*Canadian Animals for Kids* Smarter than Jack

Experts agree that preschool children respond more immediately to photographs than to illustrations. This book is visually appealing, designed for preschoolers to enjoy and to learn from.

They can see a mountain lion looking for prey, a massive humpback whale rearing up out of the ocean, a Canada goose flying through the air, and two fluffy Arctic hares in the ice and snow.

Meanwhile, the parent, guardian or teacher can point to and repeat the simple captions. Explore the diversity of Canadian creatures with this special padded boardbook.

Here they come... one bighorn sheep jumping, two grebes dancing, three mantids hunting, and many more Canadian critters to count! Each spread presents a number from 1 to 10, along with a playful depiction of the corresponding amount of Canadian wildlife. Each number is shown as a figure, a word, and a quantity of dots to support comprehension. Every spread also includes a lively phrase with an action verb and one other element to count. Featured wildlife includes mammals, birds, insects, reptiles, and fish -- creatures from diverse environments across Canada. Geraldo Valério's signature paper collage illustrations are simple yet sophisticated, full of color and movement, and make counting fun! An informational spread at the end includes spot art and facts about the featured wildlife.
