Rather than defending liberalism or abandoning it, how can a socially just

and ecological alternative be built? Peadar Kirby investigates the causes of our current multifaceted global crisis by drawing on the work of Karl Polanyi. This book explores Polanyi's theory that social disruptions result from the attempt to run society according to the rules of the market. Drawing on these ideas, it outlines pathways towards an alternative future that overcome

weaknesses in Marxism. Linking the ecological, political and socio-economic crises, Kirby identifies that an alternative socio-ecological model is emerging, consistent with the insights of Polanyi. Karl Polanyi and the Contemporary Political Crisis is an urgent intervention into key debates on the future of politics, on the low-carbon transition, on automation and on the

emerging world order. [The Guardian](#). ... Tan Books & Pub

This book begins when Lee Kaaler returns home from a weekend vacation on the Oregon

coast only to find his apartment has been ransacked. He immediately calls the police, who discover there are no spoons in his apartment. They also tell him the burglary appears to have been well planned and professionally done, implying the burglar and his or her bosses thought Lee had something of value. He knows he owns nothing unusual for a bachelor, and

certainly nothing valuable. A week later his parents home is also burgled with the same result: only spoons were taken and all other valuable possessions ignored. When Lee tries to make sense of these events, he remembers that he in fact does own a spoon, a sterling silver spoon he inherited from his grandmother, but it is in his safety deposit box. The more he thinks about the spoon, the more he feels

compelled to retrieve it. After doing so Lee takes it to his place and examines it carefully. While looking at it, he notices the image of a ceiling fan can be seen in its bowl. At first this surprises him; then it frightens him: there is no ceiling fan in his apartment! Quite suddenly, the image of the ceiling fan is replaced by that of a man, a man who speaks with a strange accent and says that he has been

trying to contact Lee for many years. Even more distressing, he insists on referring to Lee as the Guardian. SPOONWORLD : The Guardian and the FarCaller is the first of five books that tell of Lees discovery of the powers of that spoon and of a counterpart whose family has a long history of contact with previous Guardians the last of which was Lees grandmother. As Lee strives

to learn more about his heritage, he discovers he is being stalked by the Gerits, a family who learned of the Kaaler spoon through an accident that befell Lees great great uncle. The Gerits already have a massive fortune, but want to use the spoons rumored powers of seeing into the future to add political and commercial power to their holdings. This, the first SPOONWORLD novel, tells

how Lee and FarCaller cooperate to harness their powers to battle the Gerits. Surprising Lee even more, he learns FarCaller has enemies on his world the world Lee calls Spoonworld. Lee finds himself helping FarCaller fight against threats to his life. Failure for either man to protect the other could result in losing a war no one besides them and the Gerits know even exists but, with such a

loss, disastrous consequences could befall this nation. *The guardian angel's whisper; or, Words of counsel ... from holy Scripture* Spectra The Guardian Assassin: Predators Turned Prey is a psycho-thriller written by Chad Hammond. This is an extension of my book, 'When the Law becomes Lawless', the difference being that we are now looking at exceptional professionals who have gone to incredible lengths to 'serve and protect' not because it is their job, but because of who they are. Everyone, every day, has the opportunity to do some good

for someone, an act of kindness and charity, for whatever the reason or reasons may be, benevolence that is pleasing in the eyes of God, this is people caring, really caring, especially those represented here in this book! This not only includes men and women in uniform but also ordinary people of various ages. These Guardians are also our 'Guardian Angels' who

are a cut above... We don't know when or if ever but many of us during the course of our lives find ourselves in a difficult, and sometimes, life threatening situations whereas the consequences are dire and all seems lost. Then, out of nowhere, everything changes for the better and many times we may not always know their names but will forever remember them for the role they

played in our lives... ...I call them 'The Guardian's'... ...who were born to serve! God bless them one and all.
