As Kingfishers Catch Fire
Penguin UK

The Viking North Atlantic differs significantly from the popular image of violent raids and destruction characterizing the Viking Age in Northern Europe. In Iceland, Scandinavian seafarers discovered and settled a large uninhabited island. In order to survive and succeed, they adapted lifestyles and social strategies to a new environment. The result was a new society, the Icelandic Free State. This volume examines the Viking Age in Iceland through the discoveries and excavations of the Mosfell Archaeological Project (MAP) in Iceland's Mosfell Valley. Directed by Professor Jesse Byock, with Field Director Davide Zori, MAP brings together scholars and researchers from Iceland, Britain, Canada, Denmark, Norway, Sweden, Germany, and the United States. The Project incorporates the disciplines of archaeology, history, saga studies,

osteology, zoology, paleobotany, genetics, isotope studies, place names studies, environmental science, and historical architecture. The decade-long research of MAP has led to the discovery of an exceptionally well-preserved Viking chieftain's farmstead, including a longhouse, pagan cremation site, a conversion-era stave church, and a Christian graveyard. The research results presented here tell the story of how the Mosfell Valley developed from a ninth-century settlement of Norse seafarers into a powerful Icelandic chieftaincy of the Viking Age.

The Banks of Wye

This early work by William Morris was originally published in 1899 and we are now republishing it with a brand new introductory biography. William Morris was born in London, England in 1834. Arguably best known as a textile designer, he founded a design partnership which deeply influenced the decoration of churches and homes during the early 20th century. However, he is

also considered an important Romantic writer and pioneer of the modern fantasy genre, being a direct influence on authors such as J. R. R. Tolkien. As well as fiction, Morris penned poetry and essays. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

Icelanders in the Viking Age
Penguin Classics

Ranging across Scandinavia, England and Ireland, a Viking-age epic of two poets in doomed pursuit of Helga the Fair.

Mrs Rosie and the Priest
University of Toronto Press

Tom Bjornstad highlights the history and architecture of medieval Scandinavia. Bjornstad discusses the burial mound at Stein in Ringerike in Norway, the Stave Church in Norway, folk costumes of Norway, crystal art, the Vikings, and more.

'It is a most wonderful comfort to sit alone beneath a lamp, book spread before you, and commune with someone from the past whom you

have never met...'
 Moonlight, sake, spring blossom, idle moments, a woman's hair - these exquisite reflections on life's fleeting pleasures by a thirteenth-century Japanese monk are delicately attuned to nature and the senses. Introducing Little Black Classics: 80 books for Penguin's 80th birthday. Little Black Classics celebrate the huge range and diversity of Penguin Classics, with books from around the world and across many centuries. They take us from a balloon ride over Victorian London to a garden of blossom in Japan, from Tierra del Fuego to 16th-century California and the Russian steppe. Here are stories lyrical and savage; poems epic and intimate; essays satirical and inspirational; and ideas that have shaped the lives of millions. Yoshida Kenko (c. 1283-1352). Kenko's work is included in Penguin Classics in *Essays in Idleness and Hojoki*.
Egil, the Viking Poet
 Taylor & Francis
 The Saga of Gunnlaug Serpent-Tongue (Gunnlaugs Saga Ormstungu) is the story of a promising young man named Gunnlaug who achieves fame for his bravery and poetry in the

courts of kings and earls throughout the Norse world. The story tells of poems praising kings and earls in verses received as gifts, in a culture where gift giving was a well established and important means of settling disputes, showing respect, and gaining favour and honour. However, a prophetic dream foretells the love rivalry and betrayal between Gunnlaugr Ormstunga, Hrafn Önundarson, and Helga the Fair, ending in tragedy. These stories survived by oral tradition over several centuries before being written down at the beginning of the 14th Century. It is based on two different manuscripts, one from c1270 and the other from c1300, preserved in its complete form in the *Sögubók* (Holm. Perg. 18 4to). This book is designed to be of use to anyone studying or with a keen interest in Old Norse or Old Icelandic, clearly showing how these languages work, and the influence of these languages on English. Both Old Norse and Old Icelandic versions are included. This edition is laid out in three columns, the original text, a literal word-for-word translation,

and a modern translation. Also included is a word list with over 1,000 definitions.
Medieval Scandinavia
 Trafford Publishing
 The Saga of Gunnlaug Serpent-Tongue (Gunnlaugs Saga Ormstungu) is the story of a promising young man named Gunnlaug who achieves fame for his bravery and poetry in the courts of kings and earls throughout the Norse world. However, a prophetic dream foretells a love rivalry, betrayal, and tragedy. The rich tradition of Icelandic literature survived by oral tradition over several centuries before being written down in the 13th Century. Old Norse is a North Germanic language spoken by inhabitants of Scandinavia from about the 7th to the 15th centuries. Old Icelandic is a variety of Old West Norse that emerged during the Norse settlement of Iceland in the second half of the 9th century. The meaning of the word 'saga' (plural: 'sögur' or 'sögur') translates as 'that which is said', or more widely: a 'saying', 'statement', 'story', 'tale', or 'narrative'. This book contains: - The Saga of Gunnlaug Serpent-Tongue

(Old Norse Version) - The Saga of Gunnlaug Serpent-Tongue (Old Icelandic Version) The texts are presented in their original Norse, with a literal word-for-word line-by-line translation, and a Modern English translation, all side-by-side. In this way, it is possible to see and feel how the Norse language worked and how it has evolved. Also included is a word list with 3,019 Norse words translated in to English, and 1,846 English words translated into Norse. This book is designed to be of use and interest to anyone with a passion for the Old Norse or Old Icelandic language, Norse history, or languages and history in general. Translated by Matthew Leigh Embleton
Matthew Leigh Embleton is a language and history enthusiast, musician, composer, and producer living in London.

[Aphorisms on Love and Hate](#) Good Press

In Iceland, the age of the Vikings is also known as the Saga Age. A unique body of medieval literature, the Sagas rank with the world's great literary treasures - as epic as Homer, as deep in tragedy as Sophocles, as

engagingly human as Shakespeare. Set around the turn of the last millennium, these stories depict with an astonishingly modern realism the lives and deeds of the Norse men and women who first settled in Iceland and of their descendants, who ventured farther west to Greenland and, ultimately, North America. Sailing as far from the archetypal heroic adventure as the long ships did from home, the Sagas are written with psychological intensity, peopled by characters with depth, and explore perennial human issues like love, hate, fate and freedom.

Men and Masculinities in the Sagas of Icelanders

Penguin UK
From the celebrated, award-winning translators of *Anna Karenina* and *The Brothers Karamazov*: a lavish volume of stories by one of the most influential short fiction writers of all time Anton Chekhov left an indelible impact on every literary form in which he wrote, but none more so than short fiction. Now, renowned translators Richard Pevear and Larissa Volokhonsky give us their renderings of fifty-two Chekhov stories.

These stories, which span the complete arc of his career, reveal the extraordinary variety and unexpectedness of his work, from the farcically comic to the darkly complex, showing that there is no one single type of "Chekhov story." They are populated by a remarkable range of characters who come from all parts of Russia and all walks of life, including landowners, peasants, soldiers, farmers, teachers, students, hunters, shepherds, mistresses, wives, and children. Taken together, they demonstrate how Chekhov democratized the form. Included in this volume are tales translated into English for the first time, including "Reading" and "An Educated Blockhead." Early stories such as "Joy," "Anguish," and "A Little Joke" sit alongside such later works as "The Siren," "Big Volodya and Little Volodya," "In the Cart," and "About Love." In its range, in its narrative artistry, and in its perceptive probing of the human condition, this collection promises profound delight.
[The Saga of Gunnlaug the Worm-tongue and Rafn the Skald](#) Neem Tree

Having sworn to disgrace Gunnlaugur, Hrafn returns to Iceland to ask for Helga in marriage as the three years she was to wait have passed. Delayed in his travels, Gunnlaugur returns the day of the wedding but can not stop it. Gunnlaugur challenges Hrafn to the last duel ever fought in Iceland, but kinsmen and friends of both prevent the fight. The two travel to Sweden where they meet and fight. Both die as foretold in Thorsteinn's dream. Dreaming of Gunnlaugur, Helga dies in the arms of her second husband, a third poet, as the dream foretold. There the saga ends. In addition to the translation of the saga, this book contains an anthropological analysis of the saga and saga writing in medieval Iceland. Beyond relating events, this saga, like others of its genre, is an expression of the totemic system of the primitive society that produced it, a stratified society without the institutions of a state. *The Saga of Gunnlaug Serpent-Tongue* Random House Books for Young Readers

The saga of Gunnlaug the Worm-Tongue and Raven the Skald, composed in the 13th century, relates

the story of two Icelandic poets Gunnlaugur Ormstunga and Hrafn Önundarson, and their competition for the love of Helga the Fair, daughter of Þorsteinn Egilsson and granddaughter of Egill Skallagrímsson. The story opens with a prophetic dream of two eagles fighting over a swan, prefiguring the love triangle in the story. The rivalry is initially fought using verse, but later with weapons, when Gunnlaug challenges Hrafn to a holmgang -- a duel, the recognised Norse way of settling disputes. The narrative follows Gunnlaugur and is sympathetic towards him as it describes his ambitious career as a court poet across Scandinavia and the British Isles. The saga has similarities to earlier sagas of poets, such as Kormáks saga and Bjarnar saga, but it is more refined and elegant with strong characterization and emotional impact. Long considered a masterpiece, the saga is often read by new students of Old Norse literature. William Morris is normally thought of as a fantasy precursor of Tolkien, having written *The Wood Beyond the World* among other works.

But he was also a translator, along with Eiríkr Magnússon, of more than just a few Norse Sagas. Originally written in the old Icelandic language, considered to be the closest tongue to that spoken by the Vikings, Gunnlaug the Worm-Tongue and Raven the Skald is but one of those efforts.

Viking Archaeology in Iceland Independently Published

'Gunnlaugs saga ormstungu', or 'The Saga of Gunnlaugur Serpent-Tongue', is a masterpiece of Icelandic literature,

written in the late 13th century. It follows the story of two Icelandic poets, Gunnlaugr Ormstunga and Hrafn Öundurson, who both love Helga the Fair, granddaughter of Egill Skallagrímsson. The saga is known for its strong characterization and emotional impact, and its skaldic poetry attributed to the main characters. The story includes prophetic dreams, a love triangle, banishment, and recitation of poetry in the courts of Northern kings, making it an engaging read for those interested in Old Norse literature and Icelandic history.

Sagas of Warrior-poets
Penguin UK

Award-winning Arab Australian poet Omar Sakr presents a pulsating collection of poetry that interrogates the bonds and borders of family, faith, queerness, and nationality. Visceral and energetic, Sakr's poetry confronts the complicated notion of "belonging" when one's family, culture, and country are at odds with one's personal identity. Braiding together sexuality and divinity, conflict and redemption, *The Lost Arabs* is a fierce, urgent collection from a distinct new voice.

[La saga de Gunnlaug Langue de Serpent](#)

University of Toronto Press

Why is it that encyclopedias assert the

Vikings, or Norsemen, landed in parts of North America, yet the Vikings have never been credited with its "discovery"?

Historians bestow this honor on Christopher Columbus, who ventured here five hundred years after the Vikings, having never set foot on the continent! True Myth: Black Vikings of the Middle Ages takes the reader where he or she has never been before. We have always been told that Vikings, or Norsemen, were tall, blond, white and blue-eyed--an image that has been presented to us in books and films. Now comes a book that challenges this centuries-old assertion, presenting evidence that these vaunted warriors were not the people popular historians have told us they were. The author presents evidence that white-skinned peoples in England, Ireland, and Wales referred to Vikings as black pagans and black devils. The extent of their dominance in Europe is examined--in fact, the author presents a reassessment of Europe that some readers will find difficult to believe, beginning with man's migrations into the continent and examining

a number of black-skinned peoples who called Europe home from very ancient times almost to the present. The reader has never read a book like this--filled with quotations from noted historians as well as from several Icelandic sagas--that will take the reader on a journey he or she has never imagined! A more accurate picture of Europe has never been presented before. The writer revisits the last ice age, presents evidence of the heavy presence of blacks in ancient Europe, and revisits ancient Greece, Rome, and areas of Asia, discussing the presence of black-skinned peoples in them before arriving in Viking-age Scandinavia when Norsemen embarked on a three-century-long assault on the continent and began migrating to Iceland and other areas of North America. Once the reader has completed *True Myth: Black Vikings of the Middle Ages*, he or she will have to question what he or she has been taught, historians once thought to be trustworthy, and the notion that the races were strictly divided and had never intermingled. There has never been a truer picture of Europe written, and the reader now has

the opportunity to embark on the most thrilling journey he or she will ever take.

The Saga of Gunnlaug Serpent-tongue and Three Other Sagas

Vintage

The war between humanity and Faerie devastated both sides. Or so 15-year-old Liza has been told. Nothing has been seen or heard from Faerie since, and Liza's world bears the scars of its encounter with magic. Trees move with sinister intention, and the town Liza calls home is surrounded by a forest that threatens to harm all those who wander into it. Then Liza discovers she has the Faerie ability to see—into the past, into the future—and she has no choice but to flee her town. Liza's quest will take her into Faerie and back again, and what she finds along the way may be the key to healing both worlds. Janni Lee Simner's first novel for young adults is a dark fairy-tale twist on apocalyptic fiction—as familiar as a nightmare, yet altogether unique.
