American English File Starter: Student Book with Online Skills Practice Oxford  
How will American English File Third Edition get your students talking? Lessons and activities that provide the necessary language, motivation, and opportunity for students to talk with confidence. Learners build confidence to communicate with a proven balance of Grammar, Vocabulary, Pronunciation, and Skills Development in every File. Teachers and students have

access to all their American English File resources - video, audio, worksheets and much more - in one easy-to-manage place.

### **American English File 3E Level 1**

**Student Book** Oxford University Press  
American English File Second Edition retains the popular methodology developed by world-renowned authors Christina Latham-Koenig and Clive Oxenden: language + motivation = opportunity. With grammar, vocabulary, and pronunciation practice in every lesson, students are equipped with a solid foundation for successful speaking. Plus - an array of digital resources

provides even more choice and flexibility. Students can learn in the classroom or on the move with Online Practice. language assessment. The first goal is to explore the difference between fairness and justice in language assessment. The authors distinguish internal and external dimensions of the equitable and just treatment of individuals taking language tests which are used as gatekeeping devices to determine access to education and employment, immigrant status, citizenship, and other rights. The second goal is to show how the extent of test fairness can be demonstrated and improved using the tools of psychometrics, in particular the models collectively known as Rasch measurement. “This book will have an

enormous impact on the field of language assessment. Using Rasch analysis models to explore and identify sources of unfairness, the authors make a compelling case for fairness in the design and implementation of language assessment instruments and for justice in the interpretation and use of test results. A real strength of the book is that it guides readers through analytical techniques in an accessible way.” Dan Douglas, Professor Emeritus, Applied Linguistics Program, Iowa State University.

American English File Oxford University Press, USA

Four-skills American English course with a communicative methodology, engaging texts, and a strong pronunciation syllabus - designed to get

students speaking. With texts and topics that make learners want to speak, American English File is the course that gets students talking.
