At last, a user-friendly introduction to Church Latin using church and scriptural documents themselves, allowing the student to build up knowledge with meaningful texts. All paradigms, grammar, and vocabulary are included, and the texts are explained line by line. A 60-minute audio CD is included to aid in pronunciation. Let's Read Latin is for students of all ages, and a boon to home-schoolers too. In his July 7, 2007, apostolic letter, Pope Benedict XVI encouraged the use of the Latin Mass throughout the Church. Here is a text for all age groups that uses church and scriptural references and materials to learn the language. The 60-minute audio CD (or downloadable audio link) included uses ecclesiastical pronunciation rather than the typical classic pronunciation, making this an especially useful guide to the language of the Church.

Gun Trader's Guide, Thirty-Fourth Edition Penguin

This volume examines the unprecedented growth of several cities in Latin America from 1830 to 1930, observing how sociopolitical changes and upheavals created the conditions for the birth of the metropolis. In the century between 1830 and 1930, following independence from Spain and

Portugal, major cities in Latin America experienced large-scale growth, with the development of a new urban bourgeois elite interested in projects of modernization and rapid industrialization. At the same time, the lower classes were eradicated from old city districts and deported to the outskirts. The Metropolis in Latin America, 1830-1930 surveys this expansion, focusing on six capital cities—Havana, Mexico City, Rio de Janeiro, Buenos Aires, Santiago de Chile, and Lima—as it examines sociopolitical histories, town planning, art and architecture, photography, and film in relation to the metropolis. Drawing from the Getty Research Institute's vast collection of books, prints, and photographs from this period, largely unpublished until now, this volume reveals the cities' changes through urban panoramas, plans depicting new neighborhoods, and photographs of novel transportation systems, public amenities, civic spaces, and more. It illustrates the transformation of colonial cities into the monumental modern metropolises that, by the end of the 1920s, provided fertile ground for the emergence of today's Latin American megalopolis.

"The perfect inspiration for cooking with bold yet balanced flavors. From classics like mahi mahi ceviche to twists on staples like the bacon guacamole" (Michael Mina, Chef). In *New Latin Flavors*, award-winning chef Richard Sandoval offers more than 125 vibrantly seasoned Latin dishes, inspired by his popular restaurant fare but carefully streamlined for the home cook. Quesadillas, ceviches, arepas, and enchiladas are offered with Sandoval's signature flair and bold flavors. The book

also presents delectable cocktails featuring traditional Latin spirits that are beloved in the world of mixology—tequila, mescal, cachaca, rum, and pisco—and a variety of salsas, guacamoles, and other cocktail snacks. Whether the food is comfortingly familiar, like the Mahi Mahi Tacos with Pablano Tartar Sauce, or unexpected, like the Tuna Tiradito with Lemon-Wasabi Dressing & Avocado, these recipes offer an exciting new vision of contemporary Latin cooking. “Richard Sandoval is one of the greatest Mexican and Latin inspired Chefs of our generation . . . This book has amazing recipes! . . . Richard’s approach is authentic, casual, and fun!” —Rande Gerber & Cindy Crawford

A dog book for the 99%, *The Dog Walker* is a hugely entertaining look at the world’s greatest job—by an activist who spent a decade as a dog walker for the political class Dog walking: it’s every eight-year-old’s dream! You spend your day outdoors; you interact exclusively with silly, loving, ridiculous dogs; and you get paid for it. But the reality is . . . well, actually, the reality is pretty great, too, at least according to the anarchist Joshua Stephens’s eye-opening account of the dog walker’s life. An Anthony Bourdain of the dog walking set, Stephens reports on what every master of the trade—and every informed consumer—needs to know: always keep a spare set of keys, always have references, and never, ever board your beloved pet. But Stephens also goes deeper: he shows us what dog walking reveals about everything from gentrification to street harassment, and why radical empathy must always anchor every interaction—canine or

otherwise. Rich with hilarious anecdotes, brilliant observations, and a powerful political conscience, *The Dog Walker* calls to mind David Rakoff at his most sardonic—if, that is, Rakoff had been an anarchist who walked dogs for a living. An irreverent and perceptive fish-out-of-water story, *The Dog Walker* is totally irresistible.

Winner, LGBT Studies Lammy Award presented by Lambda Literary Neither queer theory nor queer activism has fully reckoned with the role of race in the emergence of the modern gay subject.

In *A Taste for Brown Bodies*, Hiram Pérez traces the development of gay modernity and its continued romanticization of the brown body.

Focusing in particular on three figures with elusive queer histories—the sailor, the soldier, and the cowboy—Pérez

unpacks how each has been memorialized and desired for their heroic masculinity while at the same time functioning as agents for the expansion of the US borders and neocolonial zones of influence.

Describing an enduring homonationalism dating to the "birth" of the homosexual in the late 19th century, Pérez considers not only how US imperialist expansion was realized, but also how it was visualized for and through gay men. By means of an analysis of literature, film, and photographs from the 19th to the 21st centuries—including Herman Melville's *Billy Budd*, Anne Proulx's "Brokeback Mountain," and photos of abuse at the Abu Ghraib prison—Pérez proposes that modern gay male identity, often traced to late Victorian constructions of "invert" and "homosexual," occupies not the periphery of the nation but rather a cosmopolitan position, instrumental to projects of war, colonialism, and neoliberalism. *A Taste for Brown Bodies*

argues that practices and subjectivities that we understand historically as forms of homosexuality have been regulated and normalized as an extension of the US nation-state, laying bare the tacit, if complex, participation of gay modernity within US imperialism.

This classic anthology on Latin America shows the Argentine-born revolutionary's cultural depth, rigorous intellect, and intense emotional engagement with a continent and its people. In a letter to his mother in 1954, a young Ernesto Guevara wrote, "The Americas will be the theater of my adventures in a way that is much more significant than I would have believed." In *The Awakening of Latin America* we have the story of those adventures, charting Che's evolution from an impressionable young medical student to the "heroic guerrilla," assassinated in cold blood in Bolivia. Spanning seventeen years, this anthology draws on from his family's personal archives and offers the best of

Che's writing: examples of his journalism, essays, speeches, letters, and even poems. As Che documents his early travels through Latin America, his involvement in the Guatemalan and Cuban revolutions, and his rise to international prominence under Fidel Castro, we see how his fervent commitment to social justice shaped and was shaped by the continent he called home.

Essays on 20th Century Latin American Art provides a broad synthesis of the subject through short chapters illustrated with reproductions of iconic works by artists who have made significant contributions to art and society. Designed as a teaching tool for non-art historians, the book's purpose is to introduce these important artists within a new scholarly context and recognize their accomplishments with those of others beyond the Americas and the Caribbean. The publication provides an in-depth analysis of topics such as political issues in Latin American art and art and popular culture, introducing views on artists and art-related issues that have rarely been addressed. Organized both regionally and thematically, it takes a unique approach to the exploration of art in the Americas, beginning with discussions of Modernism and Abstraction, followed by a chapter on art and politics from the 1960s to the 1980s. The author covers Spanish-speaking Central America and the Caribbean, regions not usually addressed in Latin American art history surveys. The chapter on Carnival as an expression of popular culture is a particularly valuable addition. This book will be of interest to students and scholars of Latin American history, culture, art, international relations,

gender studies, and sociology, as well as Caribbean studies.
