Judy's profession of architecture was predominately a male profession, and her desire to work in foreign countries was especially hard. It had been a struggle but she had recently been hired to work on a job of a lifetime. The hope to work on a project in the depth of the Brazilian rain forest seemed to be in her reach, until she met the Engineer in charge. He was determine Judy was not going to stay. Judy had not got where she was without a fight, so there is dissension, excitement and an interesting challenge from the beginning. Who would win? Judy knew she was a good

Architect and could handle the project, the owner of the company was assured she could as well, all she had to do was prove it to Ben. I have lived most of my life in California but traveled extensively. I have used my travel experience as well as my personal observation of the people around me as a base for the characters and settings in my book. I am an avid reader of a wide selection of subject matter. I enjoy a good romance, a mystery or a historical novel. I have two children, one who lives on the East Coast one on the West Coast and I visit both regularly, usually driving between the two and enjoying sights on the way.

ed. by C.H. Ross Beyond The Page When Jen's mother, Darlene, vanished, the police didn't classify her as a "missing person." Jen's estranged father knew exactly where she was- but he was determined to keep Darlene and his own secrets well hidden. Only one other person-Jen-knew her father's dark and destructive nature. Since she was a child, she'd experienced his cruelty firsthand when her father tried to break her down, but his ruthlessness had the opposite effect: she blossomed into the type of strong woman he hated. As an adult, Jen flourished when she left her parental home. But her need to protect her fragile mother from her father's tyranny kept Jen returning to harm's way. With no one willing to help, would Jen's dogged loyalty to her mother cost both women their mental health? Or would Jen finally submit to her father's will and end her desperate search before discovering her mother's true fate?

A story of a rebellion against the fashionable mores of our time. A young American is stranded in Scotland without any idea of how she got there. As she fights to discover the hidden forces behind her abduction, she discovers that she is the victim of a shadowy organisation with a hand in most governments across the world - an organisation completely amoral about the methods they use to achieve their goals - including people trafficking. Her trafficker betrays the organisation due to a hopeless juvenile infatuation with her and pays with his life. She lands among a group of isolated people whose fight against the threatening lunacy of the times is essentially a fight against the same people who have attempted to abduct her. Finding herself the subject of a serious and genuine affection which she only at length returns, she and her new companion (along with an eccentric retired policeman) fly out to California to try and uncover the truth about what has happened to her. Once there, they join forces with other rebels, but as their fight against the organisation becomes increasingly violent,

the fate of the rebels hangs in the balance.

Judys Bird Farm, situated in Animal Kingdom, is the tale of birds whom kind-hearted Judy Paulina protected from annihilation by the animals in the kingdom. The birds found her a spiritual leader whom they commonly referred to as JP. She shared her belief in the all-powerful, miracle-working, supreme-being called Maha-Waa. However, her loving leadership was short-lived and she died suddenly soon after becoming their leader. As the birds struggled for their survival, they became embroiled in a bitter conflict with their arch-enemy Gatorade the lion, and the citizens of Animal Kingdom. Now that their leader, JP, has gone to eternity, the birds must rely on the lessons of love and service she taught them as they fight for their freedom. The story is an amalgam of religion, politics, history, and government, all beautifully and curiously interwoven. It is a fable that offers an unflinching look at what happens when there is great power without great, spiritual responsibility. The struggles that Bird Nation encounters are reminiscent of the early struggles of Christianity. Judys bird Farm offers a reminder that the life well-lived can make the difference between success and failure. John E. Smith-Njigba, Adjunct Professor of Eastfield College, Dallas County Community Colleges.

Meanwhile, her bother Kevin, an former professional tennis player, has decided to donate a kidney to their ailing father — until it turns out that he's not a genetic match. It is 1947, the worst winter in England since records began, and even the sea is frozen. For the women living in the little fishing port of Bexham, the chronic lack of everything from fuel to food has left them reeling. When Waldo Astley, a handsome young American, drives through thick Sussex snow into the village in his large Buick, he finds Bexham filled not only with grumbling residents, but with frustrated wives and mothers, forced back behind their stoves after celebrating the victory for which they fought so hard on the home front. But Waldo is no ordinary character, and while he has come to Bexham on a personal mission, his effect on all the residents is truly electrifying. For Judy, whose marriage to Walter has been badly affected by long years of separation; for Rusty, whose miscarriage has been mind-shattering; for Mathilda, whose single motherhood has put her eligibility in jeopardy; and for Meggie, still not recovered from her ordeal as a secret agent. For all these women, Waldo Astley is not just a breath of fresh air—but the wind off the sea.

*The Goldfish Bowl* Trafford Publishing By bestselling British writer Charlotte Bingham, *The Chestnut Tree* is a

sweeping, romantic novel about the women who stayed behind in World War II. It is the summer of 1939, and the residents of the idyllic Sussex fishing port of Bexham are preparing for war. Beautiful but shy Judy Melton, daughter of a naval hero; her determinedly feckless friend, the social butterfly Meggie Gore-Steward; seemingly demure Mathilda Eastcott, and Rusty Sykes, the tomboy daughter of the

owner of the local boatyard, are all in their very individual ways determined to play an active part in the defense of their country. But knitting socks and bomb-dodging are not what they have in mind. Under the tree on the green the women of Bexham meet to look back on a landscape that has changed irrevocably, and which they have in their own ways helped to

alter. None of them are the same, and yet, with the men returning from war, they are expected to slip back into their simple roles of mother, daughter, grandmother. This, more than anything perhaps, is their greatest sacrifice. Only the chestnut tree planted by Corrie at the edge of the village flourishes in the accepted manner, finally becoming the uniting symbol of all that has passed forever.
