No other radical historian has reached so many hearts and minds as Howard Zinn. It is rare that a historian of the Left has managed to retain as much credibility while refusing to let his academic mantle change his beautiful writing style from being anything but direct, forthright, and accessible. Whether his subject is war, race, politics, economic justice, or history itself, each of his works serves as a reminder that to embrace one's subjectivity can mean embracing one's humanity, that heart and mind can speak with one voice. Here, in six sections, is the historian's own choice

of his shorter essays on some of the most critical problems facing America throughout its history, and today.

*Restless Cities* Milkweed Editions

An erudite and highly enjoyable exploration of the most intriguing

of personal spaces, from Greek and Roman antiquity through today The winner of France's prestigious Prix Femina Essai (2009), this imaginative and captivating book explores the many dimensions of the room in which we spend so much of our lives—the bedroom. Eminent cultural historian Michelle Perrot traces the evolution of the bedroom from the time of the ancient Greeks and Romans to today, examining its myriad forms and functions, from royal king's chamber to child's sleeping quarters to lovers' trysting place to monk's cell. The history of women, so eager for a room of their own, and that of prisons, where the principal cause of suffering is the lack of privacy, is interwoven with a reflection on secrecy, walls, the night and its mysteries. Drawing from a wide range of sources, including architectural and design treatises, private journals, novels, memoirs, and correspondences, Perrot's engaging book follows the many roads that lead to the bedroom—birth, sex, illness, death—in its endeavor to expose the most intimate, nocturnal side of human history.

Thirteen-year-old Korinna must decide whether to report her parents to her Hitler youth group when she discovers that they are hiding Jews in a secret space behind Korinna's bedroom wall. *Kindred* KTAV Publishing House, Inc.

"As you turn the pages of this novel and get lost in Dana's story, allow yourself to relive the horrors of slavery....Allow yourself to know the pain of our nation's past."—Tomi Adeyemi, New York Times bestseller and Hugo and Nebula award-winning author, from the new foreword This brand new package for young adults includes a redesigned interior for better readability, specially

commissioned cover art by Carlos Fama, metallic stock cover, and spot gloss on cover elements “I lost an arm on my last trip home. My left arm.” Dana’s torment begins when she suddenly vanishes on her 26th birthday from California, 1976, and is dragged through time to antebellum Maryland to rescue a boy named Rufus, heir to a slaveowner’s plantation. She soon realizes the purpose of her summons to the past: protect Rufus to ensure his assault of her Black ancestor so that she may one day be born. As she endures the traumas of slavery and the soul-crushing normalization of savagery, Dana fights to keep her autonomy and return to the present. Blazing the trail for neo-slavery narratives like Colson Whitehead’s *The Underground Railroad* and Ta-Nehisi Coates’s *The Water Dancer*, Butler takes one of speculative fiction’s oldest tropes and infuses it with lasting depth and power. Dana not only experiences the cruelties of slavery on her skin but also grimly learns to accept it as a condition of her own existence in the present. “Where stories about American slavery are often gratuitous, reducing its horror to explicit violence and brutality, *Kindred* is controlled and precise” (New York Times). “Reading Octavia Butler taught me to dream big, and I think it’s absolutely necessary that everybody have that freedom and that willingness to dream.” —N. K. Jemisin

The metropolis is a site of endless making and unmaking. From the attempt to imagine a 'city-symphony' to the cinematic tradition that runs from Walter Ruttmann to Terence Davies, *Restless Cities* traces the idiosyncratic character of the metropolitan city from the nineteenth century to the twenty-first-century megalopolis. With explorations of phenomena including

nightwalking, urbicide, property, commuting and recycling, this wide-ranging new book identifies and traces the patterns that have defined everyday life in the modern city and its effect on us as individuals. Bringing together some of the most significant cultural writers of our time, *Restless Cities* is an illuminating, revelatory journey to the heart of our metropolitan world.

*A Room of One's Own* Harper Collins

#1 NEW YORK TIMES BESTSELLER • The brilliant coming-of-age-and-into-superstardom story of one of the greatest artists of all time, in his own words—featuring never-before-seen photos, original scrapbooks and lyric sheets, and the exquisite memoir he began writing before his tragic death NAMED ONE OF THE BEST MUSIC BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW AND ONE OF THE BEST BOOKS OF THE YEAR BY THE WASHINGTON POST AND THE GUARDIAN • NOMINATED FOR THE NAACP IMAGE AWARD Prince was a musical genius, one of the most beloved, accomplished, and acclaimed musicians of our time. He was a startlingly original visionary with an imagination deep enough to whip up whole worlds, from the sexy, gritty funk paradise of “Uptown” to the mythical landscape of *Purple Rain* to the psychedelia of “Paisley Park.” But his most ambitious creative act was turning Prince Rogers Nelson, born in Minnesota, into Prince, one of the greatest pop stars of any era. *The Beautiful Ones* is the story of how Prince became Prince—a first-person account of a kid absorbing the world around him and then creating a persona, an artistic vision, and a life, before the hits and fame that would come to define him. The book is told in four parts. The first is the memoir Prince was writing before his tragic death, pages that bring us into his childhood world through his

own lyrical prose. The second part takes us through Prince's early years as a musician, before his first album was released, via an evocative scrapbook of writing and photos. The third section shows us Prince's evolution through candid images that go up to the cusp of his greatest achievement, which we see in the book's fourth section: his original handwritten treatment for *Purple Rain*—the final stage in Prince's self-creation, where he retells the autobiography of the first three parts as a heroic journey. The book is framed by editor Dan Piepenbring's riveting and moving introduction about his profound collaboration with Prince in his final months—a time when Prince was thinking deeply about how to reveal more of himself and his ideas to the world, while retaining the mystery and mystique he'd so carefully cultivated—and annotations that provide context to the book's images. This work is not just a tribute to an icon, but an original and energizing literary work in its own right, full of Prince's ideas and vision, his voice and image—his undying gift to the world.

Virginia Woolf dreamed of the Day of Judgment. The "great conquerors and lawyers and statesmen" come to receive their rewards - crowns, laurels, names carved on marble. But, when he sees people coming with books under their arms, God turns to Peter and says: "Look, those need no reward. We have nothing to give them here. "They have loved reading." And this is the essence of her essay - sheer love for the written word: a joy in exploring the thoughts and imaginings of the author. If you sometimes get bogged down in a book, Woolf has produced the perfect self-help manual and motivational guide to reading. If you enjoyed 'How Should One Read a Book?', try 'How to Read a Book: The Classic Guide to Intelligent Reading', by Mortimer J Adler. "To read a novel is a difficult and complex art," says Virginia Woolf. Adeline Virginia Woolf (1882-1941) made an impact during her life, but her fame grew in the decades after her death. The English writer helped launch the use of stream-of-consciousness in literature and was a pioneer of 20th century

modernism. Arguably her greatest legacy, though, comes from how her writing helped to inspire the feminist movements of the second half of the 20th century. Along with members of her family and other authors, Woolf helped found the Bloomsbury Group. After she married the political theorist and author Leonard Woolf in 1912, they went on to found the Hogarth Press. Virginia also had a long relationship with the writer Vita Sackville-West. The affair featured in the 2018 movie *Vita and Virginia*, starring Gemma Arterton and Elizabeth Debicki. Her best-known works include the novels 'Mrs Dalloway', 'To the Lighthouse' and 'Orlando'.

Ch. 7 (pp. 111-200), "Budapest: The Apocalypse", deals with events in Budapest in 1944, when diplomats of various countries, by concerted efforts, granted visas and consular protection to ca. 25,000 Jews.
