A collection of essays by the art historian Aby Warburg, these essays look beyond iconography to more psychological aspects of artistic creation: the

conditions under which art was practised; its social and cultural contexts; and its conceivable historical meaning.

Now available with a contemporary look, a must-have collection of riveting short stories from the New York Times bestselling author of Mystic River

and Shutter Island. “Locations are vivid and crisp, characters are memorable and, most importantly, the story lines dig into you and leave their mark.” —Boston Herald When it comes to contemporary crime fiction there’s no territory quite as dangerous and unpredictable as that of New York Times bestselling author Dennis Lehane. These five short stories and a play are Lehane at his visceral best. In “Running Out of Dog,” a vet returning from Vietnam is asked to redirect the violent skills he learned overseas to deal with his hometown’s rampant population of strays. “ICU” follows a hunted man who finds refuge in the oddest place imaginable. Surprises await a gang of Texas high-school football jocks who lay siege to a luxury home in the suburbs in “Gone Down to Corpus.” And in “Mushrooms,” a simple theft triggers a series of murders that forces a disillusioned young girl to consider her next move. This collection also includes “Until Gwen” and its stage adaptation, Coronado, which expands on the trenchant tale of a morally bankrupt conman father, his ill-fated son, and the woman they have in common. In Lehane’s capable hands, each story faces unflinchingly the darkest depths of the human experience—sin and redemption, loss and longing, flesh and blood—delivering a knockout punch that’ll have readers reeling.

Discover classic and contemporary Scandinavian style with specially commissioned photography of homes in Denmark, Norway, Sweden, and Finland. Discover classic and contemporary Scandinavian style with specially commissioned photography of homes in Denmark, Norway, Sweden, and Finland. Scandinavia is famous for its distinctive style: homes are pared-back and simple, and form and function are combined to create aesthetically pleasing and practical interiors. Scandinavians are inspired by light, having an abundance of it in summer but so little of it in winter, and house designs tend to

maximize the amount of natural light that enters the home, and allow the inhabitants to make the most of outdoor life during the summer. Similarly, nature and the weather are major influences: homes are made warm and cozy for the freezing winter months—not just literally with log burners, but also through incorporating wood and natural materials. Here Niki Brantmark, owner of the interior design blog My Scandinavian Home, presents a wide-ranging collection of these beautiful homes and explores how the Scandinavian lifestyle is reflected in them all. The first chapter, Urban Living, features styles ranging from minimalist to bohemian, and pale palettes to dramatic dark colors. By contrast, the Country Homes tend to have a softer, calmer feel, through color and textiles, in line with a slower pace of life. Finally, the spectacular Rural Retreats include a mountain cabin, beach house, and rustic summer cottage, and demonstrate how having somewhere to escape to is so important to many Scandinavians. This collection of stunning interiors will put Scandi style within every reader’s reach.

Sins Against Science

London er mørklagt, andre verdenskrig raser og den unge skotske kvinnen Charlotte Gray forelsker seg i en britisk RAF-pilot. Da han ikke kommer tilbake fra et farlig oppdrag i Frankrike, bestemmer hun seg for å finne ham. På oppdrag fra den britiske motstandsbevegelsen reiser hun til den franske landsbyen Lavaurette, og blir konfrontert med en hemmelighet som truer med å kaste mørke skygger over resten av livet hennes. Samtidig som Frankrikes rolle i nazistenes jødeforfølgelse utbroderes i all sin gru, er dette også en historie om forsonende kjærlighet.
