Little Seahorse discovers a mysterious object during his adventures and has to learn to speak up for himself and ask for help in order to bring his mother this amazing gift. In the process, he increases his self-confidence and makes wonderful new friends. Themes include: Shyness, Giving, Friendship, Tolerance, Generosity

The Eric Carle Library Simon and Schuster

Rumors of an approaching sea dragon cause frightened sea creatures to flee the reef, but brave Sea Horse stays behind to defend his helpless friend, Coral.

Visual Perception Activities Houghton Mifflin Harcourt

Spend some time learning colors with on Mudpuppy's Eric Carle Brown Bear block puzzle. Brown bear, blue horse, green frog, purple cat, yellow duck, and red cardinal are attractive and educational. Based, of course, on Eric Carle's popular Brown Bear, Brown Bear, What Do You See? picture book.

Phantoms in the Brain Penguin

The Grand Grimoire, Kabbalah, Witchcraft, Old Magic - all share a common inspiration: The Wise King Solomon. Writer of three books in the Bible; Book of Proverbs, Ecclesiastes & Song of Songs (and possibly Psalms) - he also possessed a magic ring, with which he could control and befriend daemons - giving him Ultimate Power. This is his testament. (Please note: this is not a book of negativity or the black arts, this is a historical account, an amendment if you will). Herein is the complete original article from JQR (1898) Republished with Permission. Revised forward by author, Guinness record holding performance artist, and radio personality Mikhail Tank. Original artwork by Seth Ahonen.

The Foolish Tortoise Penguin

From the New York Times and USA Today bestselling How To Catch series comes an all-new tooth fairy book, the perfect back to school gift! From losing your first tooth to waiting for the arrival of the mysterious tooth fairy, How to Catch the Tooth Fairy celebrates this special event in your child's life with a lively story of the tooth fairy's escape from some very determined kids! Can you catch her? How to catch the Tooth Fairy? It's not an easy task. You can try to catch her, but she is just too fast! Also in the How to Catch Series: How to Catch a Unicorn How to Catch a Mermaid How to Catch a Dinosaur How to Catch a Leprechaun How to Catch a Monster and more!

The Testament of Solomon (2016 ART EDITION, Original Version) John Wiley & Sons

When a violinist begins to play, the song is transformed into vivid shapes and colors.

Belinda Harper Collins

Now available for the first time as a coloring book, Eric Carle's The Very Hungry Caterpillar will delight children as they bring their own imagination to this classic story. Including a new introduction by Eric Carle, as well as blank pages at the end of the book for your own pictures, this is the perfect way to turn story time into coloring time. At the same time interactive and timeless, this is one coloring book you'll want to save as a keepsake!

Sea Horse, Run! Farrar, Straus and Giroux (BYR)

Eric Carle joins the Penguin Young Readers! In this classic and heartwarming story, a very lonely firefly finally finds the friends he is seeking at the end of a tireless search for belonging. Carle's rich, collage-like art and gentle text will be comfortingly familiar to his millions of fans. An accessible Level 2 reader, The Very Lonely Firefly is one that parents and children will read over and over again.

Clinical Guide to Fish Medicine Penguin

ILA 2021 Children's and Young Adults Book Award - Primary Nonfiction A disgruntled seahorse fact-checks a school report about him. When a child writes a report about a seahorse, the creature himself has a few things to say about the animals he's compared to. First of all, he is nothing like a land horse. His tail is much more useful than an opossum's tail. And his snout fits his face perfectly—unlike an anteater's snout. Delivering fascinating facts along the way, the seahorse sets the record straight about what makes his species so special.

Turtle, Turtle, Watch Out! Harper Collins

The best way to teach yoga to children is with games. With 52 vibrant, easy-to-follow yoga games requiring no previous yoga experience, this book will enable you to help children become better listeners, take responsibility, gain self-control, improve behaviour, become assertive and improve self-esteem and confidence. Within these pages Michael Chissick has distilled nearly twenty years' experience of teaching yoga to children aged 3-11 in mainstream and special needs schools. He explains the ideal yoga lesson structure to transform your children's behaviour: you will learn which games to teach, when to teach them and how to teach them, and how the additional benefits of improved co-ordination, flexibility, fitness, self-calming and relaxation can be accessible to all children regardless of impairment, need, culture, shape, mood or size.

My Own Very Hungry Caterpillar Coloring Book Bookaroos Publishing

When an eight-year-old boy helps his uncle at his job as a plasterer, he takes a fancy to his workman's apron with a pocket. As a result of his fascination, his aunt makes him an apron of his own and he spends a few days as his Uncle Adam's assistant. The text is brief and simple but clearly conveys the warmth between the man and his nephew and the child's satisfaction in a job well done. The line/tissue paper illustrations are colorful and somewhat geometric, reminiscent of French Cubist Leger's work featuring laborers. - SLJ

Friends HarperCollins Children's Books

Use this superlative book to teach location and direction - concepts often difficult for young learners.

Plenty of practice sheets and fun illustrations ensure an understanding of above, below, beside, left, right, middle, last, etc.

Number the Stars Sourcebooks, Inc.

A tortoise realizes the need for a shell after several scary encounters.

The Sourcebook for Teaching Science, Grades 6-12 Penguin

Inside the tent it's cozy, but what is going on outside? Is it dark? Is it scary? Not if you have your trusty flashlight! A charming story told solely through images: Through neatly drawn illustrations and a spare yet dramatic color palette, artist Lizi Boyd offers an enchanting exploration of night, nature, and art with Flashlight. Both lyrical and humorous, this visual poem—like the flashlight beam itself—reveals there is magic in the darkness. We just have to look for it. • A wordless storybook with stunning visuals that aims to lighten the fear of the dark and the noises that come with it • Book inspires the imagination and creativity in young minds • Lizi Boyd is the author and illustrator of many children's books, including Inside Outside and Flashlight, and also creates papers, ribbons, cards, and other works of delight "Flashlight allows readers to experience the wonder and excitement of nighttime exploration in the woods and wordlessly entices readers to explore the hidden nature outside their own homes." —The Busy Librarian • Appeals to readers of all ages with the calming, yet adventurous tone • Books for kids ages 5-6 • Children's picture books for preschool through first grade

Statistical Consequences of Fat Tails Penguin

INTERNATIONAL BESTSELLER • A bestselling dystopian novel that tackles surveillance, privacy and the frightening intrusions of technology in our lives—a “compulsively readable parable for the 21st century” (Vanity Fair). When Mae Holland is hired to work for the Circle, the world’s most powerful internet company, she feels she’s been given the opportunity of a lifetime. The Circle, run out of a sprawling California campus, links users’ personal emails, social media, banking, and purchasing with their universal operating system, resulting in one online identity and a new age of civility and transparency. As Mae tours the open-plan office spaces, the towering glass dining facilities, the cozy dorms for those who spend nights at work, she is thrilled with the company’s modernity and activity. There are parties that last through the night, there are famous musicians playing on the lawn, there are athletic activities and clubs and brunches, and even an aquarium of rare fish retrieved from the Marianas Trench by the CEO. Mae can’t believe her luck, her great fortune to work for the most influential company in the world—even as life beyond the campus grows distant, even as a strange encounter with a colleague leaves her shaken, even as her role at the Circle becomes increasingly public. What begins as the captivating story of one woman’s ambition and idealism soon becomes a heart-racing novel of suspense, raising questions about memory, history, privacy, democracy, and the limits of human knowledge.

The Little Seahorse HarperCollins Children's Books

The Routledge Introductory Course in Biblical Hebrew provides a comprehensive introduction to Biblical Hebrew language and texts. Combining a fresh and innovative approach with an in-depth treatment of the language, it presents the essentials of biblical grammar and vocabulary in an engaging and systematic way. Unlike other Biblical Hebrew courses, it is structured around a series of vibrant and memorable stories, with each story reinforced by grammar explanations, supportive

exercises, and a concluding genuine biblical text. This coherent focus encourages students to engage with the text actively and facilitate their mastery of the language to the full. Features include: Forty units covering all the topics expected in a first-year Biblical Hebrew course, including the Hebrew writing system, pointing rules, nouns and adjectives, parsing, mastery of strong and weak verb paradigms and full attention to syntax Clear and detailed grammar explanations supported by plentiful examples An extensive assortment of varied and stimulating exercises designed to reinforce new grammar and develop students ability to use Biblical Hebrew actively Incorporation of a wide range of genuine biblical texts to familiarise students with the main biblical narrative cycles and to equip them with the ability to read authentic material from the earliest stages of learning A free companion website (www.routledge.com/cw/kahn) offering a wealth of additional instructor and student resources, including many extra exercises and biblical texts, flashcards to test knowledge, a vocabulary guide listing words by part of speech, a full answer key, translations of all the stories and biblical texts, a sample syllabus, coursework assignments covering the entire contents of the course and audio recordings of the stories and biblical texts Coherent chapter organisation to consolidate and reinforce learning consistently at each step of the course Grammar summary, two-way glossary and subject index presented at the back of the book for easy access A user-friendly text design with original illustrations and clear presentation of the Hebrew script Written by an experienced instructor and extensively trialled at UCL, The Routledge Introductory Course in Biblical Hebrew will be an essential resource for all students beginning to learn Biblical Hebrew.

Mister Seahorse Vintage

In Nazi-occupied Denmark, ten-year-old Annemarie Johansen is called upon for a selfless act of bravery to help save her best friend from a terrible fate. Winner of the Newbery Medal, newly reissued in the Essential Modern Classics range. "They plan to arrest all the Danish Jews. They plan to take them away. And we have been told that they may come tonight." It is 1943 and life in Copenhagen is becoming complicated for Annemarie. There are food shortages and curfews, and soldiers on every corner. But it is even worse for her Jewish best friend, Ellen, as the Nazis continue their brutal campaign. With Ellen's life in danger, Annemarie must summon all her courage to help stage a daring escape. Inspired by true events of the Second World War, this gripping novel brings the past vividly to life for today's readers.

10 little rubber ducks overboard! Get swept away on a high-seas voyage of discovery with 10 little rubber ducks as they float to every part of the world. They all find adventure, but one duck finds something very special!

Exploration of the Seas Singing Dragon

The book investigates the misapplication of conventional statistical techniques to fat tailed distributions and looks for remedies, when possible. Switching from thin tailed to fat tailed distributions requires more than "changing the color of the dress." Traditional asymptotics deal mainly with either $n=1$ or $n=\infty$, and the real world is in between, under the "laws of the medium numbers"-which vary widely across specific distributions. Both the law of large numbers and the generalized central limit mechanisms operate in highly idiosyncratic ways outside the standard

Gaussian or Levy-Stable basins of convergence. A few examples: - The sample mean is rarely in line with the population mean, with effect on "naïve empiricism," but can be sometimes be estimated via parametric methods. - The "empirical distribution" is rarely empirical. - Parameter uncertainty has compounding effects on statistical metrics. - Dimension reduction (principal components) fails. - Inequality estimators (Gini or quantile contributions) are not additive and produce wrong results. - Many "biases" found in psychology become entirely rational under more sophisticated probability distributions. - Most of the failures of financial economics, econometrics, and behavioral economics can be attributed to using the wrong distributions. This book, the first volume of the Technical Incerto, weaves a narrative around published journal articles.
