Read honest and unbiased product reviews from our users. Amazon.com: Customer reviews: National Geographic Readers ... Description Easy-to-Read Facts and Stunning Photos from National Geographic This colorful, fact-filled book presents an informative portrait of sea turtles, covering their traits as reptiles, their unique characteristics (such as shells and flippers), their habitats and movements, and their reproduction. National Geographic Kids Readers: Sea Turtles by Laura Marsh Green sea turtles are the world’s largest species of hard-shelled sea turtle. While most individuals weigh about 300 to 400 pounds (136 to 181 kilograms), some can be as heavy as 440 pounds (204 kilograms). These turtles are found nesting along the coastline of more than 80 countries, with the largest nesting populations found in Costa Rica and Australia.

 Green sea turtles spend ... Green Sea Turtle - kids.nationalgeographic.com Weighing up to 700 pounds green turtles are among the largest sea turtles in the world. Their proportionally small head, which is nonretractable, extends from a heart-shaped carapace that measures up to 5 feet. Males are slightly larger than females and have a longer tail.
