 There is a crisis that millions of families face each fall: how to get their child into highly selective colleges. In 2015, the Ivy League received almost 250,000 applications for 14,000 spots, while one of the top public universities, UCLA, received over 92,000 applications for 5,800 spots in its freshman class. This crisis spirals out of control as the number of applicants from the U.S. and abroad skyrockets. Whether your child dreams of attending Harvard or Berkeley, *Earning Admission* is the blueprint that empowers your child to use strategic planning and marketing to stand out amongst a sea of applicants and earn admission. This step-by-step guide to earning admission teaches: * How your child can select and take classes in high school to stand out from other straight 'A' students. * How your child can dramatically increase her odds of admission by strategically choosing a major. * How your child can write a personal statement that sets her apart from other applicants by demonstrating perspective, passion, and maturity. * How your child can build a slate of extracurricular activities that admissions officers value. * How your child can secure hundreds of thousands of dollars of merit scholarships or need-based grants even if your family earns over \$100,000 per

year. "Earning Admission taught us everything we needed to know about making our daughter a unique and competitive applicant It helped us get our daughter get into Yale." -Jay C., parent of a Yale undergrad.

 AN INSTANT NEW YORK TIMES BESTSELLER • A REESE'S BOOK CLUB PICK Tired, stressed, and in need of more help from your partner? Imagine running your household (and life!) in a new way... It started with the Sh*t I Do List. Tired of being the "shefault" parent responsible for all aspects of her busy household, Eve Rodsky counted up all the unpaid, invisible work she was doing for her family—and then sent that list to her husband, asking for things to change. His response was...underwhelming. Rodsky realized that simply identifying the

issue of unequal labor on the home front wasn't enough: She needed a solution to this universal problem. Her sanity, identity, career, and marriage depended on it. The result is *Fair Play*: a time- and anxiety-saving system that offers couples a completely new way to divvy up domestic responsibilities. Rodsky interviewed more than five hundred men and women from all walks of life to figure out what the invisible work in a family actually entails and how to get it all done efficiently. College Admissions The Church of Jesus Christ of Latter-day Saints
 Packed with resources to help parents make sense of the college application process, conduct a college search, and help guide their child's completion of their college application. The author has included a variety of tools to compare one school to another, keep track of important application deadlines, and track possible scholarship aid. Readers from around the world have praised its value to parents who want to make sense of the college gauntlet without hovering and taking control away from their children. One reviewer has written: Stuart White's new book takes a unique focus on the role of the parent of one of the hundreds of thousands of overachieving high schoolers. Whereas most books are written for parents that micro manage and compel their children into the high achiever stereotype, Prof. White's book centers on a rather beautiful love story between him and his daughter as she went through the college admission process. Another reader has written: Thank you for sharing your helpful guide to the college application process. I have read many articles and listened to many podcasts regarding the process, yet

still learned more from your book; I appreciated your openness and candidness regarding helicopter parenting. I think it's important to include that advice in this book, as most people reading a book like this will lean toward the helicopter side of parenting. The author's side by side journey with his daughter ended with her admission to Yale University.
