An additional 6k words have been added to the original text. Detective Cashel 'Cash' Godfrey is big, tattooed and angry so people typically keep their distance. He's fresh out of the police academy, however, no one is looking to partner with the six foot four beast with a huge chip on his shoulder and an inability to trust. When Cash scans the orientation room he wasn't expecting to find sexy hazel eyes locked onto him. Eyes of the

handsome Detective Leonidis 'Leo' Day. Leo is charming, witty, hilariously sarcastic and the only one that can make Cash smile. He's proud, out and one bad-ass detective. Together Cash and Leo become the most revered and successful narcotics detectives Atlanta's ever seen. Able to communicate and understand each other, without even having to voice it, they quickly climb up the promotional ranks. When Cash saves Leo's life in a raid that turns deadly, Leo begins to see something in the big man that no one else does...something special. But Leo fears he'll never break through the impenetrable wall that protects Cash's heart. Nothing Special takes the reader through various emotions throughout the richly fulfilling plot that's full of erotic gay romance, heartache, passion, trials and tribulations, police action scenes, and an intriguing twist that comes to an amazing ending that's impossible to see coming. The fourteenth-century Siege of Jerusalem has been called by Ralph Hanna the chocolate-covered tarantula of the alliterative movement for its apparent anti-Semitism and is, as Livingston notes in his introduction, simply difficult for twenty-first-century readers to like. The poem, which describes the destruction of the Second Temple by Roman forces in AD 70, is graphic in detail and unpleasant in its relish of the suffering of the Jews. But as Livingston points out, Like the gritty violence of Alliterative Morte Arthure, the gore in Siege is perhaps best read as a grim awareness of the terrible realities of war, not as a bloodthirsty and berserk cry for further bloodshed. The poem chronicles a historical war, and it is this historical quality that must stand out: the poem not only has resonances of the bloodshed that battle inevitably brings, but it also is, in a very literal sense, history. This is to say, the war is over. The vengeance of Jesus has been accomplished. The Siege-poet's answer

to the social-political-religious question of whether there is such a thing as a just war is that there was one: Titus and Vespasian's vengeance for the death of Christ. . . . Further efforts to avenge Christ were unnecessary. . . . That the poem is a call to action and to crusade, then, seems to be a claim that is far less sustainable than its opposite: a call to peace and to remembrance.

Fifty-five documents in a western-Himalayan language dealing with land, pilgrimage, legality and temple-economy are presented. They explicate how 'lesser states' patronized numerous shrines and the role of Nath-Siddha-ascetics in creating consent-to-rule, and constructing hybridity between the Hindu and Tibetan-Buddhist traditions.

The shattering novel of underground life the New York Times called "a cry of rapture and horror . . . the purest lyrical genius." Jean Genet's debut novel *Our Lady of the Flowers*, which is often considered to be his masterpiece, was written entirely in the

solitude of a prison cell. A semi- autobiographical account of one man's journey through the Paris demi-monde, dubbed "the epic of masturbation" by no less a figure than Jean-Paul Sartre, the novel's exceptional value lies in its exquisite ambiguity.

This volume presents a critical edition of the immensely influential and popular first version of The Christian Directory, by the notorious Elizabethan Jesuit leader, Robert Persons. It was written during and immediately after the English Mission of 1580-1, which ended with the martyrdom of his companion Edmund Campion. Persons's work,

originally entitled The First Booke of the Christian Exercise, appertayning to Resolution, attempts to persuade the reader to be resolved in the service of God. It deals with the motives and obstacles to such resolution. This edition includes a full apparatus of the alterations made to Persons's work by the Edmund Bunny, whose Protestant edition became an Elizabethan bestseller. It will be particularly useful to historians of the Catholic reformation and students of early modern English prose.

This 2002 book is a guide to Italian usage for students who have already acquired the basics of the language and wish to extend their knowledge. Unlike conventional grammars, it gives special attention to those areas of vocabulary and grammar which cause most difficulty to English-speakers. Careful consideration is given throughout to questions of style, register, and politeness which are essential to achieving an appropriate level of formality or informality in writing and speech. It surveys the contemporary linguistic scene in Italy and gives ample space to the new varieties of Italian that are emerging in modern Italy. The influence of the dialects in shaping the development of Italian is also acknowledged. Clear, readable and easy to consult via its two indexes, this is an essential reference for

learners seeking access to the finer nuances of the Italian language.

Il Mondo BRILL

The Etruscans are one of history's great mysteries - a sophisticated society that flourished at the heart of the Classical world and then vanished, leaving relatively few archaeological remains and few records of their culture. The Etruscans were adept at magic, and Etruscan books of spells were common among the Romans but they have not survived. While greatly influenced by the Greeks, the Etruscans retained elements of an ancient non-Western culture, and these archaic traits contributed greatly to the civilization once thought of as purely Roman (gladiators, for example, and many kinds of divination). Leland retrieves elements of Etruscan culture from the living popular traditions of remote areas of the Italian countryside where belief in "the old religion" survives to an astonishing degree. Recorded when many of these secret beliefs and practices were fading away, this remarkable volume deals with ancient gods, spirits, witches, incantations, prophecy, medicine, spells, and amulets,

giving full descriptions, illustrations, and instructions for practice. *Billboard* NYLA
