Yoomi loves Grandma's cooking—except
 for stinky, spicy kimchi, the pickled
 cabbage condiment served at Korean
 meals. "You can't eat it because you're a
 baby," her brothers tease. And they don't
 play with babies. Determined to prove
 she's not a baby, Yoomi tries to find a way
 to make kimchi taste better—but not even
 ice cream can help. Luckily, Grandma has

a good idea, and soon everyone has a new
 food to enjoy. Celebrating family, food,
 and growing up, this story about a Korean-
 American family will appeal to picky eaters
 and budding foodies alike. Aram Kim's
 lively art is filled with expressive
 characters and meticulous details—and of
 course, mouth-watering illustrations of
 traditional Korean dishes and ingredients.
 Backmatter includes information about
 kimchi and how it's made, and best of all,
 a recipe for Grandma's kimchi pancakes to
 try yourself! For more about Yoomi and

A riveting debut novel set in contemporary Seoul, Korea, about four young women making their way in a world defined by impossible standards of beauty, after-hours room salons catering to wealthy men, ruthless social hierarchies, and K-pop mania "Powerful and provocative . . . a novel about female strength, spirit,

resilience—and the solace that friendship can sometimes provide."—The Washington Post NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Time • NPR • Esquire • Bustle • BBC • New York Post • InStyle

Kyuri is an aching beautiful woman with a hard-won job at a Seoul "room salon," an exclusive underground bar where she entertains businessmen while they drink. Though she prides herself on her cold, clear-eyed approach to life, an impulsive mistake threatens her livelihood. Kyuri's roommate, Miho, is a talented artist who grew up in an orphanage but won a scholarship to study art in New York. Returning to Korea after college, she finds herself in a precarious relationship with the heir to one of the country's biggest conglomerates. Down the hall in their building lives Ara, a hairstylist whose two preoccupations sustain her: an obsession with a boy-band pop star, and a best friend who is saving up for the extreme plastic surgery that she hopes will change her life. And Wanna, one floor below, is a newlywed trying to have a baby that she and her husband have no idea how they can afford to raise in Korea's brutal economy. Together, their stories tell a gripping tale at once unfamiliar and unmistakably universal, in which their tentative friendships may turn out to be the thing that ultimately saves them.
