The news of Benedict XVI  
stepping down has come  
as a shock. Perhaps the  
world will never know the  
real reasons behind a  
choice that will forever  
remain indelibly written in  
the history of the Church.

The Pope's butler, Paolo  
Gabriele, has decided to  
reveal the thorny issues  
within the Roman Curia  
and handed me dozens of  
documents that I have  
now published along with  
my research and  
investigations in this  
book. "Paolo, are you  
afraid?" - I asked him one  
day - "Yes, I am afraid -  
he answered - I am afraid  
that the Pope doesn't  
have the strength to

overcome this adversity,  
to cast the  
moneychangers from the  
temple" Shortly  
thereafter, the mayor of  
Milan, one of the most  
important cities of Italy,  
also met the Pope at a  
ceremony. Very  
concerned, he too  
revealed the detail of that  
encounter to me: "I am  
struck by that look,  
Benedict XVI is afraid,...".  
"Afraid of what?.." I asked

him. "I was very ill at ease, here was Ratzinger talking to me like a frightened man. You know, we had set out some chairs in the sacristy of the Duomo, one for him, one for Cardinal Scola and another one for me. Shortly before the ceremony the Vatican informed us that another Cardinal would also be present.." The book that will change the history of the Church.

Signor papa, la “chiesa” cattolica non è la Vera Chiesa Cristiana fondata da Gesù e fedele alla sua Parola Scritturale, esclusiva Fonte di Vita Eterna (Giovanni 17:3). Le tradizioni e dottrine cattoliche oscurano il cielo di Roma, dell’Italia e di molti altri paesi. Il tuo “magistero” - come l’ombra di un enorme scorpione - soffoca i popoli con velenose parole che impediscono di vedere la Verità dell’Evangelo e di entrare nella Casa del Padre Celeste. Ti ho scritto

questa “lettera aperta” non perché io abbia qualcosa di personale contro di te, i tuoi sacerdoti o chiunque appartenga alla denominazione cattolica. La mia motivazione è opposta: l’amore di Cristo mi costringe ad avvisare che solo ubbidendo all’Unica Verità Biblica potremo essere Salvati. Proprio questo amore Scritturale sta alla base del presente volume. Il mio più grande desiderio è che tu possa realmente trovare la Via della Vita, offrendo le tue

straordinarie potenzialità al Regno di Dio, per la Salvezza Eterna della tua anima e delle anime di tutti quelli che ti seguono.

La Giustizia penale Henry Holt and Company Over 50 billion dollars in securities. Gold reserves that exceed those of industrialized nations. Real estate holdings that equal the total area of many countries. Opulent palaces containing the world's greatest art treasures. These are some

of the riches of the Roman Catholic Church. Yet in 1929 the Vatican was destitute. Pope Pius XI, living in a damaged, leaky, pigeon-infested Lateran Palace, could hear rats scurrying through the walls, and he worried about how he would pay for even basic repairs to unclog the overburdened sewer lines and update the antiquated heating system. How did the Church manage in less than seventy-five years such an incredible reversal of fortune? The story here told by Church

historian Paul L. Williams is intriguing, shocking, and outrageous. The turnaround began on February 11, 1929, with the signing of the Lateran Treaty between the Vatican and fascist leader Benito Mussolini. Through this deal Mussolini gained the support of the staunchly Catholic Italian populace, who at the time followed the lead of the Church. In return, the Church received, among other benefits, a payment of \$90 million, sovereign status for the Vatican, tax-free property rights,

and guaranteed salaries for all priests throughout the country from the Italian government. With the stroke of a pen the pope had solved the Vatican's budgetary woes practically overnight, yet he also put a great religious institution in league with some of the darkest forces of the 20th century. Based on his years of experience as a consultant for the FBI, Williams produces explosive and never-before published evidence of the Church's morally questionable financial

dealings with sinister organizations over seven decades through today. He examines the means by which the Vatican accrued enormous wealth during the Great Depression by investing in Mussolini's government, the connection between Nazi gold and the Vatican Bank, the vast range of Church holdings in the postwar boom period, Paul VI's appointment of Mafia chieftain Michele Sindona as the Vatican banker, a billion-dollar counterfeit stock fraud uncovered by Interpol and

the FBI, the "Ambrosiano Affair" called "the greatest financial scandal of the 20th Century" by the New York Times, the mysterious death of John Paul I, profits from an international drug ring operating out of Gdansk, Poland, and revelations about current dealings. For both Catholics and non-Catholics this troubling expose of corruption in one of the most revered religious institutions in the world will serve as an urgent call for reform.

From a bestselling author

with unprecedented access to Pope Francis, an investigative look at the recent financial scandals at the highest levels of the Vatican. A veritable war is waging in the Church: on one side, there is Pope Francis's strong message for one church of the poor and all; on the other, there is the old Curia with its endless enemies, and the old and new lobbies struggling to preserve their not-so-Christian privileges. The old guard do not back down, they are ready to use all means necessary

to stay in control and continue the immoral way they conduct their business. They resist reforms sought by Pope Francis and seek to delegitimize their opponents, to isolate those who want to eliminate corruption. It's a war that will determine the future of the church. And if he loses the battle against secular interests and blackmail, Pope Francis could resign, much like his predecessor. Based on confidential information—including top

secret documents from inside the Vatican, and actual transcripts of Pope Francis's admonishments to the papal court about the lack of financial oversight and responsibility—*Merchants in the Temple* illustrates all the undercover work conducted by the Pope since his election and shows the reader who his real enemies are. It reveals the instruments Francis is using to reform the Vatican and rid it, once and for all, of the overwhelming corruption traditionally encrusted in

the Roman Catholic Church. *Merchants in the Temple* is a startling book that will shock every reader. It's a story worthy of a Dan Brown novel, with its electrifying details of the trickery and scheming against the papacy—except that it is real.

Attendere di morire è la più straziante delle torture. Il cadavere di una donna quarantenne viene ritrovato nello scantinato dell'ex ospedale Bassi, l'ultimo dei lazzaretti di Milano. Era in attesa del primo figlio. Il compagno, un italiano di origini egiziane che voleva convertirla all'Islam, è il principale sospettato, ma anche la sorella della vittima ha più segreti di quello che sembra. E se il

tuo carnefice ti stesse aspettando? In una metropoli sempre più in bilico tra immigrazione e criminalità, l'investigatrice Alice Galli tenterà di scovare un assassino sfuggevole come la nebbia, ma più crudele del peggiore degli incubi. E quando la verità le sembrerà vicina, una nuova scia di sangue rimetterà tutto in discussione. Delitti Islamici è il nuovo thriller di Adam Thomson. Una storia italiana agghiacciante e misteriosa. Un

angosciante panegirico della maternità, ma anche una lucida indagine sull'animo umano lacerato tra ferocia e indulgenza. Un romanzo di tensione in cui i lati più critici dell'integrazione musulmana in Italia sono resi nero su bianco senza filtri o censure. Un'opera avvincente e attuale. Tratto da Delitti Islamici di Adam Thomson: "Il titolo di un giornale tra i più conservatori desta la mia attenzione. Non è di per sé violento, né offensivo: 'Delitti Islamici a Milano. Cronaca di due donne

morte per amore'. Mi scappa un sorriso. Amaro. Tristemente rassegnato. Come fa un delitto a essere religioso? L'Islam non uccide. Non è poi così diverso dal Cristianesimo o dall'Ebraismo. La fede non cambia la natura umana. Gli uomini uccidono. Le etichette sono solo scuse. Sociali, politiche, soprannaturali, perfino patologiche. Scuse di una cattiveria che è semplicemente umana. È dentro di noi." Dello stesso autore in esclusiva su Amazon i best seller Bambini Scomparsi, Delitti

Vaticani, *Mente Criminale e Rosso Cardinale*. *Ratzinger was afraid* Exhibitions International The Secret Archives of the Vatican flow through history like a vast river. Much of the material is fragmentary, some trivial, some obscene; but there is much gold as well. Here are the records of the triumphal progress of Queen Christina into Rome; the trials of Galileo, Pico della Mirandola and Savonarola for heresy; Beatrice Cenci's murder of her father; the rise and fall of

the Knights Templar; the Great Schism; and many other diverse people and events. And through it all there is the ordering logic of the Archives: the endless gathering of the written word, from bejeweled psalters to papal laundry lists, from the record of the sale of a fifty-cent indulgence to the Donation of Constantine. By their very nature, the documents in the Secret Archives constitute the living record of an all-too-human institution.--From publisher description.

**The Vatican** Houghton Mifflin Harcourt  
A fascinating and enlightening look at the world's oldest and most mysterious institution, written by an American journalist with unparalleled knowledge about the Vatican's past and present. The sexual abuse scandals that shook American and British Catholicism in 2002 brought to light a long-standing cultural gap between the English-speaking Catholic world and the Vatican. In Rome, the crisis was often seen

as an attack on the Church mounted by money-hungry lawyers, a hostile press, and liberal activists who used it as a way to turn attention on such concerns as celibacy, women's ordination, and lay empowerment. When the Vatican struck down the U.S. bishops' draft for handling allegations of sexual abuse, many saw it as an attempt to curb an independent American Catholic church. Yet, as time passed, it became clear that the Vatican's well-founded concerns

about due process were shared by most liberal U.S. bishops and canon lawyers. ALL THE POPE'S MEN is a lucid, in-depth guide to the sometimes puzzling, often incomprehensible inner workings of the Vatican. It reveals how decisions are made, how papal bureaucrats think, and how careers in the Roman Curia are shaped. It debunks the myths that have fed the distrust and suspicions many English-speaking Catholics harbor about the way the Vatican conducts its business,

explains who really wields the power, and offers entertaining profiles of the personalities, historical and present-day, who have wielded that power for good and for bad. A thoughtful analysis of the recent sexual abuse crisis sheds light on how the Vatican perceives the Church in the United States. Balanced, lively, and filled with Vatican history and lore, ALL THE POPE'S MEN provides the general reader with an authoritative picture of the highly charged

relationship between the Vatican and the richest, most influential national Catholic church in the world today.

*The Mysteries of the Vatican, Or, Crimes of the Papacy* Penguin UK

A concise sketch of the principal events, and slowly developing characteristics, which mark the rise, culmination, and decline of the Papal Regnum. Commencing with St. Peter, whose sojourn in Rome Dr. Griesinger, with most modern critics, holds highly problematical, he

paints the forlorn condition of the first Christians in the eternal city, where, in honor of the gods of Latium, Christian blood flowed as water, or as it has since flowed to the cry of "heresy !" He shows us the rapid corruption of the church under imperial adoption, - the awakening lust of power in the episcopal breast; and how, under Constantine, Clovis, the Valois, the Hapsburgs, the modern Bourbons, - monarchical and priestly unrighteousness have

gone hand in hand; and the "in hoc signo vinces" has been interpreted by succeeding despots as meaning the cross of St. Peter over the Vatican. He displays the many aspects under which papal greed was successively disguised, though so thin was the veil sometimes it could never have outlasted, but for the vast army of priestly sycophants so deeply interested in its preservation. This is a reproduction of a book published in 1864.

**The Vatican Secret Archives**  
The Vatican Diaries is an inside look at one of the world's most powerful and mysterious institutions, by John Thavis. 'A humane and realistic and (yes) humorous picture of a mortal institution. To an old Prot like me, it's a tour of alien terrain and a bridge to old and dear friends' Garrison Keillor  
For thirty years John Thavis worked for the Catholic News Service in Rome and reported on the inner workings of the

Vatican. The Vatican Diaries is his insightful and often very funny account of exactly what goes on in this unique and secretive institution. It's a place where cardinals fight private wars, scandals are constantly threatening to undermine papal authority, and reverence for the past comes up painfully against the considerations of modern life. He describes the politics surrounding the election of a new pope and the beatification of an old one, the angst of dealing

with the international issue of sexual abuse, the intricacies of arranging a Papal visit to India, the conflicts involved in trying to build a car park over an ancient Roman burial site - and above all the unfathomable personality of the conservative Pope Benedict XVI, the first pope to resign for 600 years. At this extraordinary moment of crisis in the Church, Thavis's account of its inner workings is invaluable. 'One closes John Thavis' perceptive study reflecting on the

Vatican's challenge: to persist in a secularizing world sometimes fascinated by the pomp and pageantry of St. Peter's-but often hostile or increasingly indifferent to the Church's determined mission to harmonize warring factions and bickering enemies, even if both are on the same Catholic side' New York Journal of Books John Thavis recently retired as the prizewinning chief of the Rome bureau of Catholic News Service, where he had covered the Vatican since 1983. He is

the past president of the International Association of Journalists Accredited to the Vatican, and in 2007 the Catholic Press Association awarded him the Saint Francis de Sales Award, the highest honour given by the Catholic press. He divides his time between Minnesota and Rome.

*The Mysteries of the Vatican*

In 1888 Fr. Edgardo Mortara wrote his autobiography so that the world would understand he had not been kidnapped by the Vatican.

Here, along with a thorough introduction by Vittorio Messori, his story is published for the first time in English. As an infant, Mortara was on the point of death and secretly baptized by a Catholic servant employed by his family. He recovered his health, and in the Papal States where his family lived, the law required that he, like other baptized children, receive a Christian education. After several failed attempts to persuade his parents to enroll him in a local

Catholic school, in 1858 Pope Pius IX had the boy taken from his family in Bologna and sent to a Catholic boarding school in Rome. There the child grew in Faith and eventually responded to the calling to become a Catholic priest. The Mortara Case reverberated around the world. Journalists, politicians, and Jewish leaders tried to pressure Pius IX to reverse his decision. The pope's refusal to do so was used as one of the reasons to dissolve the Papal States

in 1870. Currently the case is being used as an argument against the canonization of Pius IX, whom John Paul II beatified in 2000.

*Il Diritto ecclesiastico*

The deadlocked Papal conclave turns to a compromise candidate, Anthony Cardinal Pavelli. Ordained at fifty years of age, and in declining health, the seventy-two year old American, is an unlikely choice. Reluctantly accepting the scepter as Godas will, the Pontiff is eager to reinvigorate the Church

by initiating sweeping reforms. A group of ruthless cardinals, each with his own agenda, band together to stop the reforms by discrediting the Pope. Shadowy

Vatican forces spread rumors and half-truths about the Pope's former secular life. His Papacy is teetering, on the verge of implosion. The Pope takes his fight to the media and leads a peace mission to

Ireland in an effort to bolster his image as a world leader. When the Pope cannot be derailed by twisted Machiavellian tactics, his enemies resort to extreme measures.
