Two sisters come to terms  
with their extraordinary  
powers in a new middle  
grade fantasy from

Supergirl's Melissa  
Benoist and her sister, the  
writer Jessica Benoist,  
with the New York Times  
bestselling author, Mariko  
Tamaki Ellie McFadden  
has intuitive gifts. She can  
sense what other living  
things are feeling. She  
can even talk to animals!  
Too bad she can't connect  
with her twin sister,

Parker. Parker McFadden  
has kinetic gifts. She can  
cause shocks to the earth  
and produce heat energy  
that explodes from her  
body like fire, especially  
when she is angry. The  
sisters aren't aware of the  
legacy they inherited from  
their mother until, on their  
thirteenth birthday, two  
mysterious relatives on

the Power side whisk them off to an isolated sanctuary called Haven. Ellie immediately adapts to their new routine, but Parker has one impulse: to get back to her normal life of friends and sports, fast. Unlocking Haven's secrets is just the beginning of what Ellie and Parker can do if they choose to work together to harness their abilities. But the sinister force that took their mother has other plans; and if the sisters' fragile relationship succumbs to The Danger, a terrible fate may befall

the people they love. This epic tale of two remarkable girls and the powers they wield is sure to appeal to fans of Chris Colfer, Rick Riordan, and Tui T. Sutherland. *Or, Life in the Woods* Xist Publishing  
All of the animals are afraid of the Selfish Crocodile - he never let's them into his river, and he's always so snappy! And so when the Selfish Crocodile finds himself in terrible pain, no-one wants to help him - after all, what if he gobbles them up? But, to

everyone's surprise, there is one animal in the forest who is willing to help . . . A brilliant tale of friendship, *The Selfish Crocodile* has become a picture book classic.

As a child, there are constantly people trying to pick you up, hug you, or tickle you. Sometimes, though, children fall victims to people who try to touch them inappropriately. But how do you tell someone, most likely an adult, that you don't want to be touched?

Or, if it has already happened, how do you tell an adult you trust about what happened? You're only a child, and they're the adults. Why would they believe you? My *Body Belongs to Me!* is an educational tool to help instill confidence in children when it comes to their bodies. The narrative of the story is led by a girl named Clara, who encourages kids to say "no" if they are uncomfortable with physical contact. The narrator gives readers tips about what they can say

or do to avoid unwanted physical contact, or how to tell the right people in the event it has already occurred. My *Body Belongs to Me!* is an invaluable resource that gives children a voice in uncomfortable situations. Suited for children ages 3 to 6, this should be in all doctor's offices, counselor's offices, and all parents should read to their preschool-aged children to teach them how to effectively say no to unwanted touching and how to report unwanted touching if it does occur.

 Para aprender español, los alumnos de primaria tienen que tener un

amplio caudal de competencias lingüísticas, aunque el español sea su lengua materna (no es excusa para no trabajarlo). Entre estas competencias, contamos el aprendizaje de la lectura, el estudio gramatical, los ejercicios de español escrito, la expresión oral y el vocabulario.

 Why does my tummy rumble? What happens to the food I eat? What does my brain look like? The answer to these and many other intriguing questions can be found in this fun and instructive book for young children. Packed with fascinating facts and stimulating games, My First Body Book is the perfect introduction to the incredible things that bodies can do. In My First Body Book, each body system is introduced by a paragraph that explains its basic functions.

Interactive games and activities then give a practical demonstration of how the different body parts work. You can help children to make their own discoveries by encouraging them to relate the information in this book to their own bodies. The see-through pages have been designed so that children can look right inside a body and see where each part belongs. The labels will help children to identify and learn the names of different body parts.
