Livres hebdo Frontiers Media SA

Le présent ouvrage est avant tout une oeuvre de bonheur et une invitation manifeste aux agréments mathématiques. Il propose une promenade exceptionnelle dans la vaste étendue des problèmes des olympiades avec plus de 1000 exercices entièrement résolus, et des dizaines de méthodes et techniques de résolution de ce type de problèmes. Il propose au lecteur de découvrir, redécouvrir ou généraliser des résultats classiques et/ou spectaculaires depuis l'Antiquité et jusqu'aux mathématiques du XXIe siècle, et met à sa disposition les outils nécessaires à cet objectif. Géométrie du triangle, géométrie des quadrilatères, cercles et trigonométrie, géométrie analytique mènent bien sûr la valse, mais la géométrie et les nombres complexes, les transformations géométriques, les inversions, la géométrie projective ne manquent pas au spectacle, et sont toutes parées de costumes neufs et chatoyants. Ce livre s'adresse aussi bien aux enseignants qu'aux élèves et étudiants

ayant des connaissances solides en mathématiques, ainsi qu'à tous les amoureux des mathématiques tentés par ces challenges. Cet ouvrage sera utilement complété par 1000 challenges mathématiques, Analyse et 1000 challenges mathématiques, Algèbre, du même auteur, parus chez le même éditeur.

Fans of Chris Ferrie's ABCs of Science, ABCs of Space, and Rocket Science for Babies will love this introduction to biology for babies and toddlers! This alphabetical installment of the Baby University baby board book series is the perfect introduction to science for infants and toddlers. It makes a wonderful science baby gift for even the youngest biologist. Give the gift of learning to your little one at birthdays, baby showers, holidays, and beyond! A is for Anatomy B is for Bacteria C is for Cell From anatomy to zoology, the ABCs of Biology is a colorfully simple introduction to STEM for babies and toddlers to a new biology concept for every letter of the alphabet. Written by two experts, each page in this biology primer features multiple levels of text so the book grows along with your little biologist. If you're looking for the perfect science toys for babies, STEAM books for teachers, or a wonderful baby board book to add to a special baby gift basket, look no further! ABCs of Biology offers fun early learning for your little scientist!

Bergey's Manual® of Systematic Bacteriology

Listing over 10,000 entries, Harrod's Librarians' Glossary and Reference Book spans everything from traditional printing terms to search engines and from book formats to URLs. Revisions for this tenth edition have centred in particular on the Information Society and its ramifications, on the general shift towards electronic resources, and on e-commerce, e-learning and e-government, whilst at the same time maintaining key areas

predating the IT revolution. Web terminology, URLs and IT terms have been checked and updated, and coverage of terms relating to digitization and digital resources, portals, multimedia and electronic products has been revised or expanded as necessary. Harrod's Glossary now includes Knowledge Management terms, and this edition has also focused on developments in the field of intellectual property, copyright, patents, privacy and piracy. It gives wide international coverage of names, addresses and URLs of major libraries and other important organizations in the information sector, of professional associations, fellowships, networks, government bodies, projects and programmes, consortia and institutions, influential reports and other key publications. Entries are included on classification and file coding, on records management and archiving and on both the latest and the most enduring aspects of library and information skills. Even with the Web at your fingertips Harrod's Librarians' Glossary and Reference Book remains a quicker reference for explaining specialist terms, jargon and acronyms, and for finding the URLs you need, whether you are working in a print-based or digital library, in archiving, records management, conservation, bookselling or publishing.
