A compassionate, shame-free guide for your darkest days "A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized."—Kay Warren, cofounder of Saddleback Church What happens when loving Jesus doesn't cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to "choose joy" and "pray more." So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you're left wondering if God has abandoned you. You just want a way out. But there's hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn't look like what you expect.

The New York Times bestseller: "A superb, thoughtful biography" of the creator and star of Mister Rogers' Neighborhood (David McCullough). Fred Rogers was an enormously influential figure in the history of television and in the lives of tens of millions of children. Through his long-running television program, he was a champion of compassion, equality, and kindness. Rogers was fiercely devoted to children and to taking their fears, concerns, and questions about the world seriously. The Good Neighbor, the first full-length biography of Fred Rogers, tells the story of this utterly unique and enduring American icon. Drawing on original interviews, oral histories, and archival documents, Maxwell King traces Rogers's personal, professional, and artistic life through decades of work. King explores Rogers's surprising decision to walk away from his show to make television for adults, only to return to the neighborhood with increasingly sophisticated episodes, written in collaboration with experts on childhood development. An engaging story, rich in detail, The Good Neighbor is the definitive portrait of a beloved figure, cherished by multiple generations.

You Are Special Turtleback Books

Fred Rogers was one of the most radical pacifists of contemporary history. We do not usually think of him as radical, partly because he wore colorful, soft sweaters made by his mother. Nor do we usually imagine him as a pacifist; that adjective seems way too political to describe the host of a children's program known for its focus on feelings. We have restricted Fred Rogers to the realm of entertainment, children, and feelings, and we've ripped him out of his political and religious context. Rogers was an ordained Presbyterian minister, and although he rarely shared his religious convictions on his program, he fervently believed in a God who accepts us as we are and who desires a world marked by peace and wholeness. With this progressive spirituality as his inspiration, Rogers used his children's program as a platform for sharing countercultural beliefs about caring

nonviolently for one another, animals, and the earth. To critics who dared call him "namby-pamby," Rogers said, "Only people who take the time to see our work can begin to understand the depth of it." This is the invitation of Peaceful Neighbor, to see and understand Rogers's convictions and their expression through his program. Mister Rogers' Neighborhood, it turns out, is far from sappy, sentimental, and shallow; it's a sharp political response to a civil and political society poised to kill.
