The Yellow Wall-Paper Aegitas

The War of the Worlds is a science fiction novel by English author H. G. Wells, first serialised in 1897 by Pearson's Magazine in the UK and by Cosmopolitan magazine in the US. The novel's first appearance in hardcover was in 1898 from publisher William Heinemann of London. Written between 1895 and 1897, it is one of the earliest stories to detail a conflict between mankind and an extraterrestrial race. The novel is the first-person narrative of both an unnamed protagonist in Surrey and of his younger brother in London as southern England is invaded by Martians. The novel is one of the most commented-on works in the science fiction canon.

A brilliant look at colonialism and its effects in Antigua--by the author of *Annie John* "If you go to Antigua as a tourist, this is what you will see. If you come by aeroplane, you will land at the V. C. Bird International Airport. Vere Cornwall (V. C.) Bird is the Prime Minister of Antigua. You may be the sort of tourist who would wonder why a Prime Minister would want an airport named after him--why not a school, why not a hospital, why not some great public monument. You are a tourist and you have not yet seen . . ." So begins Jamaica Kincaid's expansive essay, which shows us what we have not yet seen of the ten-by-twelve-mile island in the British West Indies where she grew up. Lyrical, sardonic, and forthright by turns, in a Swiftian mode, *A Small Place* cannot help but amplify our vision of one small place and all that it signifies.

"A true classic of world literature . . . A masterpiece that has inspired generations of writers in Nigeria, across Africa, and around the world." —Barack Obama "African literature is incomplete and unthinkable without the works of Chinua Achebe." —Toni Morrison Nominated as one of America's best-loved novels

by PBS's *The Great American Read* *Things Fall Apart* is the first of three novels in Chinua Achebe's critically acclaimed African Trilogy. It is a classic narrative about Africa's cataclysmic encounter with Europe as it establishes a colonial presence on the continent. Told through the fictional experiences of Okonkwo, a wealthy and fearless Igbo warrior of Umuofia in the late 1800s, *Things Fall Apart* explores one man's futile resistance to the devaluing of his Igbo traditions by British political and religious forces and his despair as his community capitulates to the powerful new order. With more than 20 million copies sold and translated into fifty-seven languages, *Things Fall Apart* provides one of the most illuminating and permanent monuments to African experience. Achebe does not only capture life in a pre-colonial African village, he conveys the tragedy of the loss of that world while broadening our understanding of our contemporary realities.

Her writings are precursors to many later feminist theories. With her radical life attitude, Perkins Gilman has been an inspiration for many generations of feminists in the USA. Virginia Woolf's playful exploration of a satirical »Oxbridge« became one of the world's most groundbreaking writings on women, writing, fiction, and gender. *A Room of One's Own* [1929] can be read as one or as six different essays, narrated from an intimate first-person perspective. Actual history blends with narrative and memoir. But perhaps most revolutionary was its address: the book is written by a woman for women. Male readers

are compelled to read through women's eyes in a total inversion of the traditional male gaze. VIRGINIA WOOLF [1882–1941] was an English author. With novels like *Jacob's Room* [1922], *Mrs Dalloway* [1925], *To the Lighthouse* [1927], and *Orlando* [1928], she became a leading figure of modernism and is considered one of the most important English-language authors of the 20th century. As a thinker, with essays like *A Room of One's Own* [1929], Woolf has influenced the women's movement in many countries.

"The Masque of the Red Death", originally published as "The Mask of the Red Death: A Fantasy", is an 1842 short story by American writer Edgar Allan Poe. The story follows Prince Prospero's attempts to avoid a dangerous plague, known as the Red Death, by hiding in his abbey. He, along with many other wealthy nobles, hosts a masquerade ball within seven rooms of the abbey, each decorated with a different color. In the midst of their revelry, a mysterious figure disguised as a Red Death victim enters and makes his way through each of the rooms. Prospero dies after confronting this stranger, whose "costume" proves to contain nothing tangible inside it; the guests also die in turn. Poe's story follows many traditions of Gothic fiction and is often analyzed as an allegory about the inevitability of death, though some critics advise against an allegorical reading. Many different interpretations have been presented, as well as attempts to identify the true nature of the titular disease. The story was first published in May 1842 in *Graham's Magazine* and has since been adapted in many different forms, including a 1964 film starring Vincent Price.

*The Birthmark* deals with the husband's deeply negative obsession of his wife's outer appearances and what does that entail for these two young couples. The birthmark represents various things throughout the story. Two of the main representations are imperfection and mortality. American novelist and short story writer Nathaniel Hawthorne's (1804–1864) writing

centers on New England, many works featuring moral allegories with a Puritan inspiration. Hawthorne has also written a few poems which many people are not aware of. His works are considered to be part of the Romantic movement and, more specifically, Dark romanticism. His themes often centre on the inherent evil and sin of humanity, and his works often have moral messages and deep psychological complexity.

The Birthmark Modernista

A retreat with his wife, Kathy, to a lakeside cabin in northern Minnesota only exacerbates the tensions rising between them. Then, within days of their arrival, Kathy mysteriously vanishes into the watery wilderness. When a police search fails to locate her, suspicion falls on the disgraced politician with a violent past. But when John himself disappears, the questions mount—with no answers in sight. In this contemplative thriller, acclaimed author Tim O'Brien examines America's legacy of violence and warfare and its lasting impact both at home and abroad.
