### **Back Roads Spain** Penguin

Hailed as a masterpiece of American travel writing, *Blue Highways* is an unforgettable journey along our nation's backroads. William Least Heat-Moon set out with little more than the need to put home behind him and a sense of curiosity about "those little towns that get on the map -- if they get on at all -- only because some cartographer has a blank space to fill: Remote, Oregon; Simplicity, Virginia; New Freedom, Pennsylvania; New Hope, Tennessee; Why, Arizona; Whynot, Mississippi." His adventures, his discoveries, and his recollections of the extraordinary people he encountered along the way amount to a revelation of the true American experience.

NOW A MAJOR MOTION PICTURE Funny and heartbreaking, this New York Times bestselling debut perfectly captures the maddening confusion of adolescence and the prickly nature of family with irony and unerring honesty. Harley Altmyer should be in college having the time of his life. He should be free from the backwards Pennsylvania coal town he calls home, with its lack of jobs and no sense of humor. Instead, he's constantly reminded of just how messed up everything is... Harley's mother is in prison for killing his father, so he's in charge of bringing up his younger sisters and working two jobs to pay the bills—and that doesn't leave a lot of time for distractions. But lately, he's getting more and more sidetracked by lusting after Callie Mercer, his middle-aged neighbor. As he struggles to keep it together, things begin to spin out of control. Soon Harley finds that as shattered as his family is, there are still more crushing surprises in store. "In Harley, O'Dell has created a hero who's heartbreakingly believable; like Holden Caulfield, he uses caustic humor to hide his pain. Readers will care very much about him and his future, if indeed he has one."—St. Petersburg Times

#1 NEW YORK TIMES BESTSELLER More than ONE MILLION copies sold A TODAY Show Read with Jenna Book Club Pick A New York Times Notable Book, and Chosen by Oprah Daily, Time, NPR, The Washington Post, Bill Gates and Barack Obama as a Best Book of the Year "Wise and wildly entertaining . . . permeated with light, wit, youth." —The New York Times Book Review "A classic that we will read for years to come." —Jenna Bush Hager, Read with Jenna book club "Fantastic. Set in 1954, Towles uses the story of two brothers to show that our personal journeys are never as linear or predictable as we might hope." —Bill Gates "A real joyride . . . elegantly constructed and compulsively readable." —NPR The bestselling author of A Gentleman in Moscow and Rules of Civility and master of absorbing, sophisticated fiction returns with a stylish and propulsive novel set in 1950s America In June, 1954, eighteen-year-old Emmett Watson is driven home to Nebraska by the warden of the juvenile work farm where he has just served fifteen months for involuntary manslaughter. His mother long gone, his father recently deceased, and the family farm foreclosed upon by the bank, Emmett's intention is to pick up his eight-year-old brother, Billy, and head to

California where they can start their lives anew. But when the warden drives away, Emmett discovers that two friends from the work farm have hidden themselves in the trunk of the warden's car. Together, they have hatched an altogether different plan for Emmett's future, one that will take them all on a fateful journey in the opposite direction—to the City of New York. Spanning just ten days and told from multiple points of view, Towles's third novel will satisfy fans of his multi-layered literary styling while providing them an array of new and richly imagined settings, characters, and themes. "Once again, I was wowed by Towles's writing—especially because *The Lincoln Highway* is so different from *A Gentleman in Moscow* in terms of setting, plot, and themes. Towles is not a one-trick pony. Like all the best storytellers, he has range. He takes inspiration from famous hero's journeys, including *The Iliad*, *The Odyssey*, *Hamlet*, *Huckleberry Finn*, and *Of Mice and Men*. He seems to be saying that our personal journeys are never as linear or predictable as an interstate highway. But, he suggests, when something (or someone) tries to steer us off course, it is possible to take the wheel." – Bill Gates

From the recipient of the 1997 Whiting Award. Feeling disconnected from the wildly beautiful desert that she has known intimately for twenty years, award-winning writer Ellen Meloy embarks on a search for home that is historical, scientific, and spiritual. Her "Map of the Known Universe," devised to guide her quest, reveals extraordinary details of a physical link between the atomic age and her home on Utah's San Juan River. The Map grows to include Los Alamos, the Trinity A-test site, White

Sands Missile Range, and primary sources of uranium. Meloy casts her naturalist's eye on the Southwest's "geography of consequence," where she finds unusual local bestiaries, the bodies of long-buried neighbors, an underground bubble of nuclear physics in a national forest, and the rich textures of nature on her own eight acres of land. *The Last Cheater's Waltz: Beauty and Violence in the Desert Southwest* is multilayered and far-reaching, yet always infused with Meloy's prodigious research, finely tuned prose, and wry humor.
