Ruqya is the practice of treating afflictions through the recitation of the Qur'an and supplications from the Sunnah. It is one of the greatest remedies to combat all types of ailments that one might be experiencing. Unfortunately, Ruqya and its concepts have been widely misunderstood and forgotten by many. This Ruqya

Handbook is an empowering guide for those seeking to learn more about Ruqya as it is one of the recommended Sunnah to perform on oneself and on others. It has been practiced by many of the pious predecessors and should be an essential part of our lives. Ruqya can be combined with conventional medicine and there is only positive effects of implementing Ruqya from the Shari'ah (Islamic law) which is free from Shirk (polytheism).

Der Koran, die Hauptquelle des

Islamischen Glaubens, ist ein Buch von, wie Muslime glauben, vollständig göttlicher Herkunft. Muslime glauben auch, dass es eine Leitung für alle Menschen beinhaltet. Da gesagt wird, die Botschaft des Koran sei für alle Zeiten, sollte sie folglich für alle Zeitalter relevant sein. Besteht der Koran diesen Test?

The Jinn and Human Sickness Klaus Neven

Hidaya beschreibt die sechsjährige Reise des Autors, die ihn schließlich nach Sumatra führt. Diese Reise ist eine Odyssee besonderer Art und beginnt damit, dass der Autor, angewidert von seinem ihm sinnlos erscheinenden Leben, spontan seine Arbeitsstelle in Frankfurt verlässt und sich nach Spanien durchschlägt. Aus

philosophischen Gründen versucht er, sich aller materieller Dinge zu entledigen und legt tausende Kilometer zu Fuss, ohne Geld, Pass und Gepäck zurück, bis er schließlich in einem kleinen Einbaum mitten auf dem indischen Ozean seine wahre Identität findet. Das Buch beschreibt den Versuch, den eigenen Eingebungen, dem inneren Führer, bedingungslos zu folgen. Die Eingebungen und äußeren Situationen vergleicht der Autor mit Wellen. Diese Wellen gilt es zu erkennen und "auf ihnen zu reiten", wenn sie ihn zu neuen Ufern tragen sollen, denn die rationale Analyse einer Situation und die logische Folgerung allein reichen niemals aus, um dem ständigen Fluss des Lebens und Gottes Willen gerecht zu werden. Wellenreiten wird ihm zum Symbol und

er fängt es auch auf materieller Ebene an, um die Gesetze des Wellenreitens besser zu verstehen. Das verschlößt ihn schließlich auf eine Insel süd-westlich von Sumatra, wo es die höchsten Wellen der Welt gibt. Dort fällt ihm eine englische Übersetzung des Koran in die Hände, und die Wellen bekommen einen Namen: Hidayah.

Enter the Mysterious World of Ruqyah!

Dealing with how evil entities and evil forces affect the physical world is often a confusing subject ... sometimes even too scary a subject to discuss. Ruqyah comprises many healing techniques that have been practised long before the first verse of the Qur'an was even revealed, however the discipline is still underdeveloped, causing confusion and leaving no clear path set for the future. This book splits the discipline of ruqyah into seven distinct levels along with a taste of achievements to date. Some of the achievements already surpass the efficacy of conventional medicine! The clear and explicitly set-out foundation creates a solid framework for deeper research and development in order to explore, document and produce the endless possibilities of ruqyah miracles.

Practising the Power of Now Good Press

The Book of the Sacred Magic of Abramelin the Mage-originally published in 1900, translated by Samuel Mathers from a 15th-century French document-was purportedly written by Abraham for his son Lamech. Within this volume are three books. The first book is Abraham's autobiography in which he speaks to his son. The second book is an explanation of the purification rituals necessary to bring the magician's personal demon under his control. And the third book details what feats can be accomplished once the practitioner is able to use a form of magic controlled and directed through sigils of magic words written on a grid. Anyone with an interest in the occult will find this an interesting,

though perhaps impractical, guide for exploring mystic arts.

" ... With this comprehensive guide, you will get a complete run-through of everything you need to know before you submit your case to court. The book includes a checklist of things you need to look for before filing a claim, information on how the courts work, and all of the legal jargon--defined--that will be thrown around during the process. You will learn how to state a claim in formal documents and whether your case has a chance of win[n]ing. Different approaches to more than 15 different kinds of small claims cases are provided, along with the limitations on monetary

compensation and methods for calculating your own limit. Different legal procedures for bringing legal action against individuals, couples, businesses, and corporations are also provided"-- Page 4 of cover.

This book explores the agency of Jinn, the so-called "demons of Islam". They are regarded as mostly invisible and highly mobile creatures. In a globalized world with manifold forms of forced and voluntary migrations, Jinn are likewise on the move, interfering in the human world and affecting the mental and physical health of Muslims. This continuous challenge has so far been mainly addressed by traditional Muslim health management and by the so-called

spiritual medicine or medicine of the Prophet. This book shifts perspective. Its interdisciplinary chapters deal with the transformation of manifold cultural resources by first analyzing the doctrinal and cultural history of Jinn and the treatment of Jinn affliction in Arabic texts and other sources. It then discusses case studies of Muslims and current health management approaches in the Middle East, namely in Egypt and Syria. Finally, it turns to the role of Jinn in a number of migratory settings such as Spain, Denmark, Great Britain and Guantanamo.

Seit Anbeginn der Menschheit faszinieren und ängstigen uns Dämonen. Ihre dunkle Präsenz und die uralten Rituale zu ihrer Beschwörung und

Austreibung sind tief in den Kulturen der Welt verwurzelt. In seinem Buch "Dämonologie und Exorzismus: Die Geheimnisse und Traditionen der Exorzismen in verschiedenen Kulturen" nimmt uns Bartolomeo S. Cappellari mit auf eine Reise durch die finstersten und geheimnisvollsten Aspekte der menschlichen Spiritualität. Von den antiken Beschwörungsritualen Mesopotamiens bis hin zu den komplexen Exorzismen der katholischen Kirche, von den Schutzritualen der afrikanischen Stämme bis zu den schamanischen Praktiken der Amazonasbewohner – dieses Buch beleuchtet die vielfältigen und oft erschreckenden Methoden, mit denen Menschen weltweit versucht haben, die Mächte des Bösen zu bekämpfen.

Erfahren Sie mehr über die Ursprünge der Dämonologie, die Klassifikation und Eigenschaften von Dämonen, und die Rolle dieser Wesen in verschiedenen Religionen und Kulturen. Tauchen Sie ein in spannende Fallstudien und persönliche Erfahrungsberichte, die die Herausforderungen und Triumphe des Exorzismus in Vergangenheit und Gegenwart illustrieren. "Dämonologie und Exorzismus" ist ein umfassendes Werk, das sowohl Historikern und Theologen als auch Laien und Interessierten tiefgehende Einblicke in die dunkle Seite der Spiritualität bietet. Ein Muss für alle, die das Mystische und Übernatürliche verstehen und hinterfragen wollen.

Written by a celebrated Islamic scholar to his students in Turkey after his political exile in 1925, these letters follow the long-established traditions of correspondence between spiritual masters and their students in remote lands. Both expressions of friendship and long-distance tutorials on points of scholarly debate, most of the letters are answers to questions about theology and hold forth on such matters as the nature of hell, the suffering of innocents, the miracles of Prophet Muhammad, and the

divine purpose of the universe.

Alberto Villoldo, a classically trained medical anthropologist, has studied shamanic healing techniques among the descendants of the ancient Inkas for more than twenty years. In Shaman, Healer, Sage, he draws on his vast body

of knowledge to create a practical and revolutionary program based on the traditional healing methods used by these shamans -- methods that, until now, have been inaccessible to most of the world. Villoldo explains that central to shamanic healing is the concept of the Luminous Energy Field that is believed to surround our material bodies. His book teaches us to see and influence the imprints that disease leaves on this field and thereby to heal ourselves and others, as well as prevent illness. Villoldo weaves wonderful teaching stories throughout about the healing power of the energy medicine of the Americas. In one story, Villoldo comes down with pneumonia while in Peru. When antibiotics fail to control the infection, his mentor, the shaman Don Antonio,

uses the process of illumination to remove the toxins that had invaded Villoldo's body. These same shamanic techniques later allowed Villoldo to remove stagnant energy from a young woman whose marriage was suffering due to her past experience with abandonment. With the aid of shamanic work, the woman regained her trust in others, and her marriage was revitalized. This book is rich with ancient wisdom and contemporary techniques we can use to help ourselves and others, as well as with the more advanced methods of master shamans, which are being brought to a wide audience for the first time.
