Excerpt from Pearls of Shakespeare: A
Collection of the Most Brilliant Passages
Found in His Plays Contend for empire in
thee; and thy goodness Share with thy
birthright! Love all, trust a few, Do wrong
to none: be able for thine enemy Rather
in power, than use; and keep thy friend
Under thy own life's key: be check'd for
silence, But never tax'd for speech. Too
Ambitious Love. I am undone; there is no
living, none, If Bertram be away. It were

all one, That I should love a bright
 particular star, And think to wed it, he is
 so above me In his bright radiance and
 collateral light Must I be comforted, not
 in his sphere. The ambition in my love
 thus plagues itself: The hind that would
 be mated by the lion, Must die for love.
 'Twas pretty, though a plague. To see
 him every hour; to sit and draw His
 arched brows, his hawking eye, his curls,
 In our hearts table; heart, too capable Of
 every line and trick of his sweet favour:
 But now hes gone, and my idolatrous
 fancy Must sanctify his relics. The
 Remedy Op Evils Generally In Ourselves
 Our remedies oft in ourselves do lie.
 Which we ascribe to Heaven: the fated
 sky Gives us free scope; only, doth
 backward pull Our slow designs, when
 we ourselves are dull. Life Chequered.

The web of. our life is of a mingled yam,
 good and ill together: our virtues would
 be proud if our faults whipped them not!
 and our crimes would despair if they
 were not cherished by our virtues. About

From a family of army men distinguished for their service, Sakshi Alexa Jerome is tragically orphaned. Now alone, she fends for herself with courage and determination. Beautiful, her russet hair and green eyes a legacy from her Scottish grandmother, she attracts the attention of young industrialist, Jai Samartha. Jai proposes making it clear he does not believe in love. Convinced she will not fit into his social circle, she turns him down. Jai pursues her relentlessly. Still full of doubt, in love with him, she accepts with the full approval of his family who has loved her

from the start. But later, when Jai asks for a divorce, for there is another woman in his life, she has to gather up the pieces of her life again with courage, keeping a secret safe from Jai. Settled once more, still in love with him, she tries to be happy--and then Jai reappears on the scene... Laid against the backdrop of Western India, it is a stirring tale of love, heartache, with a startling denouement.

Shakespeare Survey is a yearbook of Shakespeare studies and production. Since 1948, Survey has published the best international scholarship in English and many of its essays have become classics of Shakespeare criticism. Each volume is devoted to a theme, or play, or group of plays; each also contains a section of reviews of that year's textual and critical studies, and of the year's major British performances. The theme for volume 62 is 'Close Encounters with Shakespeare's Text'. The complete set of Survey volumes is also available online at <http://www.cambridge.org/online/shakespeare/survey>. Women performers played a vital role in the development of American and transatlantic entertainment, celebrity culture, and gender ideology. Sara E. Lampert examines the lives, careers, and fame of overlooked figures from Europe and the United States whose work in melodrama, ballet, and other stage shows shocked and excited early U.S. audiences. These women lived and performed the tensions and contradictions of nineteenth-century gender roles, sparking debates about women's place in public life. Yet even their unprecedented wealth and

prominence failed to break the patriarchal family structures that governed their lives and conditioned their careers. Inevitable contradictions arose. The burgeoning celebrity culture of the time forced women stage stars to don the costumes of domestic femininity even as the unsettled nature of life in the theater defied these ideals. A revealing foray into a lost time, *Starring Women* returns a generation of performers to their central place in the early history of American theater.

Voyages over Voices is the first book length critical exploration of the internationally acclaimed American-British poet Anne Stevenson. A past winner of the The Poetry Foundation's Neglected Masters Award, the Lannan

Lifetime Achievement Award for Poetry and the Northern Rock Foundation Writer's Award, Stevenson has long been admired by poets and critics alike as one of the most important contemporary poets on either side of the Atlantic. Angela Leighton brings together a distinguished list of contributors, including Jay Parini, Carol Rumens, Tim Kendall and John Lucas, in a collection that provides a significant and invaluable contribution to understanding Stevenson's work as poet and critic. *Voyages over Voices* will be required reading for scholars contemporary British and American poetry. A perfect introduction and "the best single-volume treatment of the Civil

War" (Chicago Sun-Times) that captures the dramatic scope and intimate experience of that epic struggle from the Pulitzer Prize-winning author of the Army of the Potomac Trilogy. Covering events from the prelude of the conflict to the death of Lincoln, Bruce Catton blends a gripping narrative with deep, yet unassuming, scholarship to bring the war alive on the page in an almost novelistic way. It is this gift for narrative that led contemporary critics to compare this book to *War and Peace*, and call it a "modern Iliad." Now over fifty years old, *This Hallowed Ground* remains one of the best-loved and admired general Civil War books: a perfect introduction to readers beginning their exploration of the conflict, as well as a thrilling analysis and reimagining of its events for

experienced students of the war. Includes maps.

"The indispensable critic on the indispensable writer." -Geoffrey O'Brien, *New York Review of Books* A landmark achievement as expansive, erudite, and passionate as its renowned author, this book is the culmination of a lifetime of reading, writing about, and teaching Shakespeare. Preeminent literary critic and ultimate authority on the western literary tradition, Harold Bloom leads us through a comprehensive reading of every one of the dramatist's plays, brilliantly illuminating each work with unrivaled warmth, wit and insight. At the

same time, Bloom presents one of the boldest theses of Shakespearean scholarships: that Shakespeare not only invented the English language, but also created human nature as we know it today.

Worldly Shakespeare Penguin

Exploring the rich range of meanings that Shakespeare finds in the natural world, this book fuses ecocritical approaches to Renaissance literature with recent thinking about the significance of religion in Shakespeare's plays. MacFaul offers a clear introduction to some of the key problems in Renaissance natural philosophy and their relationship to Reformation theology, with individual chapters focusing on the role of animals in Shakespeare's universe, the

representation of rural life, and the way in which humans' consumption of natural materials transforms their destinies. These discussions enable powerful new readings of Shakespeare's plays, including *A Midsummer Night's Dream*, *As You Like It*, *King Lear*, *Macbeth*, *The Tempest*, *The Winter's Tale*, and the history plays. Proposing that Shakespeare's representation of the relationship between man and nature anticipated that of the Romantics, this volume will interest scholars of Shakespeare studies, Renaissance drama and literature, and ecocritical studies of Shakespeare.

What happens when a rebel meets a runaway? He's not looking for love... Confirmed bachelor Theo Cavanagh is dashing and free-spirited. Not for him a career in the clergy, the military or politics - he's more interested in wine and horses. But when Theo happens upon a pretty but thoroughly exasperating young fugitive, he soon finds himself caught up in her adventures, and in a passion that can't be denied. She has to search her heart... Unconventional Sophie Devereux is more comfortable climbing trees than the social ladder. An audacious escape from scheming relatives is only the start of Sophie's mission to achieve a long-held dream, but Sophie carries a secret that

inspires hatred, envy and greed. She can't outrun the danger that stalks her, or her powerful response to Theo which leaves Sophie shaken to the core and questioning her deepest, most enduring desire.

Through a series of biographical sketches of female performers and managers, Dudden provides a discussion of the conflicted messages conveyed by the early theatre about what it meant to be a woman. It both showed women as sex objects and provided opportunities for careers.

First published in 1948, this book may be described as Dame Edith Sitwell's personal notebook. It consists of essays on the subject of the general aspect of the plays—those great hymns to the principle and the glory of life, in which there are the same differences in nature, in matter, in light, in darkness, in movement, that we find in the universe, and in which the characters are so vast they seem each an element (Water, Hamlet; Air, Romeo and Juliet; Fire, King Lear) and which yet bear the stamp of our common humanity, made greater and more universal. There are long essays on King Lear, Macbeth, Othello and Hamlet. Dame Edith believes, with all humility, that she has discovered new sources of the inspiration of King Lear, throwing a new light on the whole play,

and giving new meanings to the mad scenes, of an unsurpassable grandeur, depth, and terror. There are shorter essays also on other of the tragedies. The keynotes of many of the plays are examined (not all the plays are discussed), a phrase is studied and will be found to hold the whole meaning of the play. There are essays on many of the comedies, and long passages about the Fools and Clowns. Connecting levels are traced between the philosophies of the plays. There are, too, running commentaries on Shakespeare as that 'common-kissing Titan', and, since the book is a personal notebook, the author makes copious quotations from the writings of Shakespearean scholars who have thrown light on the various aspects of which she treats, and from works on

other subjects which also serve to illumine his mighty and many-sided genius. "Her reading is deep and personal; possibly nobody has ever read Shakespeare with an ear more sensitive to every sound and cadence." -Chicago Daily Tribune

In *Worldly Shakespeare* Richard Wilson proposes that the universalism proclaimed in the name of Shakespeare's playhouse was tempered by his own worldliness, the performative idea that runs through his plays, that if 'All the world's a stage', then 'all the

men and women in it' are 'merely players'. Situating this playacting in the context of current concerns about the difference between globalization and mondialisation, the book considers how this drama offers itself as a model for a planet governed not according to universal toleration, but the right to offend: 'But with good will'. For when he asks us to think we 'have but slumbered' throughout his offensive plays, Wilson suggests, Shakespeare is presenting a drama without catharsis, which anticipates post-structuralist thinkers like Jacques Ranciere and Slavoj Žižek, who insist the essence of democracy is dissent, and 'the presence of two worlds in one'. Living out his scenario of the guest who destroys the host, by welcoming the religious terrorist,

paranoid queen, veiled woman, papist
diehard, or puritan fundamentalist into
his play-world, Worldly Shakespeare
concludes, the dramatist instead

provides a pretext for our globalized
communities in a time of Facebook and
fatwa, as we also come to depend on the
right to offend 'with our good will'.
