 This book provides an accessible study of the neglected but highly important series of wars fought for control of the Baltic and Northeastern Europe during the period 1558-1721. It is the first comprehensive history which considers the revolution in military strategy which took place in the battlefields of Eastern Europe. Robert Frost examines the impact of war on the very different social and political systems of Sweden, Denmark, Poland-Lithuania and Russia and he explains why it was Russia that emerged victorious from these wars. Based on extensive primary and secondary research (including much material that is unfamiliar in English) this book makes an important contribution to the debate on military change and political development in early modern Europe.

 Mani Ratnam's *Nayakan* is among Time's '100 Best Movies Ever'; and Roja launched A.R. Rahman. This book, unique to Indian cinema, illuminates the genius of the man behind these and eighteen other masterly films. For the first time ever, Mani Ratnam opens up here, to Baradwaj Rangan, about his art, as well as his life before films. In these freewheeling conversations—candid, witty, pensive, and sometimes combative—many aspects of his films are explored. Ratnam elaborates in a personal vein on his choice of themes, from the knottiness in urban relationships (*Agni Natchatiram*) to the rents in the national fabric (*Bombay*); his directing of children (*Anjali*); his artful use of songs; his innovative use of lighting; as also his making of films in Hindi and other languages. There are fond recollections of collaborations with stalwarts like Balu Mahendra,

P.C. Sreeram, Thotta Tharrani and Gulzar, among many others. And delectable behind-the-scenes stories—from the contrasting working styles of the legendary composer Ilaiyaraaja and Rahman to the unexpected dimensions Kamal Haasan brought to the filming of *Nayakan* to what *Raavan* was like when originally conceived. In short, like Mani Ratnam's films, *Conversations* surprises, entertains and stimulates. With Rangan's personal and impassioned introduction setting the Tamil and national context of the films, and with posters, script pages and numerous stills, this book is a sumptuous treat for serious lovers of cinema as well as the casual moviegoer looking for a peek behind the process.

The twentieth century saw an influx of South Asian immigrants to the United States, and with a second generation now stretching into middle age, it's an opportune time to reflect on what it means to be at home and still alien in the United States. *X Does Not Mark My Spot* is a moving and funny collection of writings on what it means to live at the confluence of American and Asian cultures. Assembled by Roksana Badruddoja, the volume is an eclectic collection of personal, political, erotic, and humorous reflections that defy stereotypes and offer startling new perspectives on American life. *X Does Not Mark My Spot* allows

readers to view North American culture through the lens of the immigrant experience and also makes room for the writers to critique their own countries of origin and their misplaced notions of home. Covering multiple genres, the writers touch upon issues of culture, belonging, romance, body, race, and ethnicity as they each grapple with the richness of their diverse inheritances.

Publishing for the centenary of her birth, Patricia Highsmith's diaries "offer the most complete picture ever published" of the canonical author (New York Times). Relegated to the genre of mystery during her lifetime, Patricia Highsmith is now recognized as one of "our greatest modernist writers" (Gore Vidal). Beloved by fans who were unaware of the real psychological turmoil behind her prose, the famously secretive Highsmith refused to authorize a biography, instead sequestering herself in her Switzerland home in her final years. Posthumously, her devoted editor Anna von Planta discovered her diaries and notebooks in 1995, tucked in a closet—with tantalizing instructions to be read. For years thereafter, von Planta meticulously culled from over eight thousand pages to help reveal the inscrutable figure behind the legendary pen. Beginning with her junior year at Barnard in 1941, Highsmith ritualistically kept a diary and notebook—the former to catalog her day, the latter to brainstorm stories and hone her craft. This volume weaves diary and notebook simultaneously, exhibiting precisely how Highsmith's personal affairs seeped into her fiction—and the sheer darkness of her own imagination. Charming yet teetering on the egotistical, young "Pat" lays bare her dizzying social life in 1940s Greenwich Village, barhopping with Judy Holliday and Jane Bowles, among others. Alongside Flannery O'Connor and Chester Himes, she attended—at the recommendation of Truman Capote—the Yaddo artist colony in 1948, where she drafted *Strangers on a Train*. Published in 1950 and soon adapted by Alfred Hitchcock, this debut novel brought recognition and brief financial security, but left a heartsick Highsmith agonizing: "What is the life I choose?" Providing extraordinary insights into gender and sexuality in mid-twentieth-century America, Highsmith's diaries convey her euphoria writing *The Price of Salt* (1951). Yet her sophomore novel would have to be published under a pseudonym, so as not to tarnish her reputation. Indeed, no one could anticipate commercial reception for a novel depicting love between two women in the McCarthy era. Seeking relief from America, Highsmith catalogs her peripatetic years in Europe, subsisting on cigarettes and growing more bigoted and satirical with age. After a stay in Positano with a new lover, she reflects in her notebooks on being an expat, and gleefully conjures the unforgettable *The Talented Mr. Ripley* (1955); it would be this sociopathic antihero who would finally solidify her true fame. At once lovable, detestable, and mesmerizing, Highsmith put her turbulent life to paper for five decades, acutely aware there must be "a few usable things in literature." A memoir as significant in our own century as Sylvia Plath's journals and Simone de Beauvoir's writings were to another time, *Patricia Highsmith: Her Diaries and Notebooks* is an historic work that chronicles a woman's rise against the conventional tide to unparalleled literary prominence.

The fresh, compelling research topics covered include masculinity and migration; colonialism and sexual health; fantasy and violence; and domestic workers and sexual tensions. Psychologist Joanne Garfi spends most of her working life assisting parents, teachers, school counsellors, caseworkers, and community policing officers on how best to deal with school refusal. Kendall and Kylie Jenner, stars on the hit reality show Keeping Up with the Kardashians, present their debut novel—a thrilling dystopian story about two super-powered girls who embark on a journey together. In a world of the far future, the great City of Indra has two faces: a beautiful paradise floating high in the sky, and a nightmare world of poverty carved beneath the surface of the Earth. Lex grew up in an orphanage deep in the dark. But even as a child, she instinctively rebelled against her fate—the time when she would be judged either useful to Society or forced to live among the mutations in Rock Bottom, the lowest level. When she is chosen to become an elite cadet of the Population Control Forces, only her fellow cadet Kane truly understands her longing for freedom. Unknown to her, one girl secretly shares her defiance. Livia Cosmo, the Orphan Ainess, may live on a sky island surrounded by wealth and privilege, but she is just as restricted as Lex. Rigid discipline governs her every movement, as she learns the art of becoming a Proper Young Woman, the belle of the Emergence Ball, ready to be picked for “cohabitation” by the finest of the Proper Young Men. Her future is assured, until an intriguing encounter with a young man named Kane changes everything. For that is when Lex's and Livia's destinies collide.... Approached by an old enemy to help save Kane from mortal danger, Lex sacrifices her Special Ops career to find him in the Islands among the clouds. Her search, high above in the beautiful spires of the City of Indra, brings her instead to the airgirl Livia. Lex and Livia should have nothing in common, and yet they share a kindred yearning for escape from the strict rules that bind

them...and a mystifying identical mark. Brought together by

danger, they set out to find Kane, but what they discover is even stranger than either dreams.
