Everyone has
heard of the
fairies who
live at the
bottom of the
garden. But
did you know
that fairies
also live in the
big city? Of
course they
do! Pearlie
looks after

Jubilee Park
and it keeps
her very busy.
Every day she
makes the
slippery dip
slippery,
opens all the
flowers,
polishes the
dragonflies'
wings, and
looks after all
the animals
who live in the
park. But one
day she wakes
up to find

everything
 topsy-turvy.
 Hurly-burly!
 What can
 have gone
 wrong? It's up
 to Pearlie to
 find out . . . A
 delightfully
 funny urban
 fairytale,
 Pearlie in the
 Park is perfect
 for new and
 emerging
 readers.

 Don't face
 reality. Create
 reality! E-
 Squared could
 best be
 described as a
 lab manual
 with simple
 experiments
 to prove once
 and for all that
 reality is
 malleable,
 that
 consciousness
 trumps
 matter, and
 that you
 shape your life
 with your
 mind. Rather
 than take it on
 faith, you are
 invited to
 conduct nine
 48-hour

experiments
 to prove there
 really is a
 positive,
 loving, totally
 hip force in
 the universe.
 Yes, you read
 that right. It
 says prove.
 The
 experiments,
 each of which
 can be
 conducted
 with
 absolutely no
 money and
 very little time
 expenditure,
 demonstrate
 that spiritual
 principles are
 as dependable
 as gravity, as
 consistent as
 Newton's laws
 of motion. For
 years, you've
 been hoping
 and praying
 that spiritual

principles are true. Now, you can know. E-Squared proves the following: 1. There is an invisible energy force or field of infinite possibilities. 2. You impact the field and draw from it according to your beliefs and expectations. 3. You, too, are a field of energy. 4. Whatever you focus on expands. 5. Your connection to the field provides accurate and unlimited guidance. 6.

Your thoughts and consciousness impact matter. 7. Your thoughts and consciousness provide the scaffolding for your physical body. 8. You are connected to everything and everyone else in the universe. 9. The universe is limitless, abundant, and strangely accommodating. **Tough Boris** Simon and Schuster There's a possum in the house and he's hiding in the pantry. How much

havoc can one possum create in a house?

Cole can remember, he has always seemed very unimpressive next to his brother and sister. However, when a trip to his grandma's ancient house turns into the adventure of a lifetime, he is given a choice which makes him question everything that he thought he wanted. Hurlled into a strange place where even stranger creatures dwell and fierce powers are at play, Cole must find out where his

own talents lie and put them to good use before time runs out. Follow Cole through the mousehole into Deriuss: a land where all you need is a little belief in yourself to unlock a world of magic.
