Moon Over Manhattan McFarland

A common thief may be the heir to the throne in this first adventure in the Nobles series Pinch, a scoundrel and a rogue of indeterminate birth, looks out for himself and his band of thieving comrades, thinking only of his next heist. However, as political turmoil strikes the land, Pinch's simple days of thievery and adventure may be coming to a close. Manferic III, the former ruler of Ankhapur and Pinch's guardian, has died, leaving behind no clear heir to his throne. By ancient law, the crown will pass to the relative "chosen by the cup"—a family relic—in a ceremony whereby the rightful heir is selected and pretenders and other rejected candidates meet their deaths. Pinch's outlaw days have prepared him for life in mean streets. But is he ready for the dangers that lurk in courtly hallways, among royal relatives and dagger-bearing shadows?

New York Times-bestselling author Robin Cook takes on the cutting-edge world of gene-modification in this pulse-pounding new medical thriller. When an unidentified, seemingly healthy young woman collapses suddenly on the New York City subway and dies upon reaching the hospital, her case is an eerie reminder for veteran medical examiner Jack Stapleton of the 1918 flu pandemic. Fearful of a repeat on the one hundredth anniversary of the nightmarish contagion, Jack autopsies the woman within hours of her demise and discovers some striking anomalies: first, that

she has had a heart transplant, and second, that, against all odds, her DNA matches that of the transplanted heart. Although the facts don't add up to influenza, Jack must race against the clock to identify the woman and determine what kind of virus could wreak such havoc--a task made more urgent when two other victims succumb to a similar rapid death. But nothing makes sense until his investigation leads him into the fascinating realm of CRISPR/CAS9, a gene-editing biotechnology that's captured the imagination of the medical community. . . and the attention of its most unethical members. Drawn into the dark underbelly of the organ transplant market, Jack will come face-to-face with a megalomaniacal businessman willing to risk human lives in order to conquer a lucrative new frontier in medicine--and if Jack's not careful, the next life lost might be his own.

The Cook, the Thief, His Wife and Her Lover Chronicle Books

NEW YORK TIMES BESTSELLER • The definitive cookbook on French cuisine for American readers:

"What a cookbook should be: packed with sumptuous recipes, detailed instructions, and precise line drawings. Some of the instructions look daunting, but as Child herself says in the introduction,

'If you can read, you can cook.'" —Entertainment Weekly "I only wish that I had written it myself."

—James Beard Featuring 524 delicious recipes and over 100 instructive illustrations to guide readers every step of the way, *Mastering the Art of French Cooking* offers something for everyone,

from seasoned experts to beginners who love good food and long to reproduce the savory delights of French cuisine. Julia Child, Simone Beck, and Louisette Bertholle break down the classic foods of France into a logical sequence of themes and variations rather than presenting an endless and diffuse catalogue of dishes—from historic Gallic masterpieces to the seemingly artless perfection of a dish of spring-green peas. Throughout, the focus is on key recipes that form the backbone of French cookery and lend themselves to an infinite number of elaborations—bound to increase anyone's culinary repertoire. "Julia has slowly but surely altered our way of thinking about food. She has taken the fear out of the term 'haute cuisine.' She has increased gastronomic awareness a thousandfold by stressing the importance of good foundation and technique, and she has elevated our consciousness to the refined pleasures of dining." —Thomas Keller, *The French Laundry*

to fuel your reading resolutions "Ultimately the reason to read *The Rib King* is not its timeliness or

its insight into politics or Black culture, but because it accomplishes what the best fiction sets out

to do: It drops you into a world you could not otherwise visit and makes you care deeply about

what happens there."--BookPage (starred review) The acclaimed author of *The Talented Ribkins*

deconstructs painful African American stereotypes and offers a fresh and searing critique on race,

class, privilege, ambition, exploitation, and the seeds of rage in America in this intricately woven

and masterfully executed historical novel, set in early the twentieth century that centers around

the black servants of a down-on-its heels upper-class white family. For fifteen years August Sitwell

has worked for the Barclays, a well-to-do white family who plucked him from an orphan asylum and

gave him a job. The groundskeeper is part of the household's all-black staff, along with "Miss

Mamie," the talented cook, pretty new maid Jennie Williams, and three young kitchen

apprentices—the latest orphan boys Mr. Barclay has taken in to "civilize" boys like August. But the

Barclays fortunes have fallen, and their money is almost gone. When a prospective business

associate proposes selling Miss Mamie's delicious rib sauce to local markets under the brand name

"The Rib King"—using a caricature of a wildly grinning August on the label—Mr. Barclay, desperate

for cash, agrees. Yet neither Miss Mamie nor August will see a dime. Humiliated, August grows

increasingly distraught, his anger building to a rage that explodes in shocking tragedy. Elegantly

written and exhaustively researched, *The Rib King* is an unsparing examination of America's

fascination with black iconography and exploitation that redefines African American stereotypes in

literature. In this powerful, disturbing, and timely novel, Ladee Hubbard reveals who people

actually are, and most importantly, who and what they are not.

It's You and Me Against the Pee... and the Poop, Too! Macmillan Children's Books

On September 11, 1985, with a sell-out crowd of 52,000 fans on hand at Cincinnati's Riverfront

Stadium and millions of others watching on television, Pete Rose collected hit number 4,192 of his

career and passed Ty Cobb as the all-time career hits leader. As he reached first base, thousands

of cameras flashed, his teammates mobbed him, fireworks exploded and the crowd overwhelmed

him with a seven-minute standing ovation. Rose was on top of the world. Less than four years

later, he would be banned for life from baseball for allegedly betting on major league games,

roundly criticized in the press by both fans and fellow players, and then convicted for tax evasion.

In 2003, fourteen years after he was made ineligible for the Hall of Fame, Commissioner Bud Selig

took up Rose's application for reinstatement, igniting once again an intense debate about his

legacy and baseball's long-standing zero-tolerance policy on gambling. This book gathers the

available facts of Rose's life and career, as well as the scandals he was embroiled in, leaving the

reader a more informed participant in the ongoing discussion.

The Cook Up Dis Voir Editions

A gripping novel set during Mussolini's 1935 invasion of Ethiopia, *The Shadow King* takes us back

to the first real conflict of World War II, casting light on the women soldiers who were left out of the

historical record. With the threat of Mussolini's army looming, recently orphaned Hirut struggles to

adapt to her new life as a maid in Kidane and his wife Aster's household. Kidane, an officer in Emperor Haile Selassie's army, rushes to mobilize his strongest men before the Italians invade. His initial kindness to Hirut shifts into a flinty cruelty when she resists his advances, and Hirut finds herself tumbling into a new world of thefts and violations, of betrayals and overwhelming rage. Meanwhile, Mussolini's technologically advanced army prepares for an easy victory. Hundreds of thousands of Italians—Jewish photographer Ettore among them—march on Ethiopia seeking adventure. As the war begins in earnest, Hirut, Aster, and the other women long to do more than care for the wounded and bury the dead. When Emperor Haile Selassie goes into exile and Ethiopia

quickly loses hope, it is Hirut who offers a plan to maintain morale. She helps disguise a gentle peasant as the emperor and soon becomes his guard, inspiring other women to take up arms against the Italians. But how could she have predicted her own personal war as a prisoner of one of Italy's most vicious officers, who will force her to pose before Ettore's camera? What follows is a gorgeously crafted and unputdownable exploration of female power, with Hirut as the fierce, original, and brilliant voice at its heart. In incandescent, lyrical prose, Maaza Mengiste breathes life into complicated characters on both sides of the battle line, shaping a heartrending, indelible exploration of what it means to be a woman at war.

Two Hundred and Fifty Ways to Start an Essay about Captain Cook, No. 29: With a Non-argument that's Actually an Argument. Captain Cook? It's all so very complex. I'm going to sit on the fence. (Whose fence? On whose land? Dividing what from what? You only have a fence when you fear something or when you're trying to keep something in. Or, as a renovation show on TV informed me, when you want to upgrade your street appeal.) Alice Te Punga Somerville employs her deep research and dark humour to skilfully channel her response to Cook's global colonial legacy in this revealing and defiant BWB Text.
