LIVINGSTON BOOTH

Mr. Bones InterVarsity Press

Four friends, Two couples, One year that will change their lives. Liz and Sean, both beautiful and popular, are madly in love and completely misunderstood by their parents. Their best friends, Maggie and Dennis, are shy and awkward, but willing to take the first tentative steps toward a romance of their own. Yet before either couple can enjoy true happiness, life conspires against them, threatening to destroy their friendships completely.

Nuns Behaving Badly Bantam

A highly entertaining novel set in North London, where the Greek gods have been living in obscurity since the seventeenth century. Being immortal isn't all it's cracked up to be. Life's hard for a Greek god in the twenty-first century: nobody believes in you any more, even your own family doesn't respect you, and you're stuck in a dilapidated hovel in North London with too many siblings and not enough hot water. But for Artemis (goddess of hunting, professional dog walker), Aphrodite (goddess of beauty, telephone sex operator) and Apollo (god of the sun, TV psychic) there's no way out... until a meek cleaner and her would-be boyfriend come into their lives and turn the world upside down. *Gods Behaving Badly* is that rare thing, a charming, funny, utterly original novel that satisfies the head and the heart.

Is God a Moral Monster? Oxford University Press

NEW YORK TIMES BESTSELLER • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR, BOOKPAGE, AND SHELF AWARENESS • “Paula McLain is considered the new star of historical fiction, and for good reason. Fans of *The Paris Wife* will be captivated by *Circling the Sun*, which . . . is both beautifully written and utterly engrossing.”—Ann Patchett, *Country Living* This powerful novel transports readers to the breathtaking world of Out of Africa—1920s Kenya—and reveals the extraordinary adventures of Beryl Markham, a woman before her time. Brought to Kenya from England by pioneering parents dreaming of a new life on an African farm, Beryl is raised unconventionally, developing a fierce will and a love of all things wild. But after everything she knows and trusts dissolves, headstrong young Beryl is flung into a string of disastrous relationships, then becomes caught up in a passionate love triangle with the irresistible safari hunter Denys Finch Hatton and the writer Baroness Karen Blixen. Brave and audacious and contradictory, Beryl will risk everything to have Denys's love, but it's ultimately her own heart she must conquer to embrace her true calling and her destiny: to fly. Praise for *Circling the Sun* “In McLain's confident hands, Beryl Markham crackles to life, and we readers truly understand what made a woman so far ahead of her time believe she had the power to soar.”—Jodi Picoult, author of *Leaving Time* “Enchanting . . . a worthy heir to [Isak] Dinesen . . . Like Africa as it's so gorgeously depicted here, this novel will never let you go.”—*The Boston Globe* “Famed aviator Beryl Markham is a novelist's dream. . . . [A] wonderful portrait of a complex woman who lived—defiantly—on her own terms.”—*People* (Book of the Week) “*Circling the Sun* soars.”—*Newsday* “Captivating . . . [an] irresistible novel.”—*The Seattle Times* “Like its high-flying subject, *Circling the Sun* is audacious and glamorous and hard not to be drawn in by. Beryl Markham may have married more than once, but she was nobody's wife.”—*Entertainment Weekly* “[An] eloquent evocation of Beryl's daring life.”—*O: The Oprah Magazine*

When Good Men Behave Badly Simon and Schuster

Leading biblical scholar Thomas Schreiner provides an easy-to-navigate resource for studying and understanding the Acts of the Apostles and the Pauline Letters. This accessibly written volume summarizes the content of each major section of the biblical text to help readers quickly grasp the sense of particular passages. This is the first volume in the Handbooks on the New Testament series,

which is modeled after Baker Academic's successful Old Testament handbook series. Series volumes are neither introductions nor commentaries, as they focus primarily on the content of the biblical books without getting bogged down in historical-critical questions or detailed verse-by-verse exegesis. The series will contain three volumes that span the entirety of the New Testament, with future volumes covering the Gospels and Hebrews through Revelation. Written with classroom utility and pastoral application in mind, these books will appeal to students, pastors, and laypeople alike.

Gods Behaving Badly University of Hawaii Press

The Bible was written within collectivist cultures. When Westerners, immersed in individualism, read the Bible, it's easy to misinterpret important elements—or miss them altogether. In any culture, the most important things usually go without being said. So to read Scripture well we benefit when we uncover the unspoken social structures and values of its world. We need to recalibrate our vision. Combining the expertise of a biblical scholar and a missionary practitioner, *Misreading Scripture with Individualist Eyes* is an essential guidebook to the cultural background of the Bible and how it should inform our reading. E. Randolph Richards and Richard James explore deep social structures of the ancient Mediterranean—kinship, patronage, and brokerage—along with their key social tools—honor, shame, and boundaries—that the biblical authors lived in and lie below the surface of each text. From Abraham, Sarah, and Hagar to Peter's instructions to elders, the authors strip away individualist assumptions and bring the world of the biblical writers to life. Expanding on the popular *Misreading Scripture with Western Eyes*, this book makes clear how understanding collectivism will help us better understand the Bible, which in turn will help us live more faithfully in an increasingly globalized world.

Allah InterVarsity Press

These 16 strange-but-true tales recount the most cunning, complex, and deadly crimes by women in Cleveland history: the Bad Cinderella who poisoned her stepsister, then donned her red dress; bored Velma West, who ended her marriage with a quick hammer blow; a merry widow who poisoned a dozen relatives because she enjoyed funerals; and more!

Models.Behaving.Badly. Houghton Mifflin Harcourt

For some of us, the apostle Paul is intimidating, like a distant and difficult uncle. Maybe not someone you'd like to hang out with at a coffee shop on a rainy day. He'd make a scene, evangelize the barista, and arouse looks across the room. For a mid-morning latte, we'd prefer Jesus over Paul. But Paul is actually the guy who—from Ephesus to Athens—was the talk of the marketplace, the raconteur of the Parthenon. He knew everyone, founded emerging churches, loved the difficult people, and held his own against the intellectuals of his day. If you're willing to give Paul a try, *Rediscovering Paul* is your reliable guide. This is a book that reacquaints us with Paul, as if for the first time. Drawing on the best of contemporary scholarship, and with language shaped by teaching and conversing with today's students, *Rediscovering Paul* is a textbook that has passed the test. Now in a reworked edition, it's better than ever. There are fresh discussions of Paul's letter writing and how those letters were received in the churches, new considerations of pseudonymity and the authenticity of Paul's letters, and updated coverage of recent developments in interpreting Paul. from Paul's conversion and call to his ongoing impact on church and culture, this second edition of *Rediscovering Paul* comes enthusiastically recommended.

Misreading Scripture with Western Eyes Zondervan

A collection of short stories from the acclaimed author of *The Mosquito Coast* includes stories about a family whose father is becoming a joke-telling, old-fashioned minstrel and two sons who watch their father's obsessive battle with some raccoons. 30,000 first printing.

Mystery Unveiled InterVarsity Press

Informed by the historical evidence and with a sharp eye for telltale clues in the Apostle Paul's letters, E. Randolph Richards takes us into his world and places us on the scene with Paul the letter

writer offering a glimpse that overthrows our preconceptions and offers a new perspective on how this important portion of Christian Scripture came to be.

Behaving Badly in Early and Medieval China John Wiley & Sons

Children Behaving Badly? is the first publication to directly address the complexity of peer violence from a range of disciplines and perspectives. Provides important insights into theoretical understanding of the issue and produces significant and far reaching implications for policy and practice developments Based on up-to-date research evidence and includes some unpublished findings from recognized experts in multidisciplinary fields Challenges many populist and damaging representations of youth violence and the associated narratives of modern youth as essentially 'evil'

Sisters Behaving Badly Boldwood Books Ltd

An engaging and often hilarious survey of the far-from-fusty extra-curricular activities of some of philosophy's finest practitioners Philosophers Behaving Badly examines the lives of eight great philosophers—Rousseau, whose views on education and the social order seem curiously at odds with his own outrageous life; Schopenhauer and Nietzsche, two giants of the 19th century whose words seem ever more relevant today; and five immensely influential philosophers of the 20th century, Russell, Wittgenstein, Heidegger, Sartre, and Foucault.

Bears Behaving Badly Simon and Schuster

Behaving Badly in Early and Medieval China presents a rogues' gallery of treacherous regicides, impious monks, cutthroat underlings, ill-bred offspring, and disloyal officials. It plumbs the dark matter of the human condition, placing front and center transgressive individuals and groups traditionally demonized by Confucian annalists and largely shunned by modern scholars. The work endeavors to apprehend the actions and motivations of these men and women, whose conduct deviated from normative social, cultural, and religious expectations. Early chapters examine how core Confucian bonds such as those between parents and children, and ruler and minister, were compromised, even severed. The living did not always reverently pay homage to the dead, children did not honor their parents with due filiality, a decorous distance was not necessarily observed between sons and stepmothers, and subjects often pursued their own interests before those of the ruler or the state. The elasticity of ritual and social norms is explored: Chapters on brazen Eastern Han (25–220) mourners and deviant calligraphers, audacious falconers, volatile Tang (618–907) Buddhist monks, and drunken Song (960–1279) literati reveal social norms treated not as universal truths but as debated questions of taste wherein political and social expedience both determined and highlighted individual roles within larger social structures and defined what was and was not aberrant. A Confucian predilection to "valorize [the] civil and disparage the martial" and Buddhist proscriptions on killing led literati and monks alike to condemn the cruelty and chaos of war. The book scrutinizes cultural attitudes toward military action and warfare, including those surrounding the bloody and capricious world of the Zuozhuan (Chronicle of Zuo), the relentless violence of the Five Dynasties and Ten States periods (907–979), and the exploits of Tang warrior priests—a series of studies that complicates the rhetoric by situating it within the turbulent realities of the times. By the end of this volume, readers will come away with the understanding that behaving badly in early and medieval China was not about morality but perspective, politics, and power.

Philosophers Behaving Badly InterVarsity Press

The Jesus everybody likes, says Mark Strauss, is not the Jesus found in the Gospels. He preached about hell far more than the apostle Paul. He told his followers to hate their families. Not one of his twelve apostles was a woman. When we unpack these puzzling paradoxes and more, we gain greater insight into Jesus' countercultural message and mission.

Very Nice Ways to Say Very Bad Things Harper Collins

At a loss for words, hockey puck? You can always quote Shakespeare... Or delve into this entertaining compendium of insults and verbal abuse, all couched in language of the most uplifting nature. Filled with common and not-so-common zingers that will both shock you and make you laugh your @\$%! off. Includes: Exactly how to address individual mounds of foul, undigested lumps of donkey entrails That "F"-ing word and other intensives Many, many ways to refer to the part that goes over the fence last More euphemisms, synonyms, phrases and descriptions than you knew existed for sexual activities, proclivities, untoward incidents, accidents of nature and the beast with two backs Addressing the mentally incompetent, the cerebrally challenged, the absurdly bureaucratic, the impossibly rational and other instances of ineptitude, obfuscation or obstruction and much more!

The Lost Message of Paul Sourcebooks, Inc.

Crime Time contains details of the crimes, biographical details, portraits by Louise Prout and interesting trivia in Did You Know boxes.

Handbook on Acts and Paul's Letters (Handbooks on the New Testament) University of Chicago Press
Bach & God explores the religious character of Bach's vocal and instrumental music in seven interrelated essays. Noted musicologist Michael Marissen offers wide-ranging interpretive insights from careful biblical and theological scrutiny of the librettos. Yet he also shows how Bach's pitches, rhythms, and tone colors can make contributions to a work's plausible meanings that go beyond setting texts in an aesthetically satisfying manner. In some of Bach's vocal repertory, the music puts a "spin" on the words in a way that turns out to be explainable as orthodox Lutheran in its orientation. In a few of Bach's vocal works, his otherwise puzzlingly fierce musical settings serve to underscore now unrecognized or unacknowledged verbal polemics, most unsettlingly so in the case of his church cantatas that express contempt for Jews and Judaism. Finally, even Bach's secular instrumental music, particularly the late collections of "abstract" learned counterpoint, can powerfully project certain elements of traditional Lutheran theology. Bach's music is inexhaustible, and Bach & God suggests that through close contextual study there is always more to discover and learn.

A Little Book for New Bible Scholars Gray Publishers

Gods Behaving Badly examines the blurred boundary between popular culture and religion—one that has given way to an often confounding fusion of the sacred and the profane. Flipping through pages of tabloid media and looking underneath the veil of Hollywood's glamour, Pete Ward exposes how, in its consumer life, Western society elevates celebrity to the theological and, in so doing, creates a new para-religion. Inevitably, whether despised or extolled, individual celebrities evoke public moral judgment, creating fertile ground for theological innovation. --

Paul Behaving Badly Peter Owen Publishers

"Pringle's fast-paced book is a master class in investigative journalism... when institutions collude to protect one another, reporting may be our last best hope for accountability." —The New York Times
For fans of Spotlight and Catch and Kill comes a nonfiction thriller about corruption and betrayal radiating across Los Angeles from one of the region's most powerful institutions, a riveting tale from a Pulitzer-prize winning journalist who investigated the shocking events and helped bring justice in the face of formidable odds. On a cool, overcast afternoon in April 2016, a salacious tip arrived at the L.A. Times that reporter Paul Pringle thought should have taken, at most, a few weeks to check out: a drug overdose at a fancy hotel involving one of the University of Southern California's shiniest stars—Dr. Carmen Puliafito, the head of the prestigious medical school. Pringle, who'd long done battle with USC and its almost impenetrable culture of silence, knew reporting the story wouldn't be a walk in the park. USC is one of the biggest employers in L.A., and it casts a long shadow. But what he couldn't have foreseen was that this tip would lead to the unveiling of not one major scandal at USC but two, wrapped in a web of crimes and cover-ups. The rot rooted out by Pringle and his colleagues at The Times would creep closer to home than they could have imagined—spilling into their own newsroom. Packed with details never before disclosed, Pringle goes behind the scenes to reveal how he and his fellow reporters triumphed over the city's debased institutions, in a narrative that reads like L.A. noir. This is L.A. at its darkest and investigative journalism at its brightest.

Misreading Scripture with Individualist Eyes New Harbinger Publications

Gummer's first novel provides a smart, funny, and long overdue look at the over-the-top behavior of parents involved in youth sports.

Hearing Her Voice InterVarsity Press

The apostle Paul was kind of a jerk. He was arrogant and stubborn. He called his opponents derogatory, racist names. He legitimized slavery and silenced women. He was a moralistic, homophobic killjoy who imposed his narrow religious views on others. Or was he? Randolph Richards and Brandon O'Brien explore the complicated persona and teachings of the apostle Paul. Unpacking his personal history and cultural context, they show how Paul both offended Roman perspectives and scandalized Jewish sensibilities. His vision of Christian faith was deeply disturbing to those in his day and remains so in ours. Paul behaved badly, but not just in the ways we might think. Take another look at Paul and see why this "worst of sinners" dares to say, "Follow my example, as I follow the example of Christ."
