An Instant New York Times Bestseller! Winner of the Coretta Scott King - John Steptoe for New Talent Author Award Filled with mystery and an intriguingly rich magic system, Tracy Deonn’s YA contemporary fantasy reinvents the King Arthur legend and “braids together Southern folk traditions and Black Girl Magic into a searing modern tale of grief, power, and self-discovery” (Dhonielle Clayton, New York Times bestselling author of *The Belles*). After her mother dies in an accident, sixteen-year-old Bree Matthews wants nothing to do with her family memories or childhood home. A residential program for bright high schoolers at UNC-Chapel Hill seems like the perfect escape—until Bree witnesses a magical attack her very first night on campus. A flying demon feeding on human energies. A secret society of so called “Legendborn” students that hunt the creatures down. And a mysterious teenage mage who calls himself a “Merlin” and who attempts—and fails—to wipe Bree’s memory of everything she saw. The mage’s failure unlocks Bree’s own unique magic and a buried memory with a hidden connection: the night her mother died, another Merlin was at the hospital. Now that Bree knows there’s more to her mother’s death than what’s on the police report, she’ll do whatever it takes to find out the truth, even if that means infiltrating the Legendborn as one of their initiates. She recruits Nick, a self-exiled Legendborn with his own grudge against the group, and their reluctant partnership pulls them deeper into the society’s secrets—and closer to each other. But when the Legendborn reveal themselves as the descendants of King Arthur’s knights and explain that a magical war is coming, Bree has to decide how far she’ll go for the truth and whether she should use her magic to take the society down—or join the fight.

*The Shadow Rising* Penguin

Women fans have entered the traditionally male domain of the sports stadium in growing numbers in recent years. Watching professional sport is important for women for so many reasons, but their expectations and experiences have been largely ignored by academics. This book tackles these shortcomings in the literature and sheds new light on the many ways in which women become sports fans. This groundbreaking study is the first to focus on the phenomenon of the feminization of sports fandom. Including original research on football and rugby union in the UK, it looks at the increasing opportunities for women to become sports fans in contemporary society and critically examines the way this form of leisure is valued by women. Drawing upon feminist thinking and intersectionality, it shows how women from different social classes and age groups consume the spectacle of sport. This book is fascinating reading for any student or scholar interested in sport and leisure studies, sociology and gender or women’s studies.

*The Fandom* Chicken House

Developing a theoretical perspective on the phenomenon of fandom, this work examines the role of fandom in contemporary Western society. It focuses on issues such as social class, power, and gender as themes to build an understanding of theories of fandom.
