From the New York Times bestselling author of *The Downstairs Girl*, Stacey Lee, an evocative novel about a teen aroma expert who uses her extrasensitive sense of smell to help others fall in love—while protecting her own heart at all costs. Perfect for fans of *When Dimple Met Rishi* and *I'll Be the One* and now in paperback. Sometimes love is right under your nose. As one of only two aromateurs left on the planet, sixteen-year-old Mimosa knows what her future holds: a lifetime of weeding, mixing love elixirs, and matchmaking—all while remaining incurably alone. For Mim, the rules are clear: falling in love would render her nose useless, taking away her one great talent. Still, Mimosa doesn't want to spend her life elbow-deep in soil and begonias. She dreams of a normal high school experience with friends, sports practices, debate club, and even a boyfriend. But when she accidentally gives an elixir to the wrong woman and has to rely on the lovesick woman's son, the school soccer star, to help fix the situation, Mim quickly begins to realize that falling in love isn't always a choice you can make. At once hopeful, funny, and romantic, Stacey Lee's *The Secret of a*

*Heart Note* is a richly evocative coming-of-age story that gives a fresh perspective on falling in love and finding one's place in the world.

What happens when you marry the bad boy—the reckless, irresistible cowboy who steals your heart and whom you should have dumped after the affair? Cole Thompson, a gorgeous ne'er-do-well horse trainer, shocks everyone when he proposes to Hannah Baker, the daughter of a wealthy Southern family. When after a twenty-year marriage filled with infidelity and other secrets, Cole leaves her, it comes as a shock to no one but Hannah. Now, though, there are no longer just two of them to suffer the consequences: caught in the middle is Mattie, the child who was supposed to settle them down and make them better people. This is the story of a relationship and marriage told in reverse, from its fateful end to its magical beginnings. Can a husband, a wife and their ten-year-old pick up the pieces of their broken past and dare to expect something from the future? In the tradition of books like *The Horse Whisperer* and *Cowboys Are My Weakness*, Karen Shepard deals with issues of broken trust, and the damage we cause to the ones we love most.

This book aims to describe aspects of the Indonesian language as spoken by educated Jakartans in everyday interactions. This style of language is in many ways significantly different from the formal language of government and education, to the extent that it deserves separate consideration. While formal Indonesian has been the subject of a considerable amount of description very little attention has been paid to informal styles of the language. The variety described here, Colloquial Jakartan Indonesian, is the prestige variety of colloquial Indonesian and is becoming the standard informal style. The description and texts in following chapters are drawn from recordings of natural speech of educated people living in Jakarta . While the book aims to inform those with a background in linguistics the needs of teachers and learners with little or no knowledge of linguistics is always borne in mind. The work thus does not consider theoretical linguistic issues nor use technical terms which would not be readily understood by most readers.

"Alif had never set foot outside of West Sumatra. He passed his childhood days searching for fallen durian fruit in the jungle, playing soccer on rice paddies, and swimming in the blue waters of Lake Maninjau. His mother wants him to attend an Islamic boarding school, a pesantren, while he dreams of public high school. Halfheartedly, he follows his mother's wishes. He finds himself on a grueling three-day bus ride from Sumatra to Madani Pesantren (MP) in a remote village on Java. On his first day at MP, Alif is captivated by the powerful phrase *man jadda wajada*. He who gives his all will surely succeed. United by punishment, he quickly becomes friends with five boys from across the archipelago, and together they become known as the Fellowship of the Manara. Beneath the mosque's minaret, the boys gaze at the clouds on the horizon, seeing in them their individual dreams of far-away lands, like America and Europe. Where would these dreams take them? They didn't know. What they did know was: never underestimate dreams, no matter how high they may be. God truly is The Listener. The Land of Five Towers is the first book in a trilogy written by A. Fuadi—a former TEMPO & VOA reporter, photography buff, and a social entrepreneur. He went to George Washington University and Royal Holloway, University of London for his masters. A portion of the royalties from the trilogy are intended to build Komunitas Menara, a volunteer-based social organization which aims to provide free schools, libraries, clinics and soup kitchens for the less fortunate. The French Defence Debate examines assertions of consensus and continuity in, and surrounding, France's defense since 1958, with primary reference to the political career of François Mitterrand. Mitterrand's influence over defense and security, before and after his election to the presidency, is often underestimated. Nonetheless, his impact was substantial, if ultimately for his lack of concern for preserving consensus and his reluctance to instigate necessary changes in France's defense--despite the end of the Cold War and the military deficiencies and limitations of national independence it exposed.

China today is sexually (and in many other ways) a very repressive society, yet ancient China was very different. Some of the earliest surviving literature of China is devoted to discussions of sexual topics, and the sexual implications of the Yin and Yang theories common in ancient China continue to influence Tantric and esoteric sexual practices today far distant from their Chinese origins. In recent years, a number of books have been written exploring the history of sexual practices and ideas in China, but most have ended the discussion with ancient China and have not continued

up to the present time. Fang Fu Ruan first surveys the ancient assumptions and beliefs, then carries the story to present-day China with brief descriptions of homosexuality, lesbianism, transvestism, transsexualism, and prostitution, and ends with a chapter on changing attitudes toward sex in China today. Dr. Ruan is well qualified to give such an overview. Until he left China in the 1980s, he was a leader in attempting to change the repressive attitudes of the government toward human sexuality. He wrote a best selling book on sex in China, and had written to and corresponded with a number of people in China who considered him as confidant and advisor about their sex problems. A physician and medical historian, Dr. Ruan's doctoral dissertation was a study of the history of sex in China.
