Freedom Road Vintage

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. Explore the history of America through personal and collective journeys. Offering a blend of political and social histories, THE AMERICAN JOURNEY shows that our attempt to live up to our American ideals is an ongoing journey—one that has become increasingly more inclusive of different groups and ideas. With a goal of making American history accessible, the authors offer a strong, clear narrative and provide the reader with the tools they need to understand history.

The Path to War Penguin

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. Engages readers by tracing the individual and collective journeys of Americans. Offering a blend of political and social histories, The American Journey shows that living up to American ideals is an ongoing voyage—one that has become increasingly more inclusive of different groups and ideas. With the goal of making American history accessible, the authors use a strong, chronologically-organized narrative, with an emphasis on regional balance, and provide readers with the tools they need to understand history. The concise edition concentrates on the journey of individuals and groups that shape America with a trade-like, full color narrative format. Note: MyHistoryLab does not come automatically packaged with this text. To purchase MyHistoryLab at no extra charge, please visit www.MyHistoryLab.com or use ISBN (VP ISBN: 9780205219575). Captain America and the American Journey, 1940-2022 Simon and Schuster

American history is people, events, places, documents, art, inventions, literature. In other words - American history is everything about the adventures of all Americans - past and present.... [This book] helps you learn about your nation's past by organizing its history around 10 themes. [These] themes help you understand events in the past and how they affect you today. -p. xvi.

Wilber's War UNC Press Books

The complete story of American history in one comprehensive middle school program The American Journey is a student-friendly presentation of American history from pre-exploration to the present. Its unparalleled author team, including National Geographic, ensures accuracy in every detail of the narrative, maps, and charts. This program emphasizes skill

development—from reading maps to analyzing primary and secondary sources to exploring the connections between history and geography, economics, government, citizenship, and current events.

Alistair Cooke's American Journey Glencoe/McGraw-Hill

In 1944 a vacant army base in upstate New York became the temporary home of over 900 men, women and children who had fled Europe towards the end of World War II. With little more than the clothing on their backs, Rebekkah and her mother are just two of the many refugees who come to live in the camp. Adjusting to a strange new world and a new language, Rebekkah puts aside her own fears to try and recreate tiny bits of home for her mother. A fictional story based on the real-life experiences of surviving refugees, Rebekkah's Journey shares the illuminating story of one refugee's arrival on America's shores.

The Unfinished Journey Pearson Higher Ed

Moving beyond traditional state-centered conceptions of foreign relations, Christopher Endy approaches the Cold War era relationship between France and the United States from the original perspective of tourism. Focusing on American travel in France after World War II, Cold War Holidays shows how both the U.S. and French governments actively cultivated and shaped leisure travel to advance their foreign policy agendas. From the U.S. government's campaign to encourage American vacations in Western Europe as part of the Marshall Plan, to Charles de Gaulle's aggressive promotion of American tourism to France in the 1960s, Endy reveals how consumerism and globalization played a major role in transatlantic affairs. Yet contrary to analyses of globalization that emphasize the decline of the nation-state, Endy argues that an era notable for the rise of informal transnational exchanges was also a time of entrenched national identity and persistent state power. A lively array of voices informs Endy's analysis: Parisian hoteliers and cafe waiters, American and French diplomats, advertising and airline executives, travel writers, and tourists themselves. The resulting portrait reveals tourism as a colorful and consequential illustration of the changing nature of international relations in an age of globalization.

The Oregon Trail Glencoe/McGraw-Hill School Publishing Company
 Provides information on American history between the founding of the nation and the time of World War 1. Combines motivating stories with research-based instruction that helps students improve their reading and social studies skills as they discover the past. Every lesson of the textbook is keyed to California content standards and analysis skills.

stories with research-based instruction that helps students improve their reading and social studies skills as they discover the past. Every lesson of the textbook is keyed to California content standards and analysis skills.

Discovering Our Past Univ of North Carolina Press

For the centenary of America's entry into World War I, A. Scott Berg presents a landmark anthology of American writing from the cataclysmic conflict that set the course of the 20th century. Few Americans appreciate the significance and intensity of America's experience of World War I, the global cataclysm that transformed the modern world. Published to mark the centenary of the U.S. entry into the conflict, World War I: Told by the Americans Who Lived It brings together a wide range of writings by American participants and observers to tell a vivid and dramatic firsthand story from the outbreak of war in 1914 through the Armistice, the Paris Peace Conference, and the League of Nations debate. The eighty-eight men and women collected in the volume--soldiers, airmen, nurses, diplomats, statesmen, political activists, journalists--provide unique insights into how Americans of every stripe perceived the war, why they supported or opposed intervention, how they experienced the nightmarish reality of industrial warfare, and how the conflict changed American life. Richard Harding Davis witnesses the burning of Louvain; Edith Wharton tours the front in the Argonne and Flanders; John Reed reports from Serbia and Bukovina; Charles Lauriat describes the sinking of the Lusitania; Leslie Davis records the Armenian genocide; Jane Addams and Emma Goldman protest against militarism; Victor Chapman and Edmond Genet fly with the Lafayette Escadrille; Floyd Gibbons, Hervey Allen, and Edward Lukens experience the ferocity of combat in Belleau Wood, Fismette, and the Meuse-Argonne; and Ellen La Motte and Mary Borden unflinchingly examine the "human wreckage" brought into military hospitals. W.E.B. Du Bois, James Weldon Johnson, Jessie Fauset, and Claude McKay protest the racist treatment of black soldiers and the violence directed at African Americans on the home front; Carrie Chapman Catt connects the war with the fight for women suffrage; Willa Cather explores the impact of the war on rural Nebraska; Henry May recounts a deadly influenza outbreak onboard a troop transport; Oliver Wendell Holmes weighs the limits of free speech in wartime; Woodrow Wilson envisions a world without war. A coda presents three iconic literary works by Ernest Hemingway, E. E. Cummings, and John Dos Passos. With an introduction and headnotes by A. Scott Berg, brief biographies of the writers, and endpaper maps. LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing, and keeping permanently in print, America's best and most significant writing. The Library of America series includes

more than 300 volumes to date, authoritative editions that average 1,000 pages in length, feature cloth covers, sewn bindings, and ribbon markers, and are printed on premium acid-free paper that will last for centuries.

This popular classic text chronicles America's roller-coaster journey through the decades since World War II. Considering both the paradoxes and the possibilities of post-war America, Chafe portrays the significant cultural and political themes that have colored our country's past and present, including issues of race, class, gender, foreign policy, and economic and social reform. He examines such subjects as the Vietnam War, the Civil Rights movement, the origins and the end of the Cold War, the culture of the 1970s, the Reagan years, the Clinton presidency, and the events of September 11th and their aftermath. In this edition, Chafe provides an insightful assessment of Clinton's legacy as president, particularly in light of his impeachment, and an entirely new chapter that examines the impact of two of America's most pivotal events of the twenty-first century: the 2000 presidential election turmoil and the September 11th terrorist attacks. Chafe puts forth an excellent account of George W. Bush's first year as president and also covers his subsequent role as a world leader following his administration's declared war on terrorism. The completely revised epilogue and updated bibliographic essay offer a compelling and controversial final commentary on America's past and its future. Brilliantly written by a prize-winning historian, the fifth edition of *The Unfinished Journey* is an essential text for all students of recent American history.

This monumental history traces the rise of a resolute African American family (the author's own) from privation to the middle class. In doing so, it explodes the stereotypes that have shaped and distorted our thinking about African Americans--both in slavery and in freedom. Beginning with John Robert Bond, who emigrated from England to fight in the Union Army during the Civil War and married a recently freed slave, Alexander shows three generations of Bonds as they take chances and break new ground. From Victorian England to antebellum Virginia, from Herman Melville's New England to the Jim Crow South, from urban race riots to the battlefields of World War I, this fascinating chronicle sheds new light on eighty crucial years in our nation's

troubled history. The Bond family's rise from slavery, their interaction with prominent figures such as W. E. B. DuBois and Booker T. Washington, and their eventual, uneasy realization of the American dream shed a great deal of light on our nation's troubled heritage.

The Negro Motorist Green Book was a groundbreaking guide that provided African American travelers with crucial information on safe places to stay, eat, and visit during the era of segregation in the United States. This essential resource, originally published from 1936 to 1966, offered a lifeline to black motorists navigating a deeply divided nation, helping them avoid the dangers and indignities of racism on the road. More than just a travel guide, *The Negro Motorist Green Book* stands as a powerful symbol of resilience and resistance in the face of oppression, offering a poignant glimpse into the challenges and triumphs of the African American experience in the 20th century.

[My American Journey](#) Picador

A lavishly illustrated essay collection that looks through a global lens at the American Revolution and re-positions it as the real 1st world war "Every American should read this marvelous book." —Douglas Brinkley, author of *Rightful Heritage: Franklin D. Roosevelt and the Land of America* From acts of resistance like the Boston Tea Party to the "shot heard 'round the world," the American Revolutionary War stands as a symbol of freedom and democracy the world over for many people. But contrary to popular opinion, this was not just a simple battle for independence in which the American colonists waged a "David versus Goliath" fight to overthrow their British rulers. In over a dozen incisive pieces from leading historians, the American struggle for liberty and independence re-emerges instead as a part of larger skirmishes between Britain and Europe's global superpowers—Spain, France, and the Dutch Republic. Amid these ongoing conflicts, Britain's focus was often pulled away from the war in America as it fought to preserve its more lucrative colonial interests in the Caribbean and India. With fascinating sidebars throughout and over 110 full-color images featuring military portraiture, historical documents, plus campaign and territorial maps, this fuller picture of one of the first global struggles for power offers a completely new understanding of the American Revolution.

#1 NEW YORK TIMES BESTSELLER • "A great American success story . . . an endearing and well-written book."—The New York Times Book Review Colin Powell is the embodiment of the American dream. He was born in Harlem to immigrant parents from Jamaica. He knew the rough life of the streets. He overcame a barely average start at school. Then he joined the Army. The rest is history—Vietnam, the Pentagon, Panama, Desert Storm—but a history that until now has been known only on the surface. Here, for the first time, Colin Powell himself tells us how it happened, in a memoir distinguished by a heartfelt love of country and family, warm good humor, and a soldier's directness. *My American Journey* is the powerful story of a life well lived and well told. It is also a view from the mountaintop of the political landscape of America. At a time when Americans feel disenchanted with their leaders, General Powell's passionate views on family, personal responsibility, and, in his own words, "the greatness of America and the opportunities it offers" inspire hope and present a blueprint for the future. An utterly absorbing account, it is history with a vision.

[The American Journey](#) McGraw-Hill

Chronicles the story of two ordinary Americans, Wilber and Norma Bradt, during an extraordinary time, World War II. Offers insight on the historic conflict as it was fought by the U.S. Army in the Solomon Islands, New Guinea, and The Philippines and by a family

on the home front.

[The Second Line of Defense](#) Library of America

In the bestselling tradition of Bill Bryson and Tony Horwitz, Rinker Buck's *The Oregon Trail* is a major work of participatory history: an epic account of traveling the 2,000-mile length of the Oregon Trail the old-fashioned way, in a covered wagon with a team of mules—which hasn't been done in a century—that also tells the rich history of the trail, the people who made the migration, and its significance to the country. Spanning 2,000 miles and traversing six states from Missouri to the Pacific Ocean, the Oregon Trail is the route that made America. In the fifteen years before the Civil War, when 400,000 pioneers used it to emigrate West—historians still regard this as the largest land migration of all time—the trail united the coasts, doubled the size of the country, and laid the groundwork for the railroads. The trail years also solidified the American character: our plucky determination in the face of adversity, our impetuous cycle of financial bubbles and busts, the fractious clash of ethnic populations competing for the same jobs and space. Today, amazingly, the trail is all but forgotten. Rinker Buck is no stranger to grand adventures. The New Yorker described his first travel narrative, *Flight of Passage*, as "a funny, cocky gem of a book," and with *The Oregon Trail* he seeks to bring the most important road in American history back to life. At once a majestic American journey, a significant work of history, and a personal saga reminiscent of bestsellers by Bill Bryson and Cheryl Strayed, the book tells the story of Buck's 2,000-mile expedition across the plains with tremendous humor and heart. He was accompanied by three cantankerous mules, his boisterous brother, Nick, and an "incurably filthy" Jack Russell terrier named Olive Oyl. Along the way, Buck dodges thunderstorms in Nebraska, chases his runaway mules across miles of Wyoming plains, scouts more than five hundred miles of nearly vanished trail on foot, crosses the Rockies, makes desperate fifty-mile forced marches for water, and repairs so many broken wheels and axles that he nearly reinvents the art of wagon travel itself. Apart from charting his own geographical and emotional adventure, Buck introduces readers to the evangelists, shysters, natives, trailblazers, and everyday dreamers who were among the first of the pioneers to make the journey west. With a rare narrative power, a refreshing candor about his own weakness and mistakes, and an extremely attractive obsession for history and travel, *The Oregon Trail* draws readers into the journey of a lifetime.
