Colin Smythe  
Ben can't wait to adopt the best dog in the world. On a trip to the shelter, he sees dogs of all kinds, but none of them are quite right.

Then he finds Sadie. Sadie is big—really big. She says “roar” instead of “woof” and she doesn't fit inside the house, but Ben knows she's the best dog in the world. Now if only she could stop causing so much trouble! Dogosaurus Rex is a hilarious tale of a very special dog (with a prehistoric twist) that will have you

roaring—just like  
Sadie.

The outcome is anything but predictable when an exhausted hotel guest sets out in search of sleep in this kid-pleasing romp full of visual humor. Will Mr. Snore ever get some shut-eye at the busy Sharemore Hotel? The room on the first floor is too noisy. The room on the second floor is too crowded. The room on the third floor is too damp. Everywhere Mr. Snore goes, with a dutiful bellhop leading the way, he encounters something that's bound to keep him awake. Why is it so hard to find some peace and quiet? Perhaps Mr. Snore will have better luck on the

thirteenth floor. . . .

From author and playwright Wade Bradford and award-winning illustrator Kevin Hawkes comes a laugh-out-loud tale that plays with expectations and revelations — and reveals a surprisingly thought-provoking final twist.

Famed for his supposed encounter

with a falling apple that inspired his theory of gravity, Isaac Newton (1642–1727) grew from a quiet and curious boy into one of the most influential scientists of all time. Newton's *Rainbow* tells the story of young Isaac—always reading, questioning, observing, and inventing—and how he eventually made his way to Cambridge University, where he studied the work of earlier scientists and began building on their accomplishments. This colorful picture book biography celebrates Newton's discoveries that illuminated the mysteries of gravity, motion, and even rainbows, discoveries that gave mankind a new understanding of the natural world, discoveries that changed science

forever.

Little, Brown Books for  
Young Readers

*The Silver Pigs* is

Lindsey Davis' classic  
novel, which

introduced readers  
around the world to

Marcus Didius Falco, a  
private informer with a  
knack for trouble, a

tendency for bad luck,  
and a frequently

inconvenient drive for  
justice. When Marcus

Didius Falco, a Roman  
"informer" who has a

nose for trouble that's  
sharper than most,

encounters Sosia

Camillina in the Forum,  
he senses immediately

all is not right with the  
pretty girl. She

confesses to him that  
she is fleeing for her

life, and Falco makes  
the rash decision to

rescue her—a decision  
he will come to regret.

For Sosia bears a heavy burden: as heavy as a pile of stolen Imperial ingots, in fact. Matters just get more complicated when Falco meets Helena Justina, a Senator's daughter who is connected to the very same traitors he has sworn to expose. Soon Falco finds himself swept from the perilous back alleys of Ancient Rome to the silver mines of distant Britain—and up against a cabal of traitors with blood on their hands and no compunction whatsoever to do away with a snooping plebe like Falco....

The Past Is Red Vintage  
For the first time in one thrilling volume, three novels—Labyrinth of Evil, Revenge of the Sith, and Dark Lord: The Rise of Darth

Vader—that follow an epic chain of events: the last days of the Republic, the creation of the Empire, and the ultimate transformation of Jedi Anakin Skywalker into the notorious Darth Vader. On the planet Neimoidia, Jedi Knights Obi-Wan Kenobi and Anakin Skywalker seize an unexpected prize: intelligence capable of leading the Republic forces to the ever-elusive Darth Sidious, who is ruthlessly orchestrating a campaign to divide and overwhelm the Jedi forces. As combat escalates across the galaxy, and Darth Sidious remains one step ahead of his pursuers, the stage is set for an explosive endgame. Tormented by unspeakable visions, Anakin edges

closer to the brink of a galaxy-shaping decision, while Darth Sidious plots to strike the final staggering blow against the Republic—and to ordain a fearsome new Sith Lord: Darth Vader. Once the most powerful Knight ever known to the Jedi Order, Anakin becomes Darth Vader, a disciple of the dark side, a lord of the dreaded Sith, and the avenging right hand of the galaxy's ruthless new Emperor. As a few surviving Jedi lead a charge on a Separatist stronghold, the deadliest threat still rests in the swift and lethal crimson lightsaber of Darth Vader—behind whose brooding mask lies a shattered heart, a poisoned soul, and a cunning, twisted mind hell-bent on

vengeance. For the handful of scattered Jedi hunted across space, survival is imperative if the light side of the Force is to be protected and the galaxy reclaimed.

**Halliwell's Film and Video Guide** Archie Comic Publications Now an HBO Max series starring Ray Romano and Cristin Milioti From one of our most exciting and provocative young writers, a poignant, riotously funny story of how far some will go for love—and how far

some will go to escape it. Hazel has just moved into a trailer park of senior citizens, with her father and Diane—his extremely lifelike sex doll—as her roommates. Life with Hazel's father is strained at best, but her only alternative seems even bleaker. She's just run out on her marriage to Byron Gogol, CEO and founder of Gogol Industries, a monolithic corporation hell-bent on making its products and technologies indispensable in daily life. For over a decade, Hazel put up with being veritabily quarantined by Byron in the family compound, her every movement and vital sign tracked. But when he demands to wirelessly connect the two of them via brain

chips in a first-ever human “mind-meld,” Hazel decides what was once merely irritating has become unbearable. The world she escapes into is a far cry from the dry and clinical bubble she’s been living in, a world populated with a whole host of deviant oddballs. As Hazel tries to carve out a new life for herself in this uncharted territory, Byron is using the most sophisticated tools at his disposal to find her and bring her home. His threats become more and more sinister, and Hazel is forced to take drastic measures in order to find a home of her own and free herself from Byron’s virtual clutches once and for all. Perceptive and compulsively readable, *Made for Love* is at

once an absurd, raunchy comedy and a dazzling, profound meditation marriage, monogamy, and family.

### **The Movie Brats**

Random House Worlds  
The legendary FBI criminal profiler and international bestselling author of *Mindhunter* and *The Killer Across the Table* returns with this timely, relevant book that goes to the heart of extremism and domestic terrorism, examining in-depth his chilling pursuit of, and eventual prison confrontation with Joseph Paul Franklin, a White Nationalist serial killer and one of the most disturbing psychopaths he has ever encountered. Worshippers stream out of an Midwestern synagogue after sabbath services,

unaware that only a hundred yards away, an expert marksman and avowed racist, antisemite and member of the Ku Klux Klan, patiently awaits, his hunting rifle at the ready. The October 8, 1977 shooting was a forerunner to the tragedies and divisiveness that plague us today. John Douglas, the FBI's pioneering, first full-time criminal profiler, hunted the shooter—a white supremacist named Joseph Paul Franklin, whose Nazi-inspired beliefs propelled a three-year reign of terror across the United States, targeting African Americans, Jews, and interracial couples. In addition, Franklin bombed the home of Jewish leader Morris Amitay, shot and

paralyzed Hustler magazine publisher Larry Flynt, and seriously wounded civil rights leader Vernon Jordan. The fugitive supported his murderous spree robbing banks in five states, from Georgia to Ohio. Douglas and his writing partner Mark Olshaker return to this disturbing case that reached the highest levels of the Bureau, which was fearful Franklin would become a presidential assassin—and haunted him for years to come as the threat of copycat domestic terrorist killers increasingly became a reality. Detailing the dogged pursuit of Franklin that employed profiling, psychology and meticulous detective work, Douglas and Olshaker

relate how the case was a make-or-break test for the still-experimental behavioral science unit and revealed a new type of, determined, mission-driven serial killer whose only motivation was hate. A riveting, cautionary tale rooted in history that continues to echo today, *The Killer's Shadow* is a terrifying and essential exploration of the criminal personality in the vile grip of extremism and what happens when rage-filled speech evolves into deadly action and hatred of the "other" is allowed full reign. *The Killer's Shadow* includes an 8-page color photo insert.

Salvaged Holt McDougal  
From New York Times bestselling novelist

Lindsey Davis comes an epic novel of first-century Rome and the Emperor Domitian, known to all of the Roman world as *Master and God* Set in the reign of the Emperor Domitian in first-century Rome, *Master and God* is Lindsey Davis's meticulously researched epic novel of the life and times surrounding the last of the Flavian dynasty of emperors. Gaius Vinus is a reluctant Praetorian Guard—the Emperor's personal guard—and a man with a disastrous marriage history. Flavia Lucilla is also in the imperial court and she is responsible not only for having created the ridiculous hairstyle worn by the imperial ladies but for also making toupees for the balding and

increasingly paranoid emperor. The two of them are brought together in an unlikely manner—a devastating fire in Rome—which then leads to a lifelong friendship. Together they watch Domitian's once talented rule unravel into madness and cruelty, until the people closest to him conspire to delete him from history. As an imperial bodyguard, Vinus then faces a tough decision. Master and God is a compelling novel of the Roman Empire—from the height of power to the depths of madness—told from the perspective of two courtiers and unlikely friends who together are the witnesses to history.

If blockbusters make money no matter how bad they are, then why not make a good one for a change? How can 3-D be the future of cinema when it's been giving audiences a headache for over a hundred years? Why pay to watch films in cinemas that don't have a projectionist but do have a fast-food stand? And, in a world where *Sex and the City 2* was a hit, what are film critics even for? Outspoken, opinionated and hilariously funny, *The Good, The Bad and The Multiplex* is a must for anyone who has ever sat in an undermanned, overpriced cinema and wondered: 'How the hell did things get to be this terrible?'

The Movie Brats is about power in the American film industry - how the legendary moguls lost it, and how a new young generation of filmmakers came to inherit it. The authors submit that social changes in America -

and not just the advent of television - were the true cause of Hollywood's decline and tell how the movie brats - the first film school graduates and movie buffs to gain real power in the industry - took over the demoralized Hollywood of the 1960s and 1970s. Six top directors show how they succeeded and how the deals were made: Francis Coppola, George Lucas, Brian DePalma, John Milius, Martin Scorsese, Steven Spielberg. *Children's Books in Print* St. Martin's Press "The Candide of our #@\$%?! age." — Ken Liu, award-winning author Catherynne M.
