Нина – лучшая ученица школы, она старательна, педантична и всегда добивается идеала. Лэндон – саркастичный и беспечный, он не особо заморачивается учебой. Она считает его ленивым наглецом, а он ее – деспотичным ботаником. Их первая встреча не задалась, и они надеялись, что больше не увидят друг друга. Но тем же вечером выяснилось, что их родители собираются пожениться... Вместе герои переживают множество событий,

благодаря которым меняют отношение друг к другу. За яркими образами скрываются новые глубины характеров. Их постепенное раскрытие позволяет увидеть, что не всегда первое впечатление правильное, а какие-либо действия не всегда являются искренними. Жизнь – многогранна и непредсказуема, а совершать ошибки не стыдно. Это доказывает «Мазарин», позволяя насладиться приятными пейзажами, энергией юности, меткими шутками и хорошей музыкой, звучащей отовсюду. Содержит нецензурную брань.

Kann man seine große Liebe finden, wenn man erst zwölf Jahre alt ist? Ein

berührender Roman vor der Kulisse Hawaiis, der von zwei jungen Menschen erzählt, die verschiedener nicht sein können und die der Ozean auf mehr als nur eine Art voneinander trennt. Sommer 2004: Nachdem ihre ältere Schwester Tara spurlos verschwunden ist, verbringt Allie den Sommer bei ihren Großeltern auf Kauai. Dort trifft sie Kale, einen merkwürdigen Jungen, dem das Meer wichtiger ist als alles andere. Allie, die Wasser nicht besonders mag, kann zunächst nicht viel mit Kale anfangen, doch sie spürt eine Verbindung zu ihm, die sie nicht mehr loslässt und die sie von den Problemen in ihrer Familie ablenkt. In den darauffolgenden Sommern kehrt Allie immer wieder nach Kauai zurück und die zarten Gefühle der beiden entwickeln sich zu etwas

Großem. Alles könnte perfekt sein, wäre da nicht das Meer, das Kale als Apnoetaucher zu bezwingen versucht. Schon bald muss Allie erkennen, dass das Leben an Kales Seite ein ständiger Kampf gegen die unendliche Tiefe ist, die ihn immer mehr herausfordert, und gegen die sie zu verlieren scheint. Wird sie Kale am Ende aufgeben oder wird es ihr gelingen, ihn zu halten? Eine Geschichte über das Erwachsenwerden, die Faszination des Tauchens und die Kraft der Liebe, die manchmal tiefer reicht als jeder Ozean.

Mr. Preston is determined by any means necessary to become the number one wholesaler of solar panels in the United States. Unbeknownst to Sunday there are lies and deception woven into Mr. Preston's business proposal. Sunday O'Neil finds herself in a twisted world of business, erotic encounters, betrayal, lies and deception. Can Sunday O'Neil keep her head above water? -Beautifully written second instalment of Susan Bird's "Fences" trilogy. I did not expect this turbulent ending. Thoroughly enjoyable. Dennis Koller author of "Kissed by the Snow" -Susan Bird's book literally played like a soundtrack in my mind. Love the idea to mix music and literature! Loved this book I could not put it down. On his way to a friend's wedding, Mount Valley's resident bad boy Ethan Tyler meets Upper East Side's socialite darling Daniella 'Dana' Howard. Their bickering all throughout the plane ride clearly proves how mismatched they are for

each other—but a spontaneous kiss at the airport (and some trouble with overbooked hotels) means fate has other plans for them. Yet little do they know that it only takes five days to change their lives forever.

A protection detail brought me to small town Lucy Falls. A murder-for-hire contract keeps me here. I've been alone for a long time, and as an enforcer for the East Coast Irish, I'm okay with that—right up until the day I meet Emery "Cotton" Bishop. Emery is a girl with secrets in her eyes, and attraction sparks between us from the start. It's nothing I anticipated. It's nothing I

wanted. And it's complicated by an unexpected new kill order from my boss—for Emery herself. Why would anyone want to assassinate this woman with shadows in her eyes? Why is she so afraid? All I know is that there's no way I can kill her without learning the truth. Not while everything in me yearns to protect her, instead. When a second assassin is dispatched to do the job I'm struggling with, I do the only thing I can think of... ...I kidnap her. For a while, a remote cabin in the wilderness offers refuge—even if it's at the expense of both of our hearts. What will happen, though, when my kill order catches up with us, and there's nowhere left to run? Trust the Liar is Book 4 in the Lucy Falls series, a collection of connected standalone romances. You do not have

to read them all, or read them in any order, but your enjoyment will be enhanced by starting at the beginning. All of these romances include dark themes, such as abduction, lack of consent, violence, and murder. Please read responsibly.

It's 1985 in a small factory town near Pittsburgh. Eight-year-old Karen's parents are lifelong workers at the Anchor Glass plant, where one Saturday, an employee goes on a shooting spree, killing four supervisors, then himself. This event splits the young girl's life open, and like her mother, she begins to seek comfort in obsessive rituals and superstitions. This beautifully evocative memoir chronicles the next fourteen years, as Karen moves through girlhood,

adolescence, and young adulthood. It illuminates small-town factory life; explores a complicated mother-daughter bond; thoughtfully unfolds a smart, but insecure girl's coming of age; achingly recounts her attempts to use sex to fit in; and ultimately uncovers the buried secret from her childhood—a medical file with an unbearable report. The Girl Factory deftly travels the intersections of memory and origin. Karen's body remembers details her mind has tried to control. As the young woman mines her interior landscape for answers, certain questions persist. Where does memory live—in the body or the mind? And can you rewrite the story of your past?

Here's how the book works: on the left page, it shows how you did a particular task back in Mac OS 9; and on the right page it shows you exactly how it's now done in Mac OS X (Panther). It couldn't be easier. The whole book, every page, is in crisp full color, with clear concise,

plain-English descriptions that let you start using Mac OS X today, immediately, without having to learn the whole operating system first. It's like having a friend nearby with all the answers--when you get stuck, and wonder "how to I do that in Mac OS X?" just turn to that task and there it is--the left page shows the old way, the right page shows the new way. If you're one of those people who believe (like we do) that the best ideas are the simple ones, you'll absolutely love this book! If you want to start using Mac OS X today, if you want to unlock its power, stability, features and fun today, this is the book that will do it. There are no in-depth explanations about networking, no UNIX commands or how to hack the system, and no detailed descriptions of how it all

works and why. In short, it's not a "tell me all about it" book--it's a "here's how to do it" book, and that's why it works so amazingly well. Plus, if you look up how to do a particular task, and Mac OS X offers new features, new shortcuts, or new options that weren't available in Mac OS 8/9 (and there are plenty in Panther), Scott includes those too, using the same right to the point, conversational writing style that made his "Mac OS X Killer Tips" book a smash bestseller! We can't imagine an easier, faster, or more fun way to convert to Mac OS X, and really start using it today. It can be hard to find the words to describe the icky feelings that seem to come from nowhere and sap all your joy and energy. You can tell that your brain

just isn't pulling off the same tasks as others, and you're constantly bouncing between feeling nothing and feeling the weight of everything. It's hard enough to admit that you're struggling, but how do you even begin to navigate getting help when it feels like there's an enormous gap between you, your peers, and the adults in your life who keep saying they want to support you but just don't seem to get it? This is not your doctor's dry health pamphlet or a preachy self-care listicle. *The Beasts in Your Brain* is a guide and companion equally for you and your loved ones, here to provide that essential first dose of information, understanding, and validation about mental illness and how it affects the young people of today. This book knows how much harder things are for you and

your generation, how out-of-touch much of the advice out there is (after all, how are you supposed to "just unplug" when more than half your social life is conducted online?), and how identity, circumstances, and stigma can affect your experiences. Though they might be scary or seem unstoppable, the beasts can be defeated. It will be hard work, but it is not work you will ever have to do alone. This book will be your first partner in your battle against the beasts, reminding you that there's always hope and humor to be found in openly talking about the realities of living with mental illness. Together with the support of your loved ones and the practical knowledge and tools you will learn in this book, you can win this fight.
