Modern German Grammar University of Hawaii Press

This book, designed for students who have already developed a basic competence in German, aims to broaden and improve their vocabulary by providing detailed information on groups of German words with related meanings. It is invaluable as a guide to finding the right word for the context. In order to enhance understanding of the structure of the German vocabulary, groups of synonyms are organised under German (rather than English) headwords. All entries are accompanied by an example of usage and English glosses and there are two indexes allowing users quickly to locate words in German or English. The book takes full account of register variation, indicating the degree of formal or informal use, and reflects regional usage especially in Austria and Switzerland. It is an essential reference for intermediate and advanced students as well as teachers and other professional linguists seeking access to the finer nuances of the German language.

For many years, Hawaiian Dictionary has been the definitive and authoritative work on the Hawaiian language. Now this indispensable reference volume has been enlarged and completely revised. More than 3,000 new entries have been added to the Hawaiian-English section, bringing the total

number of entries to almost 30,000 and making it the largest and most complete of any Polynesian dictionary. Other additions and changes in this section include: a method of showing stress groups to facilitate pronunciation of Hawaiian words with more than three syllables; indications of parts of speech; current scientific names of plants; use of metric measurements; additional reconstructions; classical origins of loan words; and many added cross-references to enhance understanding of the numerous nuances of Hawaiian words. The English Hawaiian section, a complement and supplement to the Hawaiian English section, contains more than 12,500 entries and can serve as an index to hidden riches in the Hawaiian language. This new edition is more than a dictionary. Containing folklore, poetry, and ethnology, it will benefit Hawaiian studies for years to come.

Reading Comprehension, Grade 8 Bess Press

Im Jahr 2020 erhält der Begriff "Globalisierung" eine neue Bedeutung. Mit der COVID-Krise wirkt erstmals eine Zäsur, die weltumspannend in das öffentliche wie private Leben eingreift, sicher geglaubte Regeln und Gewohnheiten erschüttert, Individuen und Gesellschaften an ihre Grenzen bringt. Dem Strudel der Ereignisse setzen die Goethe-Vigoni Discorsi Reflexionen von Persönlichkeiten aus Wissenschaft und Politik, Wirtschaft und Kultur, Medizin und Religion, Journalismus oder Sport entgegen. Sie entstanden über das erste Corona-Jahr hinweg und fassen als deutsch-italienisches Tagebuch Fragen und Perspektiven zusammen, die wir aus der Krise in eine gemeinsame Zukunft des europäischen Dialogs tragen. Der Band enthält eine deutsch-italienische Bildstrecke der Fotografen Stefano Dili und Ingmar Björn Nolting. Il 2020 ha portato con sé una mutazione nel significato del concetto di "globalizzazione". Con la crisi legata al COVID-19, a manifestarsi è stato un momento di profonda cesura, che ha causato cambiamenti in

ogni punto del globo tanto nella vita privata quanto in quella pubblica delle persone, destabilizzando regole ed abitudini radicate e spingendo individui e società al loro limite. I Goethe-Vigoni Discorsi contrastano il vortice degli eventi attraverso riflessioni di personalità di primo piano della scienza e della politica, di economia e cultura, medicina e religione, giornalismo e sport. Venutisi a creare nel corso del primo anno dall'inizio della pandemia di Coronavirus, essi riassumono nella forma di un 'diario italo-tedesco' domande e prospettive, che porteremo con noi anche una volta terminata la crisi, nel dialogo europeo del futuro. Il volume contiene una serie di immagini italo-tedesche ad opera dei fotografi Stefano Dili e Ingmar Björn Nolting.
